### SOUTH LANARK AND MACDONALD SAFELY IN CONSERVATIVE FOLD HANNA PRESSED BY BALDERSON

Faction Fight in Lanark Re- sulted in Regular Nomi- nee's Return by 135, While Hawkes Polled Only 70 Votes—Balloting Was Fair- ly Heavily.

PERTH, Dec. 14.—(Can. Press).—Dr. A. E. Hanna, of Perth, was elected Saturday to represent the riding of South Lanark in the Dominion house of commons. The fight was a three- cornered one, Col. J. M. Balderston, Perth, an independent Conservative, and Arthur Hawkes, of Toronto, "Ca- nada First," entering the contest with the nominee of the Conservative As- sociation. Dr. Hanna ran 135 votes ahead of Col. Balderston. Mr. Hawkes only received 70 votes in the whole riding and loses his deposit.

The vote by townships was:

Township	Hanna	Balderston	Hawkes
Bathurst	239	206	7
Beckwith	114	146	12
North Burgess	91	36	3
Drummond	212	204	3
North Elmsley	113	74	4
Montagu	140	219	1
Perth	356	242	9
South Sherbrooke	73	88	5
Smith's Falls	504	542	19
Totals	1907	1772	70

Fairly Heavy Vote. The total vote polled yesterday was 3749 out of a possible 4685, which is considerably larger than at the last general election, when it was 3300, the Liberal candidate at that time losing his deposit. The riding has been Conservative since Confederation. Hon. John Hagart representing it from 1872 until the time of his death, early in the summer of this year. Hon. Alex. Morris represented it from 1867 until his death in 1872.

Morrison Elected in Mani- toba Constituency by In- creased Majority, Vote Polled Being Larger—One Man Arrested Charged With Per- jury—Election Quiet.

(Special to The Toronto World). WINNIPEG, Dec. 14.—Alexander Morrison (Conservative) was re-elected in Macdonald on Saturday by a majority of nearly 200 in excess of that by which he was returned a year ago. With only one small poll to hear from, Mr. Morrison has a lead of 211 over Dr. A. W. Myles, the eleventh-hour Liberal candidate, who is understood to have entered the field at the behest of Sir Wilfrid Laurier and Hon. Frank Oliver. During the campaign just closed, Hon. Robert Rogers made repeated use of the assertion that the Liberals had failed to offer proof of a single case wherein Mr. Morrison's work- ers had been guilty of corruption, and emphasized that the judicial decision annulling the election was based on a minor technicality. He also asserted that his political opponents in nominating Dr. Myles had been guilty of a breach of faith, declaring that there had been a clear understanding that the riding would not be con- tested.

Little interest was taken in the result, it having been conceded that Dr. Myles had no chance to be returned a winner, but the size of the majority given Morrison is hailed with keen satisfaction by Conservatives. In the previous election R. L. Richardson, proprietor of The Winnipeg Free Press, ran as an independ- ent Liberal and was defeated by 734. A heavier vote was polled than at the previous election, when Mr. Morrison was elected and later unseated on petition. Several polls in the Winnipeg suburbs ran up the increased majority, showing an advance of 186 over the former ma- jority they gave the Conservative candi- date. Walter Burnside was arrested in St. James, charged with perjury, as a result from this incident the election was quiet.

#### Left Millions to Hospital

LONDON, Dec. 14.—(Can. Press).—It is announced that under the will of the late Sir Julius Charles Wernher, who was a member of the firm of Wernher, Beit and Co., dia- mond merchants, King Ed- ward's Hospital fund will soon receive £1,225,000 and an ad- ditional \$1,000,000 later.

### SPANISH PRIESTS WERE ROBBED BY REBELS

Villa's Troops Plundered Free- ly at Chihuahua and De- manded Exorbitant Sums From Priests and Nuns, Say Spaniards Banished From Mexico—Protest to Wash- ington.

EL PASO, Tex., Dec. 13.—(Can. Press).—Stories of wholesale looting by Gen. Francisco Villa's rebel army on its entrance into Chihuahua, of the despoiling of church treasures, of the robbery of Spanish priests and nuns, of the confiscation of property and de- mands for exorbitant sums of money, were brought here today with the ar- rival of 478 citizens of Spain, who had been banished from Mexico by the rebels.

Eighteen Catholic priests and nuns of Spanish origin were among the refugees. They joined with the other exiled Spaniards in sending to the Spanish ambassador at Washington and to the minister of foreign relations at Madrid a protest against what they asserted was an outrage of their rights.

The priests said Villa had demanded \$5,000 from each of them, and after they had given all they possessed, Villa's army looted the cathedral and churches and convent of all the gold and jewelled chalices and sacred vestments. One priest said he paid the rebels \$25, which was all he had; another said he gave \$150, and the nuns gave all but their personal be- longings.

