BALDWIN FINDS
HARD TO SELECT
INQUIRY BOARD

Commission Must Be Impartial One
Widest Inquiry to Be Permitted—Men's Leader Gets Fascist Threat

LONDON, Aug. 15.—Premier Baldwin finds that he has set for himself a difficult task in choosing the personnel of the Royal Commission to investigate the coal situation and satisfy all parties to the coal mine dispute. The prospect seems that the names of those who are to make up the commission will not be known for another fortnight.

Yesterday Mr. Baldwin received the executive committee of the Miners' Federation at his office in Downing Street, and the whole mining situation again was discussed for a couple of hours, but without very satisfactory results. Not even an agreement was reached as to who is to be the chairman of the royal commission. There have been so many commissions which have investigated this question in the past which have failed to untangle the snarl that eight men are reluctant to serve again.

BALDWIN FIRM

A. J. Cook and Tom Smith, leaders of the miners, again yesterday pressed to have the Miners' Federation represented on the commission, but Mr. Baldwin remained firm in his refusal to permit this. He said the miners could have technical observers present and be represented by witnesses to elucidate facts, as in ordinary court.

WIDE INQUIRY.

Mr. Baldwin said today that the rules of the commission would allow the widest inquiry into every aspect of the situation. In an interview yesterday he said that Mr. Cook's warning from the British Fascisti party, that he would have a Fascist party in the inquiry, was a serious and perhaps evil war.

RENTED GARAGE TO ASSIST IN HOLD-UP

Winnipeg Police Get Good Description of Men Suspected in Robbery.

Canadian Press.

WINNIPEG, Man., Aug. 15.—First trace of the bandits who yesterday slugged the assistant cashier of the Winnipeg Electric Railway into insensibility and escaped with an \$8,000 payroll was unearthed by the police last night with the recovery of the company motor car, which the gang of five men used in making their escape. Outside a private garage a few blocks from the scene of the hold-up, two men answering the description of two of the bandits rented the garage yesterday, apparently to hide the car used in making their escape.

Local News

DINGLEY HAS 160.

The steamer Governor Dingley arrived today from Boston via Lubec and Eastport with 160 passengers and 50 tons of freight.

WINNERS ANNOUNCED

A drawing for two headed handbays worked by Joseph McIntosh, returned soldier, took place today. The winners were Mrs. G. Lawlor, 16 Middle Street, and P. Moore, Bank of N. S., Charlotte Street.

IN THE MARKET.

Abundant supplies of everything that goes to make up the Sunday dinner greeted the eyes of the housewife who visited the country market this morning. The prices for meat, poultry, eggs and butter were about the same as they have been for some days, but vegetables were cheaper.

NOVELTY SHOWER.

About twenty friends of Miss Edith McKel met last evening at the home of Mrs. Charles Noble, Douglas Avenue and tendered her a novelty shower. Miss T. McKel, poured and she was assisted in serving by Miss Dorothy Sutton, Miss Louise Alward and Mrs. M. Somerville.

A PRETTY SIGHT.

Tourist visitors who happened to be motoring this morning on charge of the road, were treated to an attractive sight when a deer bounded out of the woods starting the road, and proceeded to browse in Whalen's field at Glen Falls. The picture stirred the interest of all who saw it and made for comment on the justice of New Brunswick's claim to be a great game country.

DECISION TUESDAY

George Brown was before Magistrate Henderson this morning on charge of creating a disturbance and also to answer a charge laid by Hattie Proctor that he had destroyed a door in a flat at 142 St. Patrick Street. E. J. Henry, a herry appeared for the defendant. He explained that his client was willing to make good the damage which was caused by having to force the door, as he had mislaid the key. The case was postponed until Tuesday.

ENGLAND PLANS FOR MIMIC WAR

Greatest Land Manoeuvres Since 1913 to be in September

LONDON, Aug. 14.—At dawn on September 22 the greatest mock war yet held in Great Britain will begin on Salisbury Plain. Fighting will last for four days, and all the latest developments in guns, tanks, flying bombs, and field wireless will be on trial.

Nothing approaching the scale of these manoeuvres has taken place since 1913, and conditions will approximate as nearly as can be imagined to those which may be expected in the near war. Not only new weapons, but new ideas and new plans are to be tried out. It will be a great testing and a magnificent object lesson.

TRY OUT NEW ARMS.

The Army Council was loth to ask for the necessary money, but so great has been the development in weapons that it was felt that unless these new arms were tried out on a wide scale, such as would be necessary in actual warfare, there would be little justification for asking that they should be produced in large quantities.

The manoeuvres are to be used for the assistance of research as well as for the training of troops and staffs.

The new tanks that will be used are a great advance on the tanks used during the late war—extra fast on roads and speedy across country. New methods of mechanical transport will be used; also smoke-producing devices which the Army Council are confident will save many casualties, and improve wireless reception apparatus. A step further is hoped to be gained in co-operation between ground and air forces.

