ARCHITECT'S DEPT. SPENT TOO FREELY

Another Charge Will Be Made When Judicial Probe is Opened.

RELIEF FOR WIDOWS

Mayor Hocken Mentioned Lakes Disaster at Board of Control Meeting.

The architect's department showed up badly yesterday in the board of control, and an additional specific charge in the proposed judicial investigation is likely. Commissioner Chisholm asked for an appropriation of \$65,000 to take up overdrafts on buildings erected under bylaws passed in 1910. The request joined the board. It was realized that officials of civic departments had made expenditures without sufficient authority, and that the architect's department had charge of the work.

"If a judicial investigation of the architect's department is ordered by council this matter should make one of the specific charges," Controller McCarthy declared.

"If we go on like this we might as well quit the job," Controller Foster said.

"We will have to get legislation to pay off the overdraft," Mayor Hocken said. He was much annoyed at the action of officials of civic departments in piling up a \$95,000 debt without keeping the board informed.

Commissioner Wilson asked for an additional appropriation of \$57,000 for expenses authorized. This will be dealt with next week.

Storm Relief Fund.

Rev. H. R. Horne, of the Mission to Sailors of Inland Waters, invited the board to the memorial service for the victims of this week's hurricane on the great lakes. The service is to be in Massey Hall on Sunday afternoon. The invitation was accepted.

Toronto will have to contribute to the fund that is being raised for the widows and orphans of those who went down in the storm," Mayor Hocken said to the board. "We will have to consider a one or two thousand contribution within the next few days."

Commissioner Harris recommended against further construction of civic car lines this year.

Because collection of back taxes is not as rapid as ordered, the board will have a conference with the collectors.

Commissioner Chisholm reported an abnormal number of inmates in the jail, among whom are too many lunatics.

LIQUOR CONFISCATED.

A large shipment of liquor, consigned to a person bearing the apostolic appellation of Simon Peter, has been seized by the provincial license officers, on its way to the north. The peculiarity of the directions on the shipment attracted the notice of a provincial officer, and his investigations showed spirits being carried into prohibited territory. He at once confiscated it.

NEGRO FOUND GUILTY OF SLAYING HIS RIVAL

William Campbell Sentenced to Death at Montreal for Murder of George Muir.

MONTREAL, Nov. 13.—(Can. Press).—William Campbell, the negro who wanted in Cincinnati, where the police think he committed several murders, was this morning in the court of king's bench found guilty of killing George Muir and sentenced to hang on Dec. 31.

Campbell appeared to have murdered Muir on Aug. 14 by cutting his throat with a razor. The two men had been out for a walk in the country. Muir's body was found in an old disused shed. The evidence that convicted Campbell was a straw hat spattered with blood, which had belonged to Muir and which the murderer had apparently taken in mistake for his own. He was wearing it when arrested.

Testimony was submitted by Lily Hubbard, who had fitted Campbell for Muir, showing that the negro had threatened to kill his successful rival.

SAFEGUARDING LIVES OF INFANT POPULATION

Big Convention at Washington to Study Many Problems of Child Mortality.

WASHINGTON, Nov. 13.—(Can. Press).—Delegates to the fourth annual convention of the American Association for the Study and Prevention of Infant Mortality, which convenes tomorrow, are arriving on every train coming into the capital today. Health officials, nurses and civic workers are among the early arrivals, and they hail from throughout the United States and Canada. The convention will be in session over Monday.

Discussions will be devoted solely to the problem of safeguarding the lives of the babies, especially those of the cities, where the death rate among the children is so heavy. The proper care of the child, its training and diet, especially the question of enforcing the laws governing the sale of pure milk, will be among the subjects taken up.

\$225 Niagara Falls and Return, \$2.70

Buffalo and Return, Saturday, November 15th.

The Toronto Bowling Club are running an excursion to Niagara Falls and Buffalo on Saturday, Nov. 15th. Tickets are good leaving Toronto on Grand Trunk 9:00 a.m. fast express and valid to return on regular trains up to and including Monday, Nov. 17, 1913. Remember the Grand Trunk Railway have the only double track line and make fast time.

Secure your tickets early at city ticket office, northwest corner King and Yonge streets, or at Toronto Bowling Club, 472 Bathurst street.

DEATH OF JOSEPH STRATFORD.

Pioneer Resident of Brantford Passed Away Yesterday.

BRANTFORD, Nov. 13.—(Special).—Joseph Stratford, a pioneer resident of Brantford, passed away suddenly here early this morning from heart failure. For 20 years he was the manager of the Brantford hospital, bequeathed to this city by his brother, John H. Stratford. He was organizer of the Farmers' Binder Twine Co. and an active leader in the interests of the Patrons of Industry. He leaves a widow and eight sons and two daughters.

CAMROSE SEEKS NATURAL GAS.

CAMROSE, Alta., Nov. 13.—It is reported here today that an outfit drilling for natural gas passed thru a fifteen foot seam of splendid coal. The find is made at a depth of four hundred feet. At present the drilling has reached a depth of five hundred feet. The contract calls for a depth of fifteen hundred, at which it is expected natural gas will be struck.

SOON START NEW CUSTOMS HOUSE

Government Has Leased East Front Street Buildings for Temporary Quarters.

