Proceedings Postponed Till Dec. 22 to Allow For Production of the Papers

Valleyfield, Que., Dec. 13—Because certain documents were missing when Judge Charbonneau took his seat at the court house here today, to consider the petition of the Hon. Sydney Fisher, for the unseating of James Morris, the victor in the recent by-election, the case was postponed until Monday, December 22, both J. L. Laurendeau, K.C., who represented Mr. Morris, and L. Codebecq, for Mr. Fisher, agreeing to the postponement.

The proceedings today were purely formal, the objections asking delay until the arrival of important documents, which are said to be in Ottawa. There was no argument.

MATRON AT EVERY DANCE

WHETHER IT IS PUBLIC OR PRIVATE, SOCIETY PROTESTS

Test Case Likely to Be Made Over New Indianapolis Law

Indianapolis, Dec. 13—Society folk of Indianapolis are up in arms over the city council passing an ordinance which requires the presence of a dance matron, appointed by the superintendent of police, at every dance given in the city after Dec. 18. The act has been signed by the mayor.

When the ordinance was passed by the council it was supposed to apply only to public dances, but closer inspection proves that every dance that is given in Indianapolis comes under the act.

The new law provides that no dance in Indianapolis shall be started until the matron, designated by the police superintendent, has arrived and been paid her fee of \$2.

The matron is clothed with authority to cause any person who offends against the "decent proprieties" of a social gathering in the matter of dress, actions or language to be ejected from the room and building.

The society leaders who protested to the mayor said: "Decent proprieties of a social gathering are not meant by the law, and it is unlawful for the council to vest such matters for decision in the hands of a matron."

It was said that a test suit would be filed.

Some Can And Some Cannot

Drink Tea and Coffee Without Dangerous Results—

But if you intend to win out in life you will need a clearer head and steadier nerves than the tea or coffee drinker usually has.

Tea and Coffee contain caffeine, a subtle, poisonous drug, and the use of either as a daily routine beverage causes more or less disturbance of nerves, heart, stomach, liver or some other organ.

But why wait until Nature drives home her arguments against tea and coffee? Try this easy test—quit tea and coffee 10 days and try POSTUM.

After a few days the habit-forming drug, caffeine, will be eliminated from the system, and the gradual return to old-time comfort will be the best evidence that tea and coffee were "getting you."

There's no headache or pains of any kind in Postum. It is a pure food-drink, made only of choice wheat and a little New Orleans molasses, and is absolutely free from caffeine or any other drug.

Postum now comes in two forms. Regular Postum—must be well boiled to bring out its delicious flavour and food value. Instant Postum—the new form—is a soluble powder. A spoonful stirred in a cup of hot water, with sugar and cream added, makes a perfect cup, instantly.

The person who has to bother with aches and pains from tea and coffee is badly handicapped, but it's easy to shift to
