WM. McCABE, Esq.,

MANAGING DIRECTOR,

NORTH AMERICAN LIFE.

DEAR SIR,—

In answer to your request for me to decide upon one of the following options offered me for settlement of my 15-Payment Life Investment Policy which has matured this year, viz. :—

1st, to take the value of the policy in cash,	\$5,003.00
2nd, or fully paid-up insurance for	8,280.00
3rd, or take the profits in cash	2,050.25

and continue my policy without further payments being required from me, such policy participating in future profits,

I find it somewhat difficult to make a decision, either of the three options being so satisfactory. I am certainly very much pleased with the results offered me, and as I find many others are giving full testimony to the profit-earning power of this—one of our own Canadian Companies, and a Toronto Company at that—I do not hesitate to give my endorsement as well, that the North American Life is one of our strongest Canadian Institutions to-day, giving first-class results on Investment Policies, on a safe and conservative basis. I find that my policy, which was originally a Life by 15 payments, has become an endowment at the end of the Investment period.