Preparations are now being made for the building of the new customs house. The first move has just been made by the government, who have secured a lease on Nos. 3 and 5 East Front street. It is intended that this building be used for clearing house purposes, to relieve the Esplanade buildings, where accommodation will be had for the customs house employees, who are now at Front and York streets. Work on the tearing down of the old structure at Front and Yonge sts. will probably be started at once, as the government have just taken up an option they hold on the Front street property. It is understood that the lease for the two buildings is at \$10,000 a year and taxes and is to run for five years.

BUSINESS IN THE WEST.

Editor World: In The World this morning appeared an editorial under the heading, "We've All Got to Take Some of It." You remark that a certain syndicated letter in United States papers "knocks" Canada on various counts. I haven't seen the letter, but assume it is of the regular type and that it need not be seriously considered. You take it easily enough, and I can see you sitting back coming in your chair the while you are pulling down your vest into its proper place—the said vest no doubt having the habit as have other vests that have relations with a well-filled bread basket of getting as near your collar as is possible, and then inscribing those comforting words about the condition of business in all eastern Canada. "Nothing about the west of that sort. It is true you say 'the west will soon take a fresh lease.' You appear to be under the impression that the old lease of good times has run out—expired. Forget it.

Let me give you a few figures for your comfort when considering the state of business in the west. Bank clearings for the week ending Thursday, 6th inst.:

Montreal	\$60,945,779
Toronto	49,056,388
Winnipeg	53,773,358

To show that the old lease of good times has not expired I might add that Winnipeg's increase over its own business during the same week last year is about \$6,000,000.

Winnipeg is not the only place on the western map. Consider Vancouver with bank clearings exceeding those of Ottawa, Hamilton and Quebec, or Calgary—the newest city of the plains—with clearings equal to Hamilton, Ont., and Halifax, N.S. or Edmonton leading Ottawa in the same particular.

I notice in an evening paper that Toronto's building permits amount to about \$25,000,000. Winnipeg's figure is about \$20,000,000, and Toronto has a population of about 450,000; Winnipeg of about 200,000 to 215,000.

Now, just one more fact. I have been lending money in Winnipeg for one of your Toronto companies for the past eleven years. In that time this company has not lost one dollar and we shall wind up this year with not one dollar in arrear on our city business.

I must add one more fact. About one hundred million bushels of grain has passed thru Winnipeg this fall, and our receipts far exceed those of Chicago, Minneapolis and Duluth combined. In short, Winnipeg has become the greatest shipping wheat market in the world.

Therefore, Mr. Editor, I ask that you take comfort, wipe those tears away and for heaven's sake show that hammer of yours under your belt.

Toronto, Nov. 12, 1913.

DEATH TOLL GROWING IN EARTHQUAKE BELT

LIMA, Peru, Nov. 13.—(Can. Press).—Further official reports from the Peruvian government received today, state that 250 bodies have been taken from the ruins of the city of Challhuac, which was destroyed by the recent earthquake.

JAPAN TO PARTICIPATE IN PROBLEMS OF WEST

Sending of Cruiser to Mexican Waters Significant of New Policy.

TOKIO, Nov. 13.—(Can. Press).—The Japanese foreign minister, Baron Nomura, today conferred with Premier Count Gombel Yamamoto of the Mexican situation and the despatch of the cruiser Isumo to Mexican waters, which has attracted much attention, and is regarded as signalling the participation of Japan in the political problems of the west.

The Isumo sails about Nov. 20 for

RAISE MILLIONS FOR Y. M. C. A. IN NEW YORK

NEW YORK, Nov. 13.—(Can. Press).—The volunteer committee of one thousand engaged in a two weeks' campaign for \$4,000,000 for the Y. M. C. A. and Y. W. C. A. today announced contributions amounting to \$94,747. The total contributed for the first four days of the campaign is \$2,275,534.

The largest single contributor today was W. L. Dodge with \$25,000. There were several contributions of four and five thousand dollars each.

HENSLEY OF MISSOURI WANTS "NAVAL HOLIDAY"

WASHINGTON, Nov. 13.—(Can. Press).—That the United States should join the naval holiday proposed by Winston Churchill, British lord of the admiralty, was urged in the house today by Representative Hensley, Democrat, of Missouri, who asked immediate action on his resolution to compel the United States government to the plan in the interests of universal peace.

EIGHT HUNDRED AT BANQUET.

PETERBORO, Nov. 13.—(Special).—Splendid success attended the meetings held today in the interests of the Laymen's Missionary Movement, and nearly 800 men gave their attendance to a banquet held in the market hall

POLICE AND PIRATES WAGE BLOODY BATTLE

NEW YORK, Nov. 13.—(Can. Press).—A miniature naval battle was fought under the shadow of Brooklyn Bridge, just after midnight this morning when detectives, concealed aboard barges and policemen in launches exchanged shots with armed river pirates. Four detectives were injured but three pirates were captured and three motorboats loaded with stolen coffee were recovered.

The average watch is composed of 175 different pieces.

Here's Good
Advice to All:
**EAT MORE
BREAD**

BREAD is a great
bone, brawn and
brain builder. For thou-
sands of years it has been
the chief food of the most
progressive nations of the world.

Eat More Bread

If everybody would eat more bread and less meat and other heavy foods, everybody would be better off physically and mentally. The cost of living would also be materially reduced.

Eat More Bread

Good bread is the easiest-to-digest food—the most nourishing, wholesome and satisfying—and the best bread, the lightest, tenderest and tastiest bread, is always made with

FLEISCHMANN'S YEAST.

Eat that kind.

Everybody Should Eat More Bread
