AT HOME.—Our Timothy correspondent writes that Capt. Nelson Daley, after braving the storms and dangers of the Bar in the Lightship during the season, is at home enjoying a well-earned leisure time.

He will, however, still have to look after the Lightship for the winter, and is no doubt pleased that she is in easier quarters now than for the past six or seven months.

BANK OF N. S.—A large burglar proof safe especially built for the vault of the Kerr building, Water Street, Chatham, is now being put in its place under the directions of Mr. Edwards, the Manufacturer, and we are authorized to announce that a Branch of the Bank of Nova Scotia, under the Management of F. R. Morrison, Esq., will be opened in the premises named to day.

"ANOTHER RUNAWAY"—A valued correspondent writes to ask why we have not shown up a party who came to Chatham some what over a year ago under the auspices of one of our prominent politicians, and who left ostensibly to visit the late Dominion Exhibition at Toronto, and is reported to be still in that City, ignoring, confounding Chatham creditors and neglecting clothing, etc. We may say that the creditors referred to believe that they will yet be paid, and as the young man is in more respectable employment than he was while here, we do not wish to do anything to interfere with his promised reformation.

REAR.—Ernest Hutchinson, Esq., M. P., while looking for game in the Upper Barting woods one day last week, came upon bear tracks looking quite fresh. He and his attendant, Mr. Kenna, followed them until dark, when they were some ten miles from camp, which they reached at about 9 o'clock in the evening. Mr. Hutchinson, accompanied by Mr. James Connel, an axeman, and his cousin, Mr. David Hutchinson, set out next day, and after following the tracks until nearly dark, went to a house near the Interoceanic Railway and stayed all night. Next morning they again took the trail and came suddenly on the game. Mr. Hutchinson shot one bear. Soon after Mr. Connel had occasion to throw his axe at a much bigger one which passed near him, and this also was brought down by a shot through the head by Mr. Hutchinson. Our reporter saw both of the animals on Monday as they were being thawed preparatory to skinning. The largest bear is "a whopper," weighing no less than 464 lbs.

Call and Call Again.

Perhaps our readers will not be surprised and, perhaps, they will, but it is nevertheless a fact that an effort is being made to start a "Conservative" paper in Chatham. The promoters of the scheme are looking for an editor who combines some talent with sufficient honesty to prevent his running away from creditors and bringing discredit on the party.

The following despatch has just come to hand: CHARLOTTETOWN, P. E. I., Nov. 29.

A CLEAR EXAMINATION of the affairs of the Bank of P. E. I. has so far in the present Brockton's flight was not owing to anything more starting than already telegraphed but show the Bank's position to be rather more favorable than at first supposed.

Investigation by experienced accountants is now going on. So far as known at present Brockton's flight was not owing to personal misappropriation of the Bank's funds, but to wild and reckless advances amounting to \$300,000; yet one report places the amount at more than double that figure.

The last annual statement, published in yesterday's Globe, was one not calculated to give people confidence in the institution. With total assets of \$835,325, over \$400,000 were locked up in current accounts, judgments in the Supreme Court, mortgages, etc. Banks with a shon times the resources had not such a large amount of unrealizable assets. How hundreds of thousands of dollars could be advanced—and without the knowledge of the Directors, and the consequence has already made it impossible for the Bank to do anything to avert the disaster.

It is still believed that note holders and depositors are safe. The public mind is

ones bleed as long as they will. What sublime cheek it must require in these people to enable them to ask for subscriptions in advance.

"Mortimore." We observe that the Telegraph in referring to the late gathering at Messrs. Miller's new Hemlock Extract Works, gives the spelling of the name as "Mortimore" instead of "Mortimer" as was given last week. We were under the impression that it was the familiar name figuring in English History in the 13th and 14th centuries, but on enquiry, learn that the name is a name of a place in the County of Devon, England, and that the name of the place has been spelled "Mortimer" as was given last week. "Mortimore," then, is the correct thing, and a very pretty name for a rising and enterprising industrial centre.