Vouched for by Priests. Among the priests who vouched for the story of church looting were Father Superior Jose Morales of the Community of the Holy Family, Father Manuel de Francisco and the Mother Superior of a sister of the order of the Virgin Mary. Other Spaniards reported that in addition to threatening them with

(Special to The Toronto World). GODERICH, Ont., Dec. 14.—A com- prehensive finding was returned Saturday a terton by the coroner's jury investigating the death of Thomas Stone and other seamen whose bodies came ashore after the great storm of Nov. 9. The document lays stress up- on the fact that information in the possession of the meteorological office at Toronto on the night of Nov. 8, in- dicated the approach of a storm of unusual velocity, was not sent out as a warning to mariners, and continues: "Considering the appalling loss of life and property on that occasion, and that Goderich is nominally a har- bor of refuge, and the only available harbor as such on the east side of the lake, to which vessels can have re- course in stress of weather, and that if completed and equipped as a harbor of refuge—as all such harbors are in American ports—some of the said ves- sels might have found safety in it.

Counting the vast amount of lake traffic along this part of Lake Huron, and that Goderich is the second largest grain-receiving port on the upper lakes, and considering all the circum- stances appearing before us, we strongly recommend that the government should, without delay, and at any cost, complete and equip Goderich as a real harbor of refuge, first, by fully com- pleting the breakwall now begun, second, by installing up-to-date lights and a fog signal at the entrance of the breakwall; third, by equipping the necessary depth of the outside break- wall by low breakwall so that ships may have some sea room after the stress of entering to manoeuvre and steady themselves before trying to enter the pier.

No Real Harbor. "Without these necessary additions Goderich harbor will, notwithstanding the expenditure on it already made as a harbor of refuge, continue to be no real harbor of refuge affording neces- sary shelter to shipping, while it is shown by the evidence of most ex- perience that, as a harbor of refuge, Goderich will be a harbor avail- able for shipping in any ordinary heavy weather from which vessels are ac- customed to seek shelter.

Wireless Equipment. "We regret that it is so difficult to had there been wireless telegraph equip- ment on the vessels and on land, in- cluding the heights of Goderich, this being the highest point on this shore of Lake Huron, news of the approach- ing storm, known to the weather bureau at 10.30 p.m. on Nov. 8, could, according to the evidence, have been sent to vessels, whether on lake or in harbor, and enabled them to have either remained in harbor or sought shelter in time to save them from destruction, with the accompanying and most lamentable loss of life.

"We would recommend that the government be asked to issue a com- mission of enquiry to include the above matters, also the questions of construction, power, equipment, in- spection, loading, manning and life- saving appliances of lake freighters.

Means of Identification. "We regret that it is so difficult in disasters of this nature to identify the bodies of the lost, and we recommend that a more efficient and stringent method be adopted by vessel owners to keep a proper list of all persons on vessels."

The witnesses were Capt. Reg. Bussell (recalled), Capt. F. D. McCarthy of the Turret Cape, Capt. Ed. Robinson of the G. R. Crowe, Capt. Frank Johnston of the S. N. Parent, and C. L. Parsons, superintendent of the Goderich Elevator Company (recalled).

The master mariners recommended the further extension of the outside break waters at Goderich harbor, the dredging of the inner basin, the im- provement of lights and the proper placing of a modern fog whistle. With the improvements suggested, Goderich harbor, they said, would be a good and useful one. Superintendent Par- sons said that eleven million bushels of grain were transhipped at this har- bor last season, beating the record of any other grain receiving port on the upper lakes, except Titus.

### REBELS DEFEATED ABANDON SIEGE OF TAMPICO

Eight Hundred Insurrectos Re- ported Dead as Result of Heavy Federal Bombard- ment—Rebels Withdrew in Good Order With Com- manded Locomotives

MEXICO CITY, Dec. 14.—(Can. Press).—The rebels have fallen in their attack on Tampico and have with- drawn some distance from the city.

Unofficial messages reaching here today fully corroborate the war office report of the rebel defeat yesterday as a result of a heavy and sustained bombardment by two federal gunboats and federal field artillery. They do not, however, bear out the idea of a rout.

In possession of the railroad yards through the battle, the rebels, when they were driven off, remained suffi- ciently cool in the face of the furious fire to take away with them every locomotive and most of the rolling stock.

That the rebel loss was very great is also emphasized in these advices, which add that the buzzards which in- habit the Mexican coast and which for generations have been protected by law, floated today over the battle- fields in numbers so great as to pre- sent the appearance of low lying black clouds.

According to the federal report eight hundred rebels were killed before they could get out of range, and this would mean many other hundreds wounded and probably left behind.

The police were communicated with and are endeavoring to locate the culprits.

