istically feminine.

# THE TORONTO WORLD

the feminine mental and femin pritual it is well to make much of the beautiful physical, but the mental and spiritual when once colored by a de-veloped femininity, are to be the saviours of women and of the race. It is so hard—so hard for the inknowledge is as yet in the crudest and most incomplete state. Those who alone can really know, dividual woman to determine just what is and what is not reminine in women themselves, have given but little testimony. But the time comes, when woman shall be nearer a free and her make up-what sne believes to be instinct may be of no account. Characteristics that she may believe full-developed life. The all-controling principle of this, her new life, shall femininity-differentiation from-and to be instinctive and trustworthy may

have had their origin in some of her immediate forebears. Her mothers may essence, fragrance, have passed along to her tendencies that were artificiany and falsely given aroma and nchness is to them. in the bottles of Con-Let her try to discard each and what either one person or many can do, but by trying and no means by which any one else can discover for them what it is for their happiness to

sence of femininity. It is this vague power that whil color all her human is a really worthy wine -superb to the palate, experience: it is this that will de-termine her highest viewpoint, and invaluable for invalids. cerein lies her greatest strength.

to do by simply giving their nature free play. Here lies hope and safe-This sex strength is as yet undeguard for the woman who dares to veloped. It is to be valued and cultitake her life into her own hands and vated as the highest factor in one's D. O. ROBLIN of TORONTO personality. To ever strive forward towards further development, towards fight it out to the end. For the mod-If femininity is not the definite and tangible quality and quantity that greater spiritual power, must entail the cultivation in us of what is most tints, suitable for evening wear, at 75c our forebears believed, then we are at a loss for a starting point. It does seem as if the woman of the present day was at sea—but then she exquisite-of what is most fen a yard. Handsome embroidered linen and mull or of what is most masculine as the

case may be that of a woman or of a man. In the realm of the mental and spinitual, there must be a sex-differentiation, even more marked than in the physical world. The nurturing of our highest feminine will surely carry us to heretofore unthought of mental and spiritual heights. It will lead us nearer to that "wondrous something that realizes without argument, frequently without what is called education.

There are many means to be em-ployed in the development of what may be called the femininity of one's personality. Each and all of them deserve a separate chapter. There are some such striking advantages and pportunities in a woman's life that they bear enumerating. Paradoxi cally, the lack of these very favors

may we hope to be very woman of To be born in a free country-to oreathe

an atmosphere of individual liberty—is to be encouraged to fight on toward the goal of one's highest de-velopment. So, to be born in Canada, where men and women are unafraid to attack the toughest problems, is to be marvelously favored. To help main-tain fearless justice, will aid mightily

in one's personal evolution. To take advantage of the best pos-sible education, is to benefit the fem-inine self. Education in its broadest sense is here meant. The pioneer woman of the far north has some means of mental development in this Do-minion, as well as the specialized professional woman. To be a wife, if two natures hap-

pen to will it so, is a great factor-and as this happens in the majority of lives-it is of vast importance.

grapes ed Thru City. Altho Commissioner Coombes is out of Warre & Co. the city, The World was informed by Oporto officers at the Salvation Army Temple Portugal that in the near future there would be

established in Toronto by the Army an anti-suicide bureau as a branch of the one now working in Philadelphia. The work is general and it is the in-Established 1670 tention of the organization to establish branches all over the United States and Canada. A branch will be opened in New York within the next few days. The anti-suicide bureau is the latest The anti-suicide bureau is the latest work in which the Salvation Army bas engaged, and its purpose is to bring into consultation and succor if possible any persons bent upon ending their own

costume lengths, from \$15 to \$30. Scotch ginghams, French percales and madras in beautiful shades and new an anti-suicide bureau, and within two weeks it had saved from self-destruc-weeks it had saved from self-destruction more than twenty men and women who had declared their intention of end-ing their lives. Now prominent allenists and surgeons have joined hands with the Army in the work, and it is expected to be more effective than eve: The success of the work in Philadelphia Detroit, Febk. 25 .- John Donovan, 74 is such as to warrant a trial in a larger

The surprising part of the work in Philadelphia was the large number of applicants for relief from the idea that self-destruction was all that the world held for them.

Not only poor, sick, lonely and desti-tute men and women have visited the bureau, but men and women from all walks of life, many of them wealthy.

the switch and were thrown from the Mothers who have daughters just on the critical borderland over which the rails. Passengers complain that this was the girl passes into the fuller life of womanhood, will find Bileans a great boon. They make rich, red blood, and tonto, and that the train should not have been despatched until the track was cleared. The fact was known to strengthen and invigorate the internal organs involved in the great change. Mrs. T. Beadle of Home Place, Toseveral rassengers on the train be-fore leaving the Union Station, and they say the train might well have ronto, says: "My daughter Elsie (13) was feeling far from we'd this winter. She complained of frequent headache and was always weakly, tired, and been delayed in Toronto until the way vas cleared.