Christmas Cards by Mail. Persons who cannot conveniently reach the stores where Christmas and New Year Cards are sold, are placed at a great disadvantage, which the proprietor of the Miramichi Bookstore has endeavored to overcome. With the assistance of other persons of experience and taste, packages of cards, ranging in price from 25 cents to \$2.50 are being put up to fill orders by mail. These packages are composed entirely of this season's stock and are excellent value. Lots at \$3.00 each are also put up for country dealers. Some of these lots have over 150 cards in them and others have as few as 40—some containing the smaller number being made up of very fine cards.

Parties at a distance sending money can state the number and kind of cards they require and their order will be filled with scrupulous care. Address D. G. Smith, Miramichi Bookstore.

Bank Suspension! News was received here by telegraph this forenoon, that the Bank of P. E. Island, doing business at Charlottetown, had suspended, and later telegrams came to hand stating that the Cashier, Mr. J. R. Brecken, had absconded. The news soon became public, and the notes were everywhere being refused. It is stated on the streets that Brecken has been operating with parties outside, and that this is the cause of the trouble.

The Bank had a paid up capital of \$200,000, its stock has been selling at a good premium, and last year it paid a dividend of eight per cent. The shareholders, who are liable for *pro rata* the amount of their stock, are mainly wealthy men, and depositors and note-holders, it is likely will not lose anything. The Bank has not been in a sound condition for some time past. The Directors are:—Lieut. Gov. Havelock, Hon. John Longworth, Judge Heston, Hon. W. W. Laro, Mr. R. Hertz, and Mr. James Park. Mr. Heston is President.

The following is a statement of the bank submitted at the last annual meeting in March:—

Table with 2 columns: Description and Amount. Includes items like Capital, Reserves, and Profits.

Assets: Specific and Dominion Bonds, \$1,210,500; Bills receivable, \$1,210,500; Cash, \$1,210,500; Total, \$3,631,500.

Liabilities: Deposits, \$1,210,500; Bills payable, \$1,210,500; Total, \$2,421,000.

excited and alarmed than might be expected. There is no sign of any panic or run on the other banks, which enjoy the full confidence of the public.

The Financial Association of Ontario. This company, the Head Office of which is at London, Ontario, has issued a notice that the list of applications for Preference Stock at three and a half per cent, premium, equivalent at the minimum rate of dividend to a return of seven and three-quarters per cent, per annum, will close on or before the 22nd of December, and that the largest amount which will be allotted at this price, to any individual subscriber, is limited to two thousand shares. The Free Press of that city, alludes to the Company's last financial statement as follows:—

We notice this Company has issued a special statement to November 15, being part of its financial year ending on the 31st December. The profits, revenue and commissions, after deducting expenses of management, &c., amount to \$12,197.00, the accrued interest on investments \$997.21, and premiums on stock \$1,000, bringing the total income to \$14,194.21, out of which dividends at the rate of 3 per cent, paid or provided for, amount \$8,720 and deduction for interest received, but not yet earned, &c., leaving a balance of \$4,876.93 available for the reserve fund. The paid up capital is now \$114,440.93, as compared with \$82,000.00 of last year, an increase of \$32,440.93. This is, certainly, a very satisfactory exhibit.

The Toronto Globe's special correspondent in Ireland gives an account of his travels westward through Donegal, and describes the terrible scenes of misery and destitution he witnessed among the people. He gives a graphic account of the sufferings endured by evicted tenants, with some very telling instances of rack-renting and landlord tyranny.

World of Good.

One of the most popular magazines now before the American public, is Hop Bitters. You see it everywhere. People take it with good effect. It builds them up. It is not so pleasant to the taste as some other Bitters, as it is not a whiskey drink. It is more like the old fashioned home set tea that has done a world of good. If you don't feel just right try Hop Bitters.—Nunda News.

Almost young Again.

My neighbor was afflicted long time with Neuralgia and a dull, heavy inactive condition of the whole system; headache, nervous prostration, and was almost helpless. No physicians or medicines did her any good. Three months ago she began to use Hop Bitters, with such good effect that she seems and feels young again, although over 70 years of age. We think there is no other medicine fit to use in the family.—A lady in Providence, N. H. Journal.
