## Drug Reports.

### Canadian Market Report.

Business keeps well up to the mark. No special changes in values to note. Camphor and glycerine keep creeping up in price. On account of foreign brush factories having so much business, it is a question whether orders given this spring will be as promptly delivered as usual, and, we would advise, in order to be sure of stock, it would be well to order from stock a little more than usual to provide for such a contingency as non-delivery.

### Patriotic Post Cards.

We are in receipt of sample packages of assorted patriotic private post cards which have been published by W. J. Gage & Co., Ltd. Each card has a portrait of one of the leading Canadian officers now in South Africa. They are very pretty and are published both in khaki and white, and should prove an excellent selling line.

The *American Monthly Review of Reviews* for June is a well-illustrated number. The important news topics of the month are editorially treated in "The Progress of the World," the opening department. A character sketch of "James J. Hill, a Builder of the Northwest," is contributed by Mrs. Mary Harriman Severance, who outlines the remarkable career of the president of the Great Northern Railroad. Dr. Albert Shaw, the editor, writes from full knowledge on "Paris and the Exposition of 1900." Mr. Jacob A. Riis, author of "How the Other Half Lives," forecasts the work of the New York Tenement House Commission recently appointed by Governor Roosevelt. Mr. Cleveland Moffett writes on "Automobiles for the Average Man." Mr. Charles A. Conant describes the operation of the refunding law passed by Congress last March. There are also illustrated articles on summer camps for boys, the Passion Play at Oberammergau, and new fiction for summer reading.

J. Mason Adams, class 1900 O.C.P., has obtained a situation with D. E. Campbell, Victoria, B.C.
