The Standard Seemed the Most Common Sense
Dryer, and We Made No Mistake in Our Choice.

BRANTFORD, Ont., April 4, 1900.

THE STANDARD DRY KILN CO., Indianapolis, Ind.
GENTLEMEN:—Having had for the last twenty years considerable experience with Dry Kilns—Hot Blast and others—without getting the desired results, last spring there being no dry lumber to be had, especially in hardwoods, this compelled us to take up the question of more drying capacity. After very careful consideration The Standard seemed the most common sense dryer in the market, and we are more than pleased to say that we made no mistake in the choice. We have had the best of satisfaction from exhaust steam only, not requiring to use any live steam. If we were adding another kiln, we would certainly put in another of your make. It is a great saving on stock; it comes out in splendid shape. Yours truly,
THE SCHULTZ BROS. Co., Ltd.

THE STANDARD is the highest type of development of
the Moist Air System of Drying. Hundreds of users
in all parts of the world say THE STANDARD has absolutely no equal.
