Prior to the enrichment of any nuclear material subject to this Agreement to twenty (20) percent or more in the isotope U 235 or to the reprocessing of any nuclear material subject to this Agreement, written consent of both Parties shall be obtained. Such consent shall describe the conditions under which the resultant plutonium or uranium enriched to twenty (20) percent or more may be stored and used. An agreement to facilitate the implementation of this provision may be established by the Parties.

 - (a) it is determined that it is no longer either usable or practicably recoverable for processing into a form usable for any nuclear activity relevant from the point of view of safeguards referred to in Article VII of this Agreement. Both Parties shall accept a determination made by the IAEA in accordance with the provisions for the termination of safeguards of the relevant safeguards agreement to which the IAEA is a party;
 - (b) it has been transferred to a third party in accordance with the provisions of Article V of this Agreement; or
 - (c) otherwise agreed between the Parties.
- (2) Material and equipment shall remain subject to this Agreement until:
