

## FIFTY YEARS OF THE DIOCESE

### CONSECRATION OF THE FIRST BISHOP

Celebration of Event Will Take Place Here Next Week.

Next Thursday the fiftieth anniversary of the consecration of Bishop Hills, the first Bishop of Columbia, will be fittingly celebrated by services in Christ Church Cathedral.

The jubilee celebration will take

place in connection with the United Clericus, which meets in this city from Tuesday to Friday of next week. The special programme for the day is a most interesting one. In the morning at 8 o'clock there will be a celebration of the Holy Eucharist; at 9 a.m. breakfast will be served in Christ Church school room; matins will be sung at 10 o'clock, and at 10.30 there

will be a conference on provincial organization, led by Bishop Perrin. From 3 p.m. to 6 p.m. a grand garden party will be given in the grounds of the diocese, and at 8 p.m. the crowning service of the day will be held. For this service a special programme has been prepared. The massed choir of the Anglican churches in the city will lead the procession of visiting and local clergy from Bishopsclose to the cathedral. This procession will be worthy of note as demonstrating the strength of the church on the Pacific coast. It is expected that the four bishops in attendance at the Clericus, and the sixty-six visiting clergy, besides all the local clergy, will take part in this march to the cathedral.

The choir will lead the musical part of the service following, and Bishop Perrin will preach a sermon suitable to the great occasion. This will be a great jubilee "thanksgiving" service, and it is expected that the congregation will have more than tax the capacity of the cathedral.

BISHOP HILLS AND EPISCOPAL CLERGY OF CITY IN 1891.

The group shown above was taken just prior to Bishop Hills leaving this diocese. From the right the members are Rev. Archdeacon Scriven still here.

Rev. Canon Beauland, also still belonging to the city; Bishop Hills; Rev. W. H. B. Arden now of St. Bartholomew, Bethnal Green, London, who is

interested in St. Mark's theological college proposed for B. C.; Rev. J. B. Hewitson M.A., now rector of Blincoe, Diocese of Norwich.

## THE EGYPTIAN'S SECRET.

The Egyptians of Pharaoh's time were a wonderful people. The pyramids, for instance, put our modern buildings to shame. Where such huge blocks of stone were carved—how they were moved and put in place—are mysteries to modern minds.

The Egyptians were skilled physicians. We know that they used fruit juices in treating many diseases. Some years ago, a physician in Ottawa discovered a method of combining the juices of apples, oranges, figs and prunes, by which the most remarkable results have been obtained.

Whether "Fruit-a-tives" (these combined fruit juices in tablet form) are a re-discovery of the prescriptions of the ancient Egyptians, will probably never be known.

Certainly, the ancient never had a more effective remedy than "Fruit-a-tives" for all Stomach, Liver, Kidney and Bowel Troubles. "Fruit-a-tives" are sold by dealers at 50c a box, 6 boxes for \$2.50, or by trial box, 25c, or sent postpaid on receipt of price by Fruit-a-tives, Limited, Ottawa.

## MUTINOUS CREW

HAVE ALL DESERTED

German Barque Will Leave for Antofagasta in About Three Weeks.

(From Friday's Daily)

The crew of the German barque Eliza Lahn who were accused by their captain of mutiny, but who were dismissed by the magistrate, have all deserted. Six of the men never returned to the ship after the trial here. Within the last day or two several others deserted, and now there is only one man left. Captain Wagner, who is in town to-day, says he is glad to be rid of his crew, and when he leaves he will get another crew.

The Eliza Lahn is at present in Chemainus loading lumber for Antofagasta. She will complete her cargo in about three weeks.

Yesterday the captain attended the races and won considerably, picking the winning horse almost every time.

## NEW CAPTAIN FOR

SHIP SENATOR

Captain Kinney Will Take Position on Grand Trunk River Steamer.