MERCIA VS. WESSEX

The two armies that will clash in this mimic war are an Eastern force, "Mercia", commanded by General Sir Philip Chetwode, and a Western force, "Wessex", under General Alexander Godley. Mercians will consist of a cavalry brigade, three regular infantry divisions, one battalion of tanks (three companies), four Air Force squadrons, and the usual complement of an army in the field.

Wessex will put in the field one cavalry division, one regular infantry brigade, one battalion of tanks (two companies), an armored car company, four light squadrons, and the usual complement.

Marshal Petain and General Duboulay of the French Army, with their staffs, will be the most distinguished foreign visitors. Field-Marshal Earl Haig will watch as a guest of the council.

Preliminary training for the mimic war will be carried out by both armies in the neighborhood of Salisbury, Winchester, Basingstoke, Petersfield, and other points between Salisbury Plain and the New Forest.

FARMERS OBJECT.

Farmers all over the vast area in which the troops will operate have already raised objections, but equitable consideration will be dealt out under a manoeuvres commission for compensation which is being set up under General Beely.

The exact scheme of the manoeuvres has not yet been finally settled, and commanders on either side are to have no inkling of the surprises in store for them.

TWO SOCIETIES TO HONOR DEAD

Prentice Boys Will Decorate Graves of Members on Sunday

Pythians Make Arrangements for Similar Ceremony on Thursday, Aug. 27.

Tomorrow afternoon the local Prentice Boys will honor the memory of the dead of their order when decorations of graves will be placed in the various cemeteries. The principal ceremony will be in Cedar Hill. At the soldier monument in King Square a wreath will be placed for the order by Mayor Potts in honor of the heroes of the war.

The members will assemble at their hall in Gullford Street West End at 2 o'clock. The parade will get away at 2 o'clock. Graves will be decorated at Cedar Hill, Fernhill, Greenwood, Cedar Hill Extension, Musquash and Lorneville. Visiting members are expected from Devon, Matyville, Fredericton, Woodland, N. B., also from Lorneville, Grand Bay and Fairville lodges.

The services will be in charge of Grand Master William H. Price, assisted by Past Master C. G. Pitt, Past Master E. L. Potts and Past Master William J. Smith.

The Carleton Court Band, under the leadership of William T. Leayon, will lead the procession. The route will be from the hall in Gullford Street to Market Place, thence to Cedar Hill cemetery, via King, Lenoir and Prince streets and Lancaster Heights. On leaving Cedar Hill the march back to the hall will be via Lancafer, Dufferin, Woodland, N. B., also from Lorneville, Grand Bay and Fairville lodges.

PYTHIANS ON AUG. 27

Preparation for the observance of "Decoration Day," the day on which the Pythians visit the graves of departed brothers and lay on the tomb floral offerings, have been proceeding since the members of the four city lodges and the representatives of the lodges on the central committee have been hard at work arranging the details.

The bouquets will be made up at Cedar Hill. Using the support of the members and sisters of Loyalist and Moulton Temples.

The hall will be decorated with the flags and part in the parade, wearing the festal robes will add a touch of color to the procession.

\$5 Divorce For Poor People, English Plan

LONDON, Aug. 15.—A "five pound divorce" for "poor persons" is seen as a possibility in the Supreme Court proposal to extend the number of Assize Courts at which divorce proceedings brought by "poor persons" and undefended divorce suits may be heard.

BLEMISHES OF THE SKIN

Are Proof of Blood is in a Weak and Watery Condition.

One of the surest signs that the blood is out of order is the pimples and scrofula. You cannot get rid of these troubles by the use of purgative medicines, as so many people try to do. Purgatives merely get rid of the system and leave it still weaker. What is needed when the blood is shown to be out of order is a tonic which restores its missing elements and leaves the blood rich and red. For this purpose there is no more tonic so good as Dr. Williams' Pink Pills, every dose of which helps enrich the blood, drives out impurities, and brings the true feeling of health and energy. Mrs. R. E. Bishop, Hawthorne Ave., Hamilton, Ont., tells for the benefit of others what these pills did for her. She says: "I was suffering terribly from scrofula. I doctored with several doctors, but without success. My complexion was sallow, I had no strength, feeling very weak and languid. My neck was full of lumps called scrofula, and at times they were very painful. After trying several so-called blood medicines, Dr. Williams' Pink Pills were recommended to me and I got half a dozen boxes. After taking them I found a decided improvement in my appearance, and to my joy the lumps were disappearing from my neck. I persevered in the treatment, and finally the only sign left of the trouble was a scar on my neck where one of the swellings broke. Since that time I have been in robust health and heartily recommend Dr. Williams' Pink Pills to any suffering from impure blood."

