

BIG INCOMES IN THE STATES

Four Exceed Five Million—Rockefeller's is Estimated Above \$8,000,000—Henry Ford and Probably Edsel in the Group.

Washington, Oct. 4.—Returns on the personal incomes of \$5,000,000 or more were made by four persons in 1920, according to statistics of incomes made public by the Internal Revenue Bureau. One of the returns was made by a "single man," undoubtedly John D. Rockefeller, who is a widower. The other three were joint returns of husbands and wives.

Of the four, two were made by residents of New York State and two by residents of Michigan. The identity of those making the returns is not given. It is recognized, however, that Mr. Rockefeller is one of the New Yorkers. Admittedly, also, one of the great incomes from Michigan was returned by Henry Ford.

There are those who believe that both returns of \$5,000,000 or more from Michigan were made by the Ford family and that the second income of \$5,000,000 from that state was returned

by Edsel Ford and his wife. Those who should know about the large fortunes of residents of Michigan are at a loss to make a better guess.

The net income returned by Mr. Rockefeller is not established definitely. His return is grouped with those of two other persons who made returns on incomes of from \$2,000,000 to \$5,000,000, the grand total of the three incomes being \$12,000,000. Mr. Rockefeller's net income in 1920, therefore, must have been not less than \$8,000,000. It probably was slightly in excess of \$8,000,000.

This, however, does not take into consideration deductions and income from tax-exempt securities, in which Mr. Rockefeller has very heavy holdings.

Two Net Incomes \$16,463,642.

The two net incomes of New Yorkers of \$5,000,000 or more totaled \$16,463,642 and the total tax paid on them was \$10,068,287.

The two incomes reported by residents of Michigan totaled \$13,456,335 and the total tax paid was \$8,617,997.

There were nineteen incomes reported of \$1,000,000 to \$5,000,000, three of \$1,500,000 to \$2,000,000, four of \$2,000,000 to \$3,000,000 and three of \$3,000,000 to \$4,000,000.

One woman reported an income of \$1,000,000 to \$1,500,000 and one in income of \$3,000,000 to \$4,000,000.

The other reported net incomes numbered:

Amounts.	Number of Incomes.
\$1,000 to \$2,000	1,509,985
2,000 to 3,000	1,638,837
3,000 to 4,000	856,985
4,000 to 5,000	481,141
5,000 to 6,000	171,147

"40" INDUCES REPOSE

Humphreys' Number "Forty" Induces Repose, and Natural, Refreshing Sleep. For Insomnia, Sleeplessness, Wakefulness.

Humphreys' Homeo Medicine Co., 136 William Street, New York. Medicine Book Free.

Humphreys' "Seventy-seven" breaks up Colds that hang on. Sold by dealers from Canada to Cape Horn.

Makes a Family Supply of Cough Remedy

Really better than ready-made cough syrups, and more easily prepared. Really and quickly prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much restorative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2½ ounces of Pinex, pour it into a 16-oz. bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is 16 ounces of really better cough syrup than you could buy ready-made and saves easily \$2. Tastes pleasant and never scolds.

This Pinex and Syrup preparation gets right at the cause of the cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and breaks the irritating membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe colds.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

GLAD TO BE ABLE TO WORK

Toronto Woman Gives Credit to Lydia E. Pinkham's Vegetable Compound

Toronto, Ontario.—"I suffered with irregular periods, was weak and run down, and had headaches. The worst symptoms were dragging down pains, so bad I sometimes thought I would go crazy, and I seemed to be smothering. I was in this condition for two or three years and could not seem to work. I tried all kinds of medicines and had been treated by physicians but received no benefit. I found one of your booklets and felt inclined to try Lydia E. Pinkham's Vegetable Compound. I received the best results from it and now I keep house and go out to work and am like a new woman. I have recommended your Vegetable Compound to my friends and if these facts will help some poor woman, use them as you please."—Mrs. J. F. PERRY, 287 King St. W., Toronto, Ontario.

Various forms of female weakness many times make work almost impossible. Lydia E. Pinkham's Vegetable Compound has helped thousands of women over these troubles.

Jo-Bel

THE WONDER SALVE (Registered)

Will Cure Anything Curable

Mr. David Jones, Nauviggauk, one of the Fighting 26th, returned from overseas with an apparently incurable sore on his leg. A year ago he could only walk with the aid of a cane, and thought his leg would have to be amputated. He had been in the hospital without result. Someone told him to try Jo-Bel. He did—one 50 cent box cured him. Maybe it was a miracle. Watch this space.

Sale all druggists, or Jos. A. Murdoch, 137 Orange Street, St. John, N.B. Price 50 cents and \$1.00. Mail orders promptly filled.

