Firemen's Pension Fund By-law Considered by Board of Control.

BEING RUSHED THROUGH

Men's Committee Objects to Clause Requiring Permission to Resign.

The long-awaited bylaw to govern the firemen's benefit fund was taken up by the board of control yesterday. Capt. Fox of Bay street firehall, chairman of the men's committee, and William Slight, also of that committee, were present. They pointed out that the bylaw had been submitted to the members of the committee, and all the clauses had been approved, with one exception. The men objected to being forced to obtain the consent of the board of control to resign after 30 years' service.
"That clause will have to stand," said Controller Maguire. "It is possible for a man, 50 years old and in the best of physical condition, to retire on a large pension if we do not keep that clause in."
The bylaw, as drafted by the city solicitor, embodies the recommendations made by the finance commission some time ago. Provision is made for a committee of five to administer the fund, consisting of the controller, the finance commissioner, the city solicitor, the fire chief and a representative of the men, to be elected annually. Limited benefits, as recommended in Mr. Bradshaw's

VARSAVIA SUPPLEMENT

Yearly Magazine Published by Toronto University Students is Wonderful Publication This Year.
The yearly supplement to the "Varsity" magazine came to hand yesterday and is one of the most wonderful student publications ever issued. To call it a "student" publication seems entirely wrong, one should rather call it a patriot's number for the long lists of university men who have responded to the call to duty, and the list of those who have given up their lives in the service of the empire shows plainly that the students of Toronto University were trained not only for peace prosperity, but for whatever might fall to their lot in the world. And right nobly have those thousands come up to the standard of their Alma Mater!

The book is a 185-page magazine. Articles with pictures on the Balfour Convocation, the Connaught Laboratories, the Red Cross Society, the "Varsity Girl's" summer work and the Secours National, as well as short messages from the president, and Sir Robert Borden, are part of the contents. Each affiliated college or faculty is given space and due credit for its achievements. Even other universities are given a write up. The book was got out by the Students' Administrative Council.
VACANT LOT CULTIVATION.
An illustrated lantern lecture was given under the auspices of the Mount Dennis Progressive Association at the home of J. Jordan, Roselands, on "Vacant Lots Cultivation" by Prof. Baldwin. Short speeches were made by the president, Mr. Horie, and the vice-president, J. Jordan, and Mr. Cornish. A prize is to be given for the best garden cultivated during the coming season.

NURSE IN CASUALTIES.

Among the casualties listed yesterday appears the name of Nursing Sister Lena Davies. Miss Davis went overseas three years ago, after taking a course in nursing in Toronto. The contract fever at Salonika, and she never recovered. Her sister, Miss Emily Davies, is a teacher in the Earlscourt School, and both girls lived with a cousin, Miss Sumner, at 844 Clinton street.

A call to Second United Presbyterian Church of Washington, D.C., has been issued by Rev. Alexander MacLurg, of Cowan Avenue Presbyterian Church. Mr. MacLurg has not yet received official notification of the call, and so cannot say whether or not he will accept.