An Open Letter From Angus McLean To The Public

Bathurst, N. B., Aug. 12, 1925. TO THE PEOPLE OF NEW BRUNSWICK:

"The industrial life generally of this province is in such a serious condition at the present time that I feel it demands the closest possible application to business on the part of each one of us engaged in it, and now that the recent campaign is over I would not, even were I so inclined, wish to engage in my own opinion of the calibre of the men responsible for resorting to such tactics."

I feel, however, that it is a duty which I owe to the people of New Brunswick to let them know one of the methods adopted by friends of the late government to discredit my statements by publishing and putting in circulation absolutely untrue, uncalled for and malicious reports as contained in a circular reproduced herein, and the public can form its own opinion of the calibre of the men responsible for resorting to such tactics.

I may say that as I received a copy of this circular, I wired the parties whose names are appended to it, asking if they assumed responsibility for its publication and distribution, but although three days have now elapsed since I sent the telegrams, I have not been favored with the courtesy of a reply.

Following is the exact wording of the letter: Hillburo, N. B., Aug. 7, 1925.

Dear Elector:

The issue before you is now distinctly defined. It is whether a group of Capitalists, headed by Angus McLean and Donald Fraser, are to take charge of New Brunswick, or whether this Province shall continue to keep control of itself.

Those interests demanded an immediate refund of approximately \$225,000. Mr. McLean informed the Premier that if that refund were not given, the lumber interests would fight him. The demand was unjust and the Province the demand was openly set out in full force to defeat the present Government. Had the demand been made good and those interests refused to support the Government, because we refused to traffic in Provincial funds for political support, we have incurred their enmity.

The same interests are set upon obtaining control of Grand Falls. Angus McLean only asks that the only first class water power we have be handed over to him, and four or five associates. No more presumptuous proposals have ever been made to the Province of New Brunswick. Mr. McLean is now in full charge of the Conservative campaign; Mr. Baxter has disappeared; and that proposal will be carried out if Mr. McLean is returned to power.

This Mr. McLean is the same man who paid over \$15,000 to the fund collected by J. K. Flemming from the lumbermen of this Province in the years 1913-1914.

What do you think of establishing this new form of economic dictatorship in the Province? What do you think of the demand for handing the Government of the Province over to a man who is the bitter enemy of the principle underlying The Workmen's Compensation Act?

Are you prepared to become an economic serf to this new industrial baron?

(Sgd.) I. C. RAND, F. M. THOMPSON. Bathurst, N. B., Aug. 9, 1925. I. C. Rand, Attorney General, Moncton, N. B.

PENNANT RACE TWO-THIRDS RUN

Outstanding Features Yesterday in Major Baseball League Matches

Giants Pick Up Half Game on Pirates—Pirates on Batting Rampage

NEW YORK, Aug. 15.—With slightly less than one third of the race still to be run, stands indicate confinement of the pennant fight to two teams in each circuit for the remainder of the season, with the White Sox eleven and one-half games behind the second place Washington Senators in the American and Cincinnati six full games behind the plodding steps of the running up New York Giants in the National.

The Mackmen, American leaders, struck off another brace of wins yesterday, Sam Gray holding the Boston Red Sox offensive in check, while his Philadelphia mates clustered an egg dozen singles to win easily 6 to 5.

The Pirates picked up a half game on the leading Pirates, in the National by gathering in both ends of a two game effort with Brooklyn, Scott scattering eleven hits to clinch the victory 5 to 2, and a pinch single by Snyder saving the second in the eighth frame, 5 to 3 after the Robins had killed the score in their half.

The Pirates won only one game because the schedule offered them no more, but enough hitting was crammed into the contest to decide a complete series. Of 28 safeties made off four pitchers, Pittsburgh collected sixteen for a decisive win, 14 to 6.

Meadow, on the mound for the winners, had little excuse to become excited after the first two innings, during which his mates totaled seven runs over the plate. The Cubs battled with the Cardinals, also each, but Alonzo died tightened at crucial periods and Chicago won 7 to 4. Boston Braves and Phillies collaborated in a slugfest, with the Quakers stretching their quota of 18 hits for the most runs, 11 to 8.

GIRL DECLARES HER FATHER INTOLERANT

Fights Removal From Convent—He is Held For Deserting Family.

Just as he left Vice Chancellor Bentley's court in Jersey City yesterday after a hearing on a writ of habeas corpus calling on the Mother Superior of the Convent of St. John the Baptist, Newark, to surrender his daughter Geraldine, who he contended, was being kept as a novice there against her will, John T. Riche, of Brooklyn, was arrested on a warrant charging him with deserting and failing to support his wife and four other children. They live in Haworth, N. J.

In his application for the writ, the father contended that the girl was only 14 and a victim of religious mania. The girl testified she was 19 and that she had been subjected to 19 treatment and religious intolerance by her father, who, she said, was a Protestant. She said he would not let her pray or attend church and that she sought the convent because she could find peace and quiet there.