FOR RAISING OF CATTLE EMBARGO

British and Canadian Representatives to Meet This Week to Discuss Legislation.

London, Oct. 4.—(Canadian Press)—Arrangements have been completed for a preliminary meeting of representatives of the British and Canadian governments on next Friday to discuss the drafting of legislation providing for the raising of the embargo against Canadian store cattle.

It is said that the Canadian delegation will include J. M. Gribble, Canadian deputy minister of agriculture; Hon. Duncan Marshall, minister of agriculture for Alberta, who will be joined by Peter Landon, P.C., Canadian high commissioner, in London; Hon. W. S. Fielding, minister of finance, and Hon. E. Lapointe, minister of marine and fisheries, who have been in Geneva attending the sessions of the League of Nations.

The British representatives will probably include Right Hon. Winston Churchill, colonial secretary, and Sir A. Griffith Boscawen, minister of agriculture.

Dad, Mother, Ironized Yeast for Rheumatism

Do You Realize What Ironized Yeast-Vitamins Will Do for Rheumatism and Lumbago?

Do you know that vitamins and iron are part of your very life? Do you know that the tissues and fluids of your body need these things? Do you know that if your body furnishes does not get enough of these, that

haish with onions or something that sours on the stomach. Just tell 'em that one or two Stuart's Dyspepsia Tablets chewed after eating prevents such trouble or relieves it if already boiling up. Get rid of the acid, sour risings and belching with these tablets. Their action is simple. They give the stomach the alkaline effect it needs, they sweeten the food, assist digestion, keep the stomach clean and free from acids, and they eat what you like without fear of distressing due to indigestion. Get a 50 cent box of Stuart's Dyspepsia Tablets at any drug store. They are the standby of thousands of the best fellows all over the U. S. and Canada.

FIRE PREVENTION CAMPAIGN NOW ON

Special Speakers Heard in All Local Theatres

If pestilence destroyed twenty-five million dollars worth of the wheat crop annually, parliament would move quickly to avert such a disaster. It is a loss occasioned yearly in Canada from fire and it is to impress this startling need for growing danger that fire prevention week throughout the Dominion is being held.

In St. John, the campaign is moving forward as well as anticipated. Many of the merchants have co-operated to check this growing danger that fire prevention week throughout the Dominion is being held.

This evening the local motion picture theatre audiences will listen to a five-minute talk by special speakers on the subject. On Monday next, fire prevention day throughout the Dominion, the members of the local board of trade will be addressed by J. D. McKenna, M. P. P. This meeting will be held in the board rooms in the evening. At 10 o'clock a fire parade will be held on that day.

"AUTOMOBILE FOOT" A NEW AFFLICTION

It Is Caused by Driver Holding the Foot for Prolonged Periods on the Accelerator.

Chicago, Oct. 4.—Dr. Charles Cross of St. Francis, in Chicago, attending the fifth annual convention of physical therapists, announced a brand new affliction—"automobile foot."

Automobile foot is caused, declared Dr. Cross, by the driver holding the foot for prolonged periods on the accelerator button. The lesion thus formed is usually located at the second toe. The motorist may feel distress in his foot long before he knows what is the matter with him. Sensations of pain occur across the ball of the foot, and finally the foot becomes inflamed, until it attracts alarm.

"Wearing pointed shoes," declared the physician, "causes the bones in the foot to fold over each other. In this weakened condition a sudden, forceful pushing of the clutch pedal with the left, or a similar application of the right to the foot brake, may be the first cause of 'automobile foot.'"

FIGHTS A DUEL WITH DETECTIVES

"Rookie" Policeman Fires After Negroes and Then Turns Gun on Detectives—Is Shot and Seriously Wounded.

New York, Oct. 4.—A "rookie" in the Police Department Training School, Thomas Mahoney, who fired a revolver into a crowd in West 138th street, near Fifth avenue, then fought a duel with two detectives and a policeman until six bullets dropped him to the pavement.

Physicians said afterward that Mahoney apparently was crazed by poisonous liquor. He and two other probationary policemen, both of whom fled during the firing, had been making the rounds of Harlem resorts in the negro districts and were leaving a cabaret when Mahoney fired his revolver. He was leaning against the rear of a taxicab when Detectives C. D. Connelly and John T. Donohue of the West 138th street station appeared. They saw two negroes running from the place, followed by another shot from Mahoney's revolver.

Donohue leaped to seize the probationary revolver, but Mahoney fired again and Donohue fell. Darting round the side of the taxicab, Mahoney fired a second shot at Connelly, who returned the fire. In the meantime, Policeman Edward Fried climbed into the taxi and opened fire. Mahoney finally crumpled up, still holding his revolver.

