THE EVENING TIMES, ST. JOHN, N. B., SATURDAY, OCTOBER 12, 1907.

When your head feels like to split, and a film comes over your eyes that blots out the things you look at, take Mother Seigel's Syrup. Your headache is due to biliousness with very likely constipation, and this great medicine cures both because it restores stomach, liver and bowels to proper activity.

MOTHER SYRUP

"I had pains that nearly took my breath away after every meal, and frequent headaches. I was nervous, weak and sallow, and became so disheartened that I often wished I was dead. But thanks to Mother Seigel's Syrup and Pills all that is gone, and I am gaining weight and strength

HEADACHE In World of Sport ANNUAL MEETING OF BORDEN CLUB

Resolution Adopted Call-GAMES TODAY ing for Purity in Elections

macs vs LaTours the Bill on and Robert Maxwell M. P. P. the Shamrock Grounds This -Officers Elected for Ensuing Year.

"When Indian meets Greek,
Then comes the tug of war."
This variation of the popular quotation may well be applied to the football match on the Victoria grounds this afternoon when the champion Marathons will meet the aspiring Algonquins for the first time. Both teams are in the pink of condition and a grand game is expected. The Indians realize that the loss of the game means almost the relinquishing of hopes for the championship and will do their best to win.

The Marathons with such an excellent record can not figure out how they can interested and a grand game is expected to be fast, the followers of the griding special to have a busy day.

On the Shamrock grounds in the Intermediate League series, the Victorias will clash with the Curries and the Michamacs will go against the La Tours. The grounds were lined off last evening and it is hoped this will do away with all chances of dispute over games.

In the junior league, High School and Rothesay will meet on the college grounds. These teams have met twice this season but both games were ties.

With four games, all expected to be fast, the followers of the griding sport are expected to have a busy day.

On the Shamrock grounds in the Intermediate League series, the Victorias will clash with the Curries and the Michamacs will go against the La Tours. The den Club was held in White's restaurant last evening. The officers and executive for the ensuing year were elected and Dr. J. W. Daniel, M. P., and R. Maxwell, M. P. P., delivered interesting addresses, dealing with the dominion and provincial political issues of the day.

N. P. MacLeod, the retiring president, occupied the chair and there was a good attendance. The election of officers resulted as follows: N. P. MacLeod, president of the Philadelphia and Reading Railroad, and P. Philadelphia and Reading Railroad, and P. P., delivered interesting addresses, bearing addresses.

With four games, all expected to be fast, the followers of the griding sport and the will do their bearing addresses.

With four games, sulted as follows: N. P. MacLeod, president; Homer, D. Forbes, 1st vice-president; Homer, D. Forbes, Ist vic

THE RING

What he did say was that with 250, 900,000 tons of coal at Minto; according to the estimate of Prof. Shaler, if the commissioners could get it out the question of selling the road need never be raised. Out of that, the editor of the Sun, or

cup was received today, but the contents of the reply will not be divulged until afwas coming rapidly to the front. , Re solutions endorsing the principle had been adopted in Manitoba, British Columbia ter the meeting of the yacht club, which is tomorrow afternoon. and elsewhere. He would not be at all surprised to find the Liberals stealing that plank as they had done others in the past, and Dr. Pugsley proving one of its Dr. Daniel also dealt at some length with civil service reform, comparing corruption and graft in Canada today with similar conditions in England before drassimilar conditions in England before dissipations were instituted.

Mr. Maxwell followed in an able address on provincial politics. He referred to the province as being governed by remnants

of a government that came into power twenty years ago, but which had fallen into such discredit that none of the men who had been its active supporters and friends would now accept the important friends would now accept the important portfolio of Attorney-General.

Taking up local issues, Mr. Maxwell said he was glad Dr. Daniel had not said the Central was a first class railway. The editor of the Sun had condemned him (the speaker) for making statements about the Central on the ground that he had never seen it. In spite of a correction the Sun had reiterated the charge and, weighed with what Dr. Daniel had told them, they would be able to guage the truthfulness of the Sun under its present management. the Sun under its present management.

Mr. Maxwell proceeded to review in detail the auditor-general's report, showing a surplus of \$8,000, and claimed that the opposition were able to prove a deficit of \$300,000.

He reviewed the financial transaction relating to the Central railway and show ed that by remitting the interest on the bonded indebtedness and the expense of the surveys from the com port, a fictitious surplus of \$2,990 had been obtained, whereas the road was costing the province \$32,350 a year to operate. The increased bonded indebtedness of the International railway, the proposed the matters were touched upon.

Hearty votes of thanks to the speakers brought the meeting to a close.
