

6. Consideration shall be given to special and differential treatment to re-imports into a participating country of textile products which that country has exported to another participating country for processing and subsequent re-importation, in the light of the special nature of such trade without prejudice to the provisions of Article 3.

ARTICLE 7

The participating countries shall take steps to ensure, by the exchange of information including statistics on imports and exports when requested, and by other practical means, the effective operation of this Arrangement.

ARTICLE 8

1. The participating countries agree to avoid circumvention of this Arrangement by trans-shipment, re-routing, or action by non-participants. In particular, they agree on the measures provided for in this Article.
2. The participating countries agree to collaborate with a view to taking appropriate administrative action to avoid such circumvention. Should any participating country believe that the Arrangement is being circumvented and that no appropriate administrative measures are being applied to avoid such circumvention, that country should consult with the exporting country of origin and with other countries involved in the circumvention with a view to seeking promptly a mutually satisfactory solution. If such a solution is not reached the matter shall be referred to the Textiles Surveillance Body.
3. The participating countries agree that if resort is had to the measures envisaged in Articles 3 and 4, the participating importing country or countries concerned shall take steps to ensure that the participating country's exports against which such measures are taken shall not be restrained more severely than the exports of similar goods of any country not party to this Arrangement which are causing, or actually threatening, market disruption. The participating importing country or countries concerned will give sympathetic consideration to any representations from participating exporting countries to the effect that this principle is not being adhered to or that the operation of this Arrangement is frustrated by trade with countries not party to this Arrangement. If such trade is frustrating the operation of this Arrangement, the participating countries shall consider taking such actions as may be consistent with their law to prevent such frustration.
4. The participating countries concerned shall communicate to the Textiles Surveillance Body full details of any measures or arrangements taken under this Article or any disagreement and, when so requested, the Textiles Surveillance Body shall make reports or recommendations as appropriate.