Captain Kinney, of the ship Senator, now lying in Esquimalt harbor, has resigned for the purpose of taking a position on one of the Grand Trunk River steamers. The Senator has been in the service of the Grand Trunk for a long time. Captain Kinney's term of office expires on June 30th.

Captain Kinney's position is being filled by Captain Cronin, of Nova Scotia, who has been on this coast on several occasions. He arrived here yesterday and will take charge of the Senator in a day or two.

## SURGEON'S OPINION

KNIFE FOR THE PILES

Operating Often a Pain—The Modern Way of Curing Piles is With DR. CHASE'S OINTMENT.

Sir Henry C. Burdett, M.C., of London, Eng., in a recent address said: "What we want are surgeons, who with wisdom to be conservative, have courage to protest against the growing tendency to put a knife into everybody on the smallest possible pretext."

Too many doctors have a desire to use the knife at every opportunity. The rewards to them are rich, but think of the suffering of body and mind, the enormous expense and the risk of life itself. An operation should be the last resort for in spite of glowing promises the results are often very disappointing.

Many a sufferer from piles has been cured by the use of Dr. Chase's Ointment, after operations have failed. Hundreds of thousands have escaped operations by using this treatment first and thereby obtaining cure.

Mr. Arthur Lepley, school teacher, Granite Hill, Muskoka, Ont., writes: "For two years I suffered from bleeding piles, and lost each day about half a cup of blood. I went to the Ottawa General Hospital to be operated on, and was under the influence of chloroform for one hour. For about two months I was better, but my old trouble returned, and again I lost much blood. One of my doctors told me I would have to undergo another operation, but I would not consent."

My father, proprietor of the Richelieu Hotel, Ottawa, advised me to use Dr. Chase's Ointment, and two boxes cured me. I did not lose any blood after beginning this treatment, and believe the cure to be a permanent one. I gratefully recommend Dr. Chase's Ointment as the best treatment in the world for bleeding piles." 50 cts. a box at all dealers, or Edmondson, Bates & Co., Toronto.

A pretty wedding took place on Tuesday evening at the home of Mrs. Lory, 1458 Gladstone avenue, when Mr. Richard Lory was united in matrimony with Miss Mary Tyrrell, of Belfast, Ireland, the Rev. T. E. Holling officiating. The ceremony took place in the drawing-room beneath a beautiful wedding bell, composed of white flowers and ferns, depending from an arch of ivy, and throughout the room a most artistic decorative flower scheme of pink and white was carried out. The bride, who was unattended, was given away by Mrs. Delepine, an old family friend. Immediately after the ceremony a wedding supper was served. The dining table, with an elaborate wedding supper was served, was artistically decorated in pink and white. The bride and groom, and their friends of white extending from the chandelier to the centre of the table, were a handsome wedding cake occupied the position of honor. Mr. and Mrs. Lory will reside on James street.

## GARDEN PARTY BY

LADIES OF ST. JAMES

Splendid Time Spent on Grounds of Mrs. J. McB. Smith.

The delightful grounds of Mrs. J. McB. Smith on Government street were the scene of a very gay gathering Thursday afternoon, when the ladies of St. James' Guild gave their annual garden party.

A large Union Jack floating gaily in the breeze, and a rope of twisted bunting over the entrance gate lent an air of festivity to the scene as viewed from the street, while inside the gay dresses of the ladies, the music of the gramophone, and the home-like tables placed at the farther end of the lawn made up a very pretty and home-like picture.

"Putting" and other garden games were indulged in by some, while a great many enjoyed having their fortunes told by Miss Summers, who, in a curtained alcove and in gipsy costume, did a thriving business, for having one's fortune told is an amusement which never seems to pall. Mrs. Vincent superintended the test tables. Mrs. Wilkinson looked after the ice cream, and Mrs. Bainbridge had charge of the serving of strawberries and cream. They were ably assisted by the Misses Cooley, Fries, Rivers, Mrs. Smith presided over the stall where delicious home-made candy was for sale in dainty paper boxes. She was assisted by the Misses Fell and Morely. Mrs. Varlock sold potted plants, and Miss Serby acted as umpire for the game of putting.

