

TABLE OF CONTENTS

11. That the SAGITS, based on their analyses of industrial costs and benefits of barrier removal, work with the inter-governmental task force to develop appropriate implementation plans; PAGE 2

12. That any agreement reached in U.S.-Canada trade negotiations include specific undertakings regarding the phasing and transitional measures involved in the implementation of interprovincial barrier removal; 13

13. That the Canadian trade negotiators obtain reciprocal non tariff barrier concessions from the U.S. in return for removal of interprovincial trade barriers in Canada; 27

14. That the process of barrier removal be initiated by first dismantling those barriers which are overlapping and outmoded as well as those that are merely compensating policies to offset the impact of natural barriers within the country. 31
