

# Do You Lack Steam? We Can Help You

## THE CANADIAN HOLLOW BLAST GRATE

A new and novel application of a principle centuries old. Step into the nearest blacksmith shop and see it in operation on a small scale.

The Hollow Blast Grate supplies the furnace fire with a blast of hot air sufficient at all times to insure the rapid and perfect combustion of fuel of every sort.

It is the only appliance that steams successfully with green or wet sawdust, tanbark or other refuse and waste.

It alone has solved the problem of steaming with the fine, compact dust of the band mill.

Regardless of the character of your fuel, we can greatly increase the volume of steam generated in your boilers.

IT COSTS YOU NOTHING TO TRY THEM

WE GUARANTEE SATISFACTION OR NO CHARGE

### HUNDREDS OF TESTIMONIALS LIKE THE FOLLOWING:

"Your Hollow Blast Grates have given entire satisfaction. They give us all the steam we want and effect a great saving in valuable fuel. We cannot recommend them too highly." MICHIGAN STAVE & BARREL CO., LANSING, MICH.

"Their work is simply marvellous. They saved us the expense of an additional boiler." DETROIT HOOP & STAVE CO.

"After nearly two years trial of your Hollow Blast Grates under 20 of our boilers we have experienced perfectly satisfactory results. We do not think any person or firm who lack steam can afford to be without them." W. T. YOUNG & CO., Steam Gang Saw Mill, CINCINNATI, IA.

"We are greatly pleased with your Grates. We can make all the steam we require, no matter how wet our fuel is. For burning sawdust they are unequalled." STEINHOFF & GORDON, WALLACETOWN, ONT.

"I do not consider a saw mill complete without Blast Grates. AARON GORDON, DRESDEN, ONT.

"I put in a set of your Grates a year ago, and they pleased me beyond expectation. I spent hundreds of dollars in various contrivances to burn elm sawdust, but without success. I now burn all my dust, I can keep up better steam pressure than I could before with dry wood." C. E. NAVLOR, ESSEX, ONT.