During the afternoon, the well-known and popular vocalists, Mrs. Harry Briggs and Miss Sehl, contributed a number of vocal solos which added much to the enjoyment of all present, both singers being in splendid voice. Miss Morse, of San Francisco, who was heard by many Victorians for the first time, made a most favorable impression. Miss Morse has a highly cultivated voice and a charmingly unaffected manner.

Among the many present were noticed: Mrs. Broderick, Mrs. Vincent, Rev. Mr. Miller, Mrs. Miller, Mrs. Miller, Mrs. Rattenbury, Mrs. Fitzpatrick, Mrs. Wilder, Mrs. Ray Warlock, Miss Devereau, Mrs. Albert Wyld, Miss Hening, Mrs. Gardner, Mrs. David Leeming, Mrs. W. Bonit, Mrs. (Vancouver), Mrs. Dickenson, Mrs. C. E. Wilson, the Misses Lugin, Mrs. Killo, Mrs. Blake, Mrs. Trimen, Mrs. Frank Wright, Mrs. Robins, Mrs. Goward, Mrs. Englehart, Mrs. Gordon, Mrs. T. Leeming, Mrs. Weston, Mrs. Jesse, and a great many others.

## MAKE RICH HAUL.

Three Masked Men Secure \$40,000 in Gold From Colorado Mine.

Holding five men and two women helpless under the muzzles of revolvers, three masked men secured \$40,000 in gold from the bank-house of the Nellie mine on Bear creek, Colorado, and made their escape after a running fight. The men were evidently familiar with conditions at the mine, and apparently knew that a clean-up recently had been made, as they were specific in their demands and departed immediately after securing the amalgam and high grade ore.

Slung in the bank-house were Joseph Kent, manager of the mine; Al Fillmore, shift boss; Angus McDonald and Adolph Olson, miners; Mr. and Mrs. James Morris and Mrs. Daniel Dunlay. The bandits entered the bank-house without making any attempt to move quietly. One of them, who was apparently familiar with the arrangements, walked unhesitatingly to the switch and turned on the electric light. When the sleepers awoke they found themselves gazing into the barrels of six guns, each man holding two and covering every occupant of the room.

Telling every one in the bank-house to remain in their beds, the spokesman demanded the amalgam and called ore. Realizing that resistance was useless, Kent told the man where the ore was hidden, and one of the robbers went after the booty. After warning the five men that if they were pursued or an alarm was raised immediately they were to depart that they would shoot and shoot to kill, the bandits half rolled and half slid down a deep cut to where they had left their horses.

Although he was unnamed, Kent immediately started on the trail of the robbers and he came upon them while they were dividing the booty, preparatory to mounting. Two of the robbers opened fire, but they were apparently unused to firearms, as the net damage done by the twelve or more shots was the wounding of one of their own horses. Kent beat a retreat and the robbers hastily rode away.

## RANCHER DROWNED.

Canoe Capsized When Few Yards From Shore.

Thomas Carlisle, who recently arrived from the Old Country and purchased Alroy's ranch at 8-mile point, lost his life in Kootenay lake, says the Nelson News. It appears that Duncan McGillivray and C. Lewis took a launch recently bought by Mr. Carlisle to 8-mile point. On arrival there they went to the boat house which, owing to the high water, is some distance from the shore, and waited for Mr. Carlisle to come out and inspect the boat. The latter, accompanied by a relative, commenced to paddle the few yards between the shore and the boat house in a small canoe. About half way from the shore the canoe capsized and precipitated both its occupants into the water. Mr. Carlisle sank at once and his body has not yet been recovered, but his partner was fortunate enough to be able to reach shore.