The crowd which had watched the battle from a distance closed in, and had to be dispersed by the reserves, so that the detective and his assailant could be taken to the Harlem Hospital. Donohue's wound was found to be in the abdomen. To Deputy Chief Inspector Henry and Inspector Sweeney, Mahoney said:

"I was coming out of the cabaret when they tried to hold me up and I began firing. I knew nothing that happened after that until I came to my senses at 10 o'clock this morning." He was received at the hospital shortly after 2 o'clock and has been unconscious most of the intervening hours until noon. Despite his wounds, which are in his limbs, body, head and lung, it was thought last night that he may survive. He was a brakeman on the New York, New Haven & Hartford Railroad before he was admitted to the training school on Aug. 7 for the course of six months. This escapade will end his prospects of becoming a policeman. He is in the prison ward on a charge of felonious assault, which he will have to face in the event of recovery.

Recruits are not permitted to have a revolver. Where Mahoney got the weapon is a matter that is under investigation. They are also searching for the two "rookies" who were with him. Like other recruits Mahoney had been assigned to a station to get practical experience in police patrolling. On Saturday night he was sent out from the West Forty-seventh street station with a regular policeman on post. At 10 o'clock he reported back to the station, his prescribed four hours ended, and was relieved from further duty.

Donohue's condition was said last night to be very dangerous. He is the father of seven children and lives at 1,227 St. Lawrence avenue, the Bronx. He has been a member of the department since 1904.

"You owe it to him!"

MILLIONS ARE NEAR THE BRINK OF RUIN AND DON'T KNOW IT, HE SAYS

St. John Has a Vast Multitude on Physical and Mental Brink of Ruin—What is Being Done to Bring Relief to Sufferers—Many Men and Women Give Their Testimony

SAY THEY ARE AMAZED AT WONDERFUL RESULTS Mrs. Sallie King Wants the World to Know How She Was Quickly Relieved of Stomach Trouble—John Bassinger Says: "Your Grand Medicine Has Made Me Well and Strong Again."

"IT WORKED WONDERS—NEIGHBORHOOD SURPRISED."

"Physically and mentally on the brink of ruin, there are few sufferers who would not give anything they possess to live their lives over again in health and strength," declares a well known authority on health and hygiene in a recent interview.

This place is full of half-sick people. Those who have good health should appreciate it—the others do not, and there is not one of them but a common sense would warn you against the danger of neglect.

It is mostly stomach trouble that is making this a place full of sick people—stomach trouble is their complication, and the many forms of kidney, liver, blood and bowel disorders that come mostly from stomach trouble.

Neglect of the first symptoms of stomach trouble brings on more ill health and vicious diseases; the uneasy feeling after eating, gas belching, undigested food in the stomach, constipation, dizziness, spots before the eyes, shortness of breath and many other little disorders may all be warning signals that something is wrong and will get worse unless attended to in time.

But there is good cheer and hope in the news that there has been introduced here a new root and herb medicine

that is being pronounced a boon to all sufferers from stomach neglect. This wonderful natural medicine is called Drecto and is now being distributed at the Ross Drug Co., St. John.

No matter how slight or long-standing the case may be, no matter what complications may have set in, Drecto is promised to pave the way for quick recovery and return to health, strength and happiness.

Life was a Constant Misery

"I had no use of my left arm for two years. I couldn't raise it high enough to put my suspenders over my shoulders or tie my tie," said Mr. Martin Helfman, the well known contractor, of 309 E. Fox Street, South Bend, Ind. "My joints creaked and popped every time I went to move, my back felt like it would break and if anyone touched my arm I would yell out with pain. I couldn't clutch anything with my hand for my fingers were stiff and sore. This interfered with my work so that I couldn't handle my tools."

"I took many treatments without success, but Drecto has cleared every pain and trace of rheumatism from my system. I consider it the greatest medicine in the market today."

Confined to Bed

Mrs. Dora Peterson, of 210 W. Frank

Street, Kalamazoo, Mich., said: "I have severe pains in my stomach and everything I ate laid there like so much lead. I was filled with gas and too uncomfortable to keep my clothes on. My bowels wouldn't move unless urged by strong laxatives and it seemed they left me more constipated than even Drecto was quick to overcome constipation and remove my bowels, working out the excess bile which was poisoning me. My stomach began digesting my food and stopped the gas forming and eased the cramps. I never have a dizzy spell now and haven't been laid up in bed since Drecto cleaned out my system."

Drecto Within the Reach of All

These are just a few cases selected at random from the mass of signed testimonials received from scores of men and women in all walks of life. Who is there can doubt the plain straightforward statements of these people?

Drecto is not an expensive medicine. It is easy to get, easy to take and remarkably quick in its action.

The well known Drecto Expert has headquarters at the Ross Drug Co., St. John, to meet the local public and explain the merits of this great remedy.
