LEGISLATIVE CORRESTONDENCE.

Fredericton, April 13. Dear Standard .- This week has in the Legis ported except that inquiring into of Supervisor John Mehan, in which Mr. Burns tion is only a synonym for return to ion. It is pleasing to learn that all parties is the prominent character, inasmuch as char. ges preferred against him before the Committee, with regard to the using of the public money, paying instead thereof to contractors for public works, provisions and supplies out of his store at Bathurst. The Committee inquiring into the petition of the inhabitants of Caraquet with, regard to the Public wharf there, and that ingiring into the affairs of the Chatham Branch Railway, have also not yet reported, though it is understood that the latter closed its inquiry last evening. The very voluminous evidence in the "O'Leary-Kelly-Brown inquiry" to-day the horses are obliged to walk, and the before the public, through the enterprise of wheels of waggons sink in the mud up to the St. John Telegraph, and is eagerly sought

> purposes to take further in the matter. I presume the Minority, will not proceed further as your representative, Mr. Cotterell, one of the Minority, to-day left for home. The Committee on Crown Land matters report that all matters that were brought under their notice were satisfactorily explained, except as to payment to the New Brunswick in 1872, and the warrant not being issued January 1877. The Committee through their chairman explained to the House, that the payment was a correct one, and in satisfaction of a reasonable claim. The Report must be satisfactory to the Surveyor General. The Committee on the Kent Northern Railway Company matters, find that the Government were willing to enter at one time into a contract with this Company, on their The venerable Dr. Stephen H. Tyng of furnishing satisfactory evidence of their ability St. George's Church, New York, has re- to complete their work, and though the Kent representatives, and many representatives of the Company were examined before the Committee, they report that it was not proved to the Government that the Company had shown this ability. There have been some spirited discussions

during the week, especially on Supplementary ination is rapidly increasing. While the Supply, in which the Prov. Secretary dealt very of Mr. Burns, as to the position of the affairs of the Province, driving that gentleman from ou subterfuge to another, till to the listener of the most positive Opposition leanings, it was very clear, that Mr. Burns was last year \$102,000 in error in his statement of the figures, and this year made a similar mistatement to the extent of \$45,000. The debate on this point was very lucidly put by Mr. Elder, who also referred to the fact, that the Surveyor General in his speech on the non-confidence debate, had fully punct ured the gas-bag of Mr. Burns on this points I hear that the raciest piece of debate took place at noon to-day, on Theriault resolution as to the representation of the French in the Executive and Legislative Council, when Burns in secondingthe resolution, took occasion to refer to the French people their opposition to the School Law from conscientious motivestheir accepance of it though disliking it-his strong desire that they should share in the Le. gis lative honors and emoluments, which as he put it, they by reason of their estimable char-

> candidate for Gloucester, which, as the Attor. ney General in his remarks said, was another exhibition of how much easier it is to profess of Ro- than to practice.

There appears to be on the part of the Government a desire to have all the reports of these Committees discussed before prorogation, though most of the members are anxious to get home. Supply has been all put through, but

members to get through with the session Fredericton is very quiet. The Secretary of Agriculture Mr. J. L. Inches is getting on since the amputation of his leg for the third time,
