

July 24th 1922.

My dear Currie,

This is to introduce to you my very old friend and Parliamentary colleague, Mr. Neville Chamberlain, son of the late Mr. Joseph Chamberlain, who is spending a few weeks in Canada with Mrs. Chamberlain. I am sure you will be interested to meet him and I know you can give him the best advice as to what he should see and do in order to make the fullest use of his time in Canada.

yours sincerely,
