

SHOT TISZA IN HIS OWN HOUSE IN WIFE'S PRESENCE

Three Soldiers Invaded Drawing Room, Charged Him With Being Responsible for War and Killed Him

Amsterdam, Nov. 3.—The Berlin Voessische Zeitung contains a dramatic description of the assassination of Count Stephen Tisza, former premier of Hungary.

At six o'clock in the evening three soldiers invaded the drawing room of Tisza's residence. He with his wife and the Countess Almasy, advanced to meet the intruders, asking what they wanted.

"What have you in your hand?" a soldier demanded of Tisza. Tisza replied that he held a revolver. The soldier told him to put it away, but Tisza replied: "I shall not, because you have not laid aside your rifles."

The soldiers then requested the women to leave the room, but they declined to do so. A soldier then addressed Tisza as follows: "You are responsible for the destruction of millions of people, because you caused the war."

Then raising their rifles the soldiers shouted: "The hour of reckoning has come." The soldiers fired three shots as Tisza fell. His last words were: "I am dying. It had to be."

The soldiers quitted the house accompanied by gendarmes previously employed to guard the door.

LINER REACHES PORT WITH HER LIGHTS ABLAZE

Usual Precautions Thrown Aside After Receipt of a Wireless Message

An Atlantic Port, Nov. 3.—A large French liner arrived here during the night with all her lights ablaze. This unusual procedure in war time was due, according to passengers, to a wireless message picked up at sea which caused the captain to order paint scraped from the vessel's port holes to permit illumination of the decks.

While the contents of the wireless message were not made known to the passengers, many of them landed today with the impression that peace had been concluded with Germany and that "freedom of the seas" had been restored.

Among the arrivals was Hans Sulzer, Swiss minister to the United States, who came to seek an extension of the commercial arrangements with this country, which expired on Sept. 30, as to grants as well as other food supplies.

Switzerland, he said, had to feed not only the Swiss people but also 30,000 English, French and German soldiers who are interned here.

Pimples Broke Out All Over Face, Arms and Neck

Pimples are a sure sign that the blood is not in its proper shape.

While the skin is the seat of the irritating, unsightly pimples, the real disease is in the blood.

Medicated lotions and powders may ally the itching and irritation, but never cure no matter how long and faithfully continued, and the condition is often aggravated and the skin permanently injured by their use.

The disease is more than skin deep; the entire circulation is poisoned.

Burdock Blood Bitters quickly and effectually cures blood and skin troubles, because it goes direct to the root of the disease and stimulates and restores normal, healthy action to the different organs, cleanses and enriches the blood, and thus relieves the system of all poisonous secretions.

B. B. B. cures permanently because it leaves none of the original poison to ferment in the blood and cause a fresh attack.

Miss E. M. Davidson, Day Island, Alta., writes: "Last summer I was greatly troubled with pimples breaking out all over my face, arms and neck. I was advised to try Burdock Blood Bitters, and after taking two bottles, the pimples had almost all disappeared. I shall always recommend this remedy to anyone afflicted with skin troubles."

B. B. B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.
