to be committed on the testimony of an accomplice. The evidence of

Pare, he said, contained 37 flagrant contradictions, both by his own testi-

mony and that of others, that is: When he tells two different stories as

to how he secured the combination on Aug. 5. Again, Pare swears that

he used the combination of 40, 60, 80 and 40 and 42. Further, that the

only set of figures that would open the combination were 53, 73, 93, and

53 to 55. The true combination is proven to be 39, 66, 80, 43. Pare swears that the combination he used would not open the safe. How did he get

it open? Mr. Porter argues that he has not told the method, and

wants to implicate Ponton. Also, the evidence offered as corroborative of Pare's story, viz., as to the \$10,000 in bonds, Mr. Porter showed had
