RECENT DEATHS

Mrs. Louisa Christiana Rowan, widow of the late Archibald Rowan, of this city, formerly dominion gas inspector, died yesterday afternoon at her home in Fredericton after a lengthy illness. Her first husband was T. Fred Barker, son of T. B. Barker, of the firm of T. B. Barker & Sons, this city. Mrs. Rowan was a daughter of the late H. B. Crosby and for many years resided in St. John, where she was well known, but for some time has made her home in Fredericton. She is survived by two sons, George F. Barker with F. B. Edgemont, Fredericton, and Frank A. Rowan, electrician also of provincial capital, and two daughters, Misses L. Gertrude and Marjorie L. Barker at home, also one sister, Mrs. John M. Taylor, of St. John who was with her at the time of her death.

News of the death of Col. John Tilton, formerly of St. John and for some years deputy minister of fisheries, was received in the city on Sunday. Col. Tilton passed away at his residence in Ottawa after a short illness. He was 77 years old. He is survived by his wife, who was a Miss O'Dell of Eastport. Postmaster Tilton of Fairville is a brother.

The death of Mrs. William Ashford, formerly Miss Christie A. Robertson, of Tabusintac, occurred on Sunday, aged eighty-two years, at her home in New-castle. She is survived by her husband, three sons, four daughters, thirty-three grandchildren, two brothers and one sister.

David Alton, aged sixty-seven years, died suddenly on Sunday evening at his home in Sussex.

"Doctor," said he, "I'm a victim of insomnia. I can't sleep if there's just the least noise, such as a cat on the back fence, for instance." replied the physician, after compounding a prescription.

"When do I take it, doctor?" "You don't take it. You give it to the cat in some milk."

The case of a St. Louis school teacher who retired after 30 years' consecutive service has brought attention to a still more remarkable case, that of Miss Mary L. Boyd, who, although 75 years old, is still on the payroll in Springfield, Mo., and has been teaching there for 50 years.

Holiday Crowds Get a Rich Bill at The

Kath. House. Holiday-making was not confined to fishing and gambling on suburban greens if the attendance at the Keith house, King Square, was to be taken as a criterion yesterday. The Imperial was crowded afternoon and night. The programme had a holiday quality to it—the same bill will be repeated today. There was comedy plenty in "Traid Cat," a pretty little Vitaphone story of a clubby were chap (Bobby Connelley) who saved his father from the grasp of a money-lender. That old French fun-maker, Whiffles, was to the fore as well and handed out a lot of merriment. In dramatic pictures the ventures of early days in the West were again requisitioned to furnish thrills, etc. "The Raid of the Red Marauders" did this handsomely.

But it was in the musical department the Imperial shone most brightly. Gertrude Leloy was the cordial welcome back after a two years' absence and re-instated herself a favorite by singing a patriotic air entitled "A Song of Canada." Signor Sienno Pettini, a splendid Italian tenor of the operatic school, was also well received. His number was a Spanish love-song, "Lola," full of spirit and accompanied with characteristic Spanish dance and verve. The orchestra played a nice list of numbers.

Tomorrow and Thursday the Imperial announces Charles Klein's "Daughter of Men." This is a companion production to "The Lion and the Mouse," "The Third Degree," etc., and is shown in five parts. Kathryn for the end of the week.

FAREWELL WEEK AT OPERA HOUSE

Thompson-Woods Stock Company Giving

Review of Their Best Comedies. The Thompson-Woods Stock Company, on the opening night of their final week at the Opera House, faced a large and friendly audience last night in a repetition of one of their most pronounced successes, "Girls' Love." Loud and continued applause at the end of each act brought the members of the company before the curtain and it was evident that the St. John theatre goes with part with the popular players with considerable regret. Mr. Meharry gave his usual finished performance as Edgar Holt. In this comedy but Miss Frances Brandt was not quite as effective perhaps as in previous performances of this play but still gave a very admirable presentation of her part and had many warm admirers. Miss Edith Derby finds scope for her capabilities as a comedy actress and is very good as Lucy Purcell, the elocutionist. In lighter parts Miss Davis and Mr. Hodge were also very popular and played up to their usual standards. Girls will be repeated this evening; tomorrow for the matinee and the evening The Next Egg will be given; Thursday and Friday, A Gentleman of Leisure and for Saturday matinee and evening The Private Secretary. These plays are the comedies which the company has presented in St. John and is the case of Girls yesterday the others afford an opportunity for the company to show their range of talent.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is thickened and the kidneys strain to filter out the waste. When the kidneys fail, the result is a general decline in health. When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage. It belongs to every home, because nobody can make a mistake by having a good kidney flushing any time.

Thin Folks Who Would Be Fat

Increase in Weight Ten Pounds Or More

"I'd certainly give most anything to be able to fat up a few pounds and stay that way," declares every excessively thin man or woman. Such result is not impossible, despite past failures. Thin people are victims of bad nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the power of nutrition are normal. Instead of getting into the blood, all the fat and flesh producing elements stay in the intestine until they pass from the body as waste. To correct this condition and to produce a healthy, normal amount of fat the nutritive processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a scientific combination of six of the best strength-giving, fat-producing elements known to the medical profession. Taken with meals, it mixes with the food and turns the sugars and starches into rich, ripe nourishment for the tissues and blood, and its rapid effect is remarkable. Within a few days you will gain ten to twenty-five pounds in a single month or by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by good druggists everywhere and every package contains a guarantee of weight increase or money back.

Caution:—While Sargol has produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not, owing to its remarkable flesh-producing effect, be used by those who are not willing to increase their weight ten pounds or more.