Every effort was made by Messrs. McGillivray and Lewis to save the unfortunate man, but he sank out of sight so rapidly that nothing whatever could be done to render assistance.

## SUNLIGHT SOAP

Do you know the difference between working and having the work done for you?

Sunlight Soap actually makes the dirt drop out—saves you time and money—but injures neither hands nor clothes. That is just the difference between Sunlight Soap and ordinary soaps.

Follow Directions

## MUST PAY FINE FOR ASSAULTING RIVAL

Vancouver, June 17.—That the course of true love never runs smooth was well illustrated in a case that came up for hearing before Magistrate Williams yesterday. A young man named Joseph Lawler pleaded guilty to having assaulted P. D. McIlroy, but added in justification that McIlroy was keeping company with a young lady to whom his attentions were likely to prove only hurtful. He (Lawler) had himself kept company with this young lady for a year and a half, but through the agency of her brother-in-law she had left him and gone with McIlroy. He had seen them together on the previous evening, and it had so enraged him that he had tried to beat McIlroy up. He admitted that he should not have done it, perhaps, but he was intoxicated at the time.

Detective Scott said that some months ago the young lady in question had complained to him that she was afraid of Lawler. He had afterwards spoken to Lawler, and he had asked what would be the penalty if he beat that fellow (McIlroy) up.

"I suppose," remarked the magistrate, "that you were jealous?"

"Yes, I was jealous, your worship, I admit," he answered.

"Well, that does not give you the right to assault another man on the street. That sort of thing is often the cause of serious crimes. I think the assault was a very aggravated one, and impose the highest fine of \$20 and costs."

## PROPOSED TEA TARIFF

DISORGANIZING TRADE

## Steamer Suveric Going Direct to Tacoma Instead of Coming Here.

The race to get tea into the United States before the new tariff comes into force is having some effect on the local trade. Steamer Suveric of the Andrew Weir line has a large consignment of tea aboard, and she is due to arrive about the first of next month.

In order to get the tea in, however, she will use some extra coal and go direct to Tacoma instead of coming here. She has 1,000 tons of cargo for B. C. ports and the plan was to have her come here first and then go to Vancouver. The plan has now been reversed.

The Suveric is one of the regular liners of the Andrew Weir company which plies between Manila and this port, via China and Japan. She is in charge of Captain Shotton.

There are a number of liners crossing the Pacific that have large cargoes of the new crop tea, all of which are making an effort to get in ahead of the time limit. After July 1st there is a duty on tea, the first that has been placed on that article since the Boston "tea party" with the exception of a short term war duty.

## BANK DIRECTOR DEAD.

Montreal, June 19.—A. T. Paterson, senior director of the Bank of Montreal, manager of the Phoenix Assurance company of London, England, and prominent in a number of financial institutions, is dead. He was born in Ayrshire, Scotland, in 1832.

Nitro-glycerine is made of glycerine, sulphuric acid, and nitric acid; and its explosive forces is thirteen times that of an equal volume of gunpowder. It explodes from concussion or from heat.

## OFFICERS ELECTED AT

W. C. T. U. CONVENTION

Reports Show Progress of Work Throughout the Province.

Vancouver, June 18.—The 26th annual convention of the Women's Christian Temperance Union of British Columbia, came to a close last evening, so far as general business is concerned. The convention has been the most successful one ever held in this province, and all who attended were astonished at the reports of the amount of good work achieved.

Yesterday's chief business was the election of officers for the coming year, and the following were the results: "Honorary president, Mrs. MacNugten, of Vancouver; president, Mrs. C. Spofford, of Victoria; vice-president, Mrs. J. E. Reekie, of Vancouver; corresponding secretary, Mrs. M. A. Cunningham, of New Westminster; recording secretary, Mrs. F. Andrews, of Victoria; treasurer, Mrs. G. Grant, of Victoria.

There were also a large number of superintendents of departments elected, from 30 to 40 being chosen, the majority of whom have served in the same position last year.