### VANDALS BROKE ALL FURNITURE

Entered Dundas Street Office and Demolished Every- thing in Sight, But Stole Nothing.

Seemingly with no other intention than that of destroying as much of the fine office furnishings as they could, unknown marauders broke into the offices of the General Fire Ex- tinguisher Company at 1200 Dundas street between 5 and 6 o'clock Sunday morn- ing.

Gaining entrance thru a cellar win- dow, the vandals made their way up- stairs where they proceeded to pry open the desks, either destroy or scatter their contents over the floor, and smash up anything break- able they happened to run across. A cheque for \$50 which Manager Ander- son had left lying on his desk was gone when the burglary was discover- ed, but a number of valuable appli- ances which were in the office were left untouched.

The police were communicated with and are endeavoring to locate the culprits.

### OPENING SERVICE WAS DELAYED BY FIRE

Simpson Ave. Methodist Sun- day School, Completed Sat- urday, Took Fire Sunday Morning and Interior Was Damaged So Badly That It Will Have to Be Rebuilt.

On the eve of the dedication service for its opening, the new \$42,000 Sun- day school of Simpson Avenue Metho- dist Church was gutted by fire which did damage to the extent of \$10,000 at 2.30 Sunday morning. The Sunday school building was the second largest in the city, and but for a fireproof wall between the main church building and the annex the whole of the church building would have been destroyed.

The insurance it is believed, will cover the loss. Commencing in the basement, and thought to have been due to defective electric wiring, the fire worked up thru the floor and destroyed all the fine

### INDIA IS ON VERGE OF REVOLT AS RESULT OF HOSTILE STAND OF CANADA AND SOUTH AFRICA

Governments of Britain and India Realize That "White Man's Country" Attitude of Dominions Has Fanned Flame to Dangerous Extent—Solution Difficult.

LONDON, Dec. 14.—(Can. Press).—The British and Indian Governments are very seriously concerned over recent occurrences in South Africa aris- ing out of what the East Indians con- sider discriminatory legislation against them. An effort is being made to mi- nimize the seriousness of the situation which was accompanied by a general strike of thousands of East Indians in Natal, and riots in which several were killed. The influence of the government has been sufficient to induce the press of the country to print no- thing but favorable news and com- ments, while a very careful supervision of news in regard to the suppression of disturbances in South Africa is made before its appearance in the Indian papers. Canadian Presbyterians are to be asked to build and maintain a theo- logical seminary at Indore, Central India. An appeal for \$25,000 as the coming year's contribution to the project will be immediately issued by the foreign mission committee.

The seminary is expected to be an important factor in the development of a numerically and educationally strong native ministry.

It is believed that the white mis- sionaries in India will be able in due course to man the mission fields to a very large extent with trained con- verts. The same method is being tried in China and Formosa.

### NAVAL HOLIDAY IDEA IS GAINING

U. S. Proposal Received in Germany With Consider- able More Favor Than That of Churchill.

BERLIN, Dec. 14.—(Can. Press).—The large majority by which the "naval holiday" resolution passed the American house of representatives has attracted interest and favorable com- ment from peace lovers in Germany, and the attitude of the United States on the proposal that international naval construction be discontinued for one year is regarded as one of possible far-reaching influence.

U-like the proposals to this end put forward by Great Britain, the sugges-

tion from a neutral nation to discon- tinue the building of battleships for twelve months would be open to no suspicion of hostile intent. Addressed to all nations, it would avoid one of the main objections to the British plan, which is that neither Great Britain and Germany nor any other two na- tions can afford to stop building bat- tleships if other countries continue their naval program.

No "Jokers" Possible. It need contain no "jokers," such as the exception allowing England to build battleships for Mediterranean service and to accept three Canadian battleships or their equivalent while other nations were observing the naval truce. The American proposal, if made, should be worded so closely as to leave no room for evasion by di- verting funds saved on battleships to the construction of cruisers, torpedo boats, submarines or alrships or by providing for accelerated construction in following years.

### REWARD OFFERED FOR YOUNG GIRL

Countrymen of Anna Jojimen Will Pay \$500 for Recov- ery Following Her Sus- pected Abduction.

Two hundred members of the Swed- ish societies, indignant at the disap- pearance of Anna Jojimen, a young Swedish domestic who was abducted while walking north along Spadina avenue, in the vicinity of Bloor street, met last evening and decided to offer a reward of \$500, which will be given to the person who can offer information leading to the discovery of the young woman's whereabouts. The alleged abduction took place on Dec. 4 at about 11 o'clock in the evening, just after the missing girl and a girl friend had parted after getting off a Bloor car at the corner of Spadina and Bloor. The girl was on her way to Annesley Hall, the Victoria College ladies' residence, where she was employed, and it is sus- pected that some unknown persons have spirited her away.