YOU CAN'T AFFORD**To Have Gray Hair**

Youthful Appearance Too Great An Asset To Lose

"A woman is as old as she looks"—and nothing will make her look old so surely or so quickly as gray hair. It is possible for any woman to prevent her hair turning gray or to restore her gray hair to its former beauty. Hay's Hair-Health-Builder, the famous dye, accomplishes its results quickly, surely, easily and at the same time stimulates and invigorates the scalp and hair roots. It removes dandruff.

We are sure enough of its results to say that we will refund your money if it fails after a fair trial. \$1.00, 50c, 25c. Get it at our store. E. Clinton Brown, corner Union and Waterloo streets.

GEM.

Fine Holiday Programme at Popular Theatre. Repeated Today—Modern Police Methods. Shown in Essayay Feature.

The holiday bill at the Gem Theatre afforded intense pleasure to the patrons who visited there yesterday. The feature was a two part Essanay production entitled "The Man Who Escaped," showing the vigilance of modern police methods and the network of evidence brought out following up-to-date methods in criminal pursuit. It was a story with a strong appeal, portraying the sufferings of an innocent man accused of another's crime, but a happy climax was given through the capable workings of the police net. The Gem orchestra furnished a delightful programme. Comedy was supplied in plentiful abundance by Universal. The screening of "Ups and Downs," while a forceful drama of love and adventure on the Mexican border was given in "Moulin Rouge," the show gave pleasure to all present. Another two part feature "The Salvation of Nance O'Shaughnessy," a Selig feature of the New York underground, is billed for Wednesday and Thursday.

QUEER AND QUAINT PLEASE HOLIDAY CROWDS AT LYRIC.

The audiences at the Lyric Theatre yesterday were attracted to the highest pitch of enthusiasm over the efforts of the talented team of Quaint and Queer, and demonstrated their appreciation in a very good manner. Round after round of unstinted applause greeted the performers for their really wonderful ability as dancers. Not only has St. John the pleasure of witnessing such a clever exhibition of the art of dancing as was given yesterday by Quaint and Queer, but the Lyric Theatre is also enjoying introducing many new steps including the Red Raven Split and the Elephant Glide.

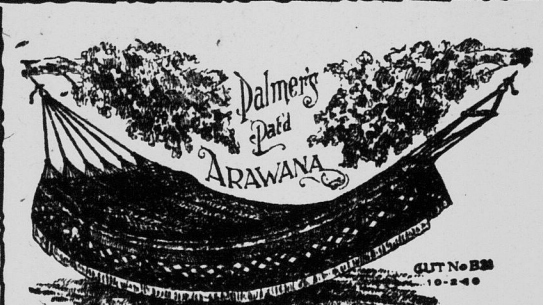

THE DESERT TRIBE MAN.

EXCLUSIVE FILM FEATURE AT THE UNIQUE.

The sixth of the Exclusive film series being shown at the Unique Theatre every Monday and Tuesday, was presented yesterday, the all star Thant-houser production of The Desert Tribesman. It would be hard to find a more ideal holiday feature than this excellent picture, and it was thoroughly enjoyed by capacity house all day yesterday.

The story is forceful and appealing because of its original theme, and is a decided get-away from a worn plot. The scenes are mostly laid in the desert and the palace of the Caliph, the latter before breakfast for a few days and your kidneys will then act fine.

We always remember those who have done us a favor—when we want another favor done—Judge.

Forest fires are raging near the villages of Purcell's Cove and Ferguson's Cove, Nova Scotia. Several buildings about these places have been destroyed.

A building on the premises of R. W. Stevens, at the Grove near Woodstock, was destroyed by fire yesterday. The fire started in the woods some distance away and was liable to have done much greater damage but for a sudden change of wind.

Gonzoni, Unionist, in the by-election at Ipswich, England, on Saturday, won from C. F. G. Masterman, Liberal, by a vote of 6,406 to 5,784, with Social, running 898.

Archbishop Casey, of Vancouver, was in Woodstock, N. B., on Sunday, and preached twice in St. Gertrude's church. Potatoes in Carleton county are selling at 81 a barrel, another drop having occurred.

IN ENGLAND'S DRINKING AGE

Prime Asks Why Old-Time Drunkenness Was Winked At

London, May 26—When did drunkenness become a general vice? Was the question asked by the Archbishop of Canterbury in an address at the anniversary meeting of the Church of England Temperance Society, held at Lambeth Palace.

Drunkenness, remarked the archbishop, "seems in only in a very incidental way in the books of the sixteenth, seventeenth and eighteenth centuries. In the literature of those times one found Sabbath-breaking, profanity, blasphemy and other offenses freely named, but drunkenness was alluded to in a very incidental way.

Mention was made in one book, said the archbishop, of special action being taken to censure and punish parish clerks for being drunk during divine service. One had in that a very serious picture of the way in which the vice was regarded.

Was it, asked the archbishop, that drink did not produce so much drunkenness as it did today? Was it that the more active life, the more frequent riding on horseback, counteracted it? Was it that the mischief arising from the actual drunkenness was not realized? Or was drunkenness so common among the leading people that it was difficult for any one living in glass houses to throw stones?

He suggested that someone should undertake the solution of the problem.

ERUPTIONS ON YOUR FACE OR BODY

Dry, moist, scaly, itchy, all forms of eczema or salt rheum, pimples and other eruptions come from humors which may be either inherited or acquired through defective digestion and assimilation.

To treat these eruptions, with drying medicines is dangerous. Ask your druggist for Hood's Sarsaparilla. It helps the system discharge the humors, and improves the digestion and assimilation. It goes to the roots of the diseases. Get it today.

numbers left on Saturday remaining over Sunday. The country resorts were the favorite attraction, and with fine weather, the days were most pleasant. A large number of sportsmen went fishing, while there were many auto and motor boat parties out for a "spin." The members of the St. John Motor Cycle Club rode to the Ben Lomond House and had dinner there yesterday.