The close of the convention was marked by a musical entertainment at the Pender hall, at which Mrs. A. T. Robinson addressed the meeting. Her speech was a most eloquent appeal in the case of temperance and was enthusiastically applauded, a fitting end to a most successful gathering.

## MILITIA INSPECTION.

General Otter Visits Nelson—Entertained by the Canadian Club.

Nelson, B. C., June 18.—Brigadier-General Otter, C.B., and staff, together with officials of the 102nd Regiment, were entertained here to-day at luncheon by the Canadian Club, with Judge Forin presiding. In a brief speech, General Otter laid stress upon Canada doing her share for imperial defence in the troubled times ahead for the empire, and urged the formation of cadet corps and the training of the boys at school in military drill. The function, held in the Hume Hotel, was very largely attended.

In the morning the general visited the new rifle ranges and the armory, 102nd Regiment. The general complimented the officers and men upon the results of the inspection. In inspection.

General Otter leaves for the east over the Crow's Nest in the morning, and this evening had many calls from former acquaintances. The Rossland and Kaslo companies of the regiment came here for the inspection, and the turnout was a very creditable one.

## TRAP SHOOTERS TO MEET DOMINION DAY

Trigger and trap devotees will have a big time on Dominion day when shootfest on a large scale will be held at the Richmond rifle range, on the mainland.

Crack shots from all over the province are expected to compete at this shoot, for which a very elaborate prize list has been drawn up. The prize list is as follows:

Event 1.—Ten birds. Entrance \$1; 10 added. Money divided 50, 30, 20.

Event 2.—Fifteen birds. Entrance \$2; 15 added. Money divided 40, 30, 20.

Event 3.—Ten birds. Entrance \$1; 10 added. Money divided 40, 30, 20.

Event 4.—Ten birds. Entrance \$1; 10 added. Money divided 50, 30, 20.

Event 5.—Fifteen birds. Entrance \$1.50; 15 added. Money divided 40, 30, 20.

Event 6.—Three men team shoot. Open to teams from any one city; 25 birds. Entrance \$5 per team; 25 added. Money divided 50, 30, 20.

Event 7.—Twenty birds. Entrance \$2; 25 added. Money divided on Rose system, 4, 3, 2, 1.

Event 8.—Fifteen birds. Entrance \$1.50; 15 added. Money divided 50, 30, 20.

Event 9.—Fifty birds. Championship of British Columbia. Entrance \$2.50. A handsome medal will be presented to the winner, a tie score necessitating a second 50 birds.

Event 10.—Consolation; 10 birds. Entrance \$1; 10 added. Divided 50, 30, 20. Open to those who have shot in at least 5 events and have not won or divided first or second money.

A merchandise shoot will be held over a separate set of traps at an entry of 50c for 12 birds. Any contestant may enter as many times as he wishes, only one score will count. Where two or more tie for first and second prize, a shoot off will be necessary.

## WILL DEVELOP CLAIMS.

Representative of Syndicate Goes North to Inspect Telkwa Valley Coal Property.

Vancouver, June 18.—"I am going north to inspect 20,000 acres of coal lands in the Telkwa valley, secured several years ago by a Toronto and Hamilton syndicate in which I am interested," said S. Barker, M.P., of Hamilton, Ont., to-day.

"The holdings have already been examined by experts and declared to possess great possibilities. Now that railway facilities are to be provided by the Grand Trunk Pacific railway, the syndicate will probably soon lay out a plan of development. Many of the seams are of workable size, and a large tonnage is assured. The coal bed is about 20 miles from the main line of railway. It is probable that a branch will be built into the Telkwa, as the railway company owns coal claims in the same region. We have already prospected the various seams."

Mr. Barker, went north on the steamer Camosun.

Some notion of the extent of the business of canary breeding carried on in New which may be found from the statement that 24,000 hens' eggs are being used weekly to feed the birds.
