TRYING TO END THE CHOLERA BEFORE THE FLEET ARRIVES

Manila Authorities are Now Carrying on an Active Campaign—50 New Cases Reported Daily—Many Offer Services as Nurses

MANILA, Sept. 22.—The vigorous campaign for the eradication of cholera is rapidly preventing any appreciable increase in the spread of the disease. There is an average of about fifty new cases daily, although today promises to show a record materially lower. In official circles it is maintained that there is still a possibility that the city may be rid of the cholera before the arrival of the American battleship fleet.

TOUCHED A LIVE WIRE

Girl received 2,800 Volts of Electricity Into Body

CHICAGO, Sept. 21.—Mollie Frank, twelve years of age, 2323 Emerald avenue, is alive and well after receiving into her body 2,800 volts of electricity, 50 volts more than is applied to condemned prisoners in penal institutions in New York and Ohio. Several companions last evening dared her to climb an electric light pole and touch a wire. She made the ascent, touched the live wire and fell unconscious to the ground. The girl was later revived, and she will recover, doctors say. A physician who attended the child added another argument to be used by the medical men who charge that persons who suffer the death penalty by means of electricity are not killed by the electric shock, but by the knife of the surgeon who performs the official autopsy, or by dissolution in the grave.

THE FOREST FIRES

ALBANY, N. Y., Sept. 22.—Colonel Fox, state superintendent of forests, left today for Hamilton county, in the Adirondacks, to investigate the forest fire condition in the vicinity of North Creek. According to reports received here the fire wardens are warning out every available man to fight the flames, but with the continued drought the fires are spreading despite efforts being made to keep them in check.

BOLD ROBBERY AT MARYSVILLE

Fred. S. Williams' Store Entered Last Night

Large Quantity of Goods Taken—Louis Martel and Sterling Hazelwood are Now Under Arrest.

FREDERICTON, N. B., Sept. 22.—A bold robbery was committed at Marysville last night. The victim was Fred S. Williams, who conducts an extensive departmental store in that town, and the alleged robbers are Louis Martel and Sterling Hazelwood. Both are under arrest and some of Mr. Williams' goods have been found in Martel's room at Ford's Hotel, Marysville. Entrance was gained to the store by smashing the plate glass front door with a dead end, and when Mr. Williams opened up this morning a scene of great confusion met his gaze. Boxes had been overturned and emptied of goods, drawers were open and Mr. Williams estimates that his loss will foot up to \$150. The lot consisted of jewelry, cigars, dry goods, clothing, etc. The men charged with the crime were arrested by Police Constables Saunders, at Marysville, at 10 o'clock this morning and later transferred to the Marysville lock-up. Martel was released from Fredericton jail only a few days ago, and his general record is said to be bad. He was at one time a soldier. Hazelwood belongs to Marysville. The prisoners were later transferred to the jail here. Martel and Hazelwood were arraigned before Col. Marsh this forenoon and their charges were summarily tried by the magistrate they were remanded to jail till tomorrow morning.

ROOSEVELT PREPARING FOR HIS AFRICAN TRIP

Has Been Reading Nature Fakirs' Tales and is Now Well Charged—His Last Presidential Vacation.

OYSTER BAY, N. Y., Sept. 22.—Theodore Roosevelt's final summer vacation during his present term of office as President of the United States, came to an end this morning, when with his family and members of the executive staff of the White House, he departed on a train for recreating in the Adirondacks, a title it proudly has held for seven years. In several respects this has been an exceptional vacation for the President. He has entertained at Sagamore Hill more visitors than before and at the same time has done much more work than on previous vacations. The political situation, both national and state, has made a tremendous amount of work for him and kept the staff of the executive office busy day and night. But with all his duties of state and political work, the President has managed to find considerable time for recreation and has been in splendid health and much benefited by his vacation.

DENIED GREAT WEDDING; GIRL SHOTS HERSELF

NEW YORK, Sept. 21.—Seventeen-year-old Antoinette Alva is dying in a Brooklyn hospital and the police are searching for Pasquale Agnè, a youth of twenty, to whom she was to have been married soon. The girl has a bullet wound in her abdomen which the physicians say will prove fatal. They believe the wound was self-inflicted, but the police are anxious to interview Agnè. Apparently there has been a serious misunderstanding between the young couple growing out of plans for their approaching wedding. Antoinette and her parents wanted a big public wedding with much ceremony. Agnè, however, wanted to be married quietly by a justice of the peace or not at all. Antoinette is reported deeply over the details of her wish to have a "great wedding" and it is believed that in a fit of despondency she fired the shot which probably will end her life.

ROUSING LIBERAL MEETING IN P. E. I.

Great Gathering Last Evening in Montague

Hon. Messrs. Fielding and Marcell, and J.J. Hughes, M.P., the Speakers—Gathering Tonight at Charlottetown.

CHARLOTTETOWN, P. E. I., Sept. 22.—Fifteen hundred people packed auditorium at Montague last night at the most enthusiastic Liberal demonstration in the history of Kings County. The speakers were J. J. Hughes, M. P., Hon. Mr. Fielding and Hon. Chas. Marcell. All three were in fine form, and delivered rousing speeches. They were cheered again and again, and judging from indications Kings County will again return Mr. Hughes triumphant. The finance minister first disposed of certain allegations made by Foster at Montague a few weeks ago with reference to the Wagner, Lodge, Henderson and Potts, and Marine and Fisheries departments. The achievements of the Laurier government, dealing with the wonderful progress of the country, as demonstrated by the increase of population, the value of lands, and the marvelous expansion of trade, recastigated the patriots effect he illustrated the force of the saying "wise expenditure is true economy," and appealed to the patriotic feelings of his hearers as he pictured the wonderful development of Canada, a development stimulated by construction of the National Transcontinental Railway, and improvement of the transportation facilities. The work of the tariff commission, the beneficial results of the British preference, the French treaty were then ably defended and he announced the so-called adequate protection policy of Mr. Borden and effectively disposed of the old national policy. The decrease in the tariff, the increase in revenues, the successful administration of the post office department were also discussed. Hon. Chas. Marcell gave an eloquent review of the record of the Laurier administration taking up a number of points not covered by Mr. Fielding. His speech was marked by a lofty tone and broad statesmanship, and his closing peroration was a magnificent oratorical effort. Senator Robertson presided at the meeting, which will be remembered at Montague. Fielding and Marcell are making a triumphant tour and are leaving splendid impressions behind. Tonight they close their campaign in P. E. I. by addressing a monster demonstration in Charlottetown arena, the largest building procurable.

MURDERER WAS LET OUT ON BAIL And Very Naturally He Has Disappeared

Action of Brooklyn Magistrate Will Lead to an Investigation—The Hunt for the Missing Man.

NEW YORK, Sept. 22.—Following the death in a Brooklyn hospital yesterday of Mrs. Francis R. MacCabe, 80 years old, wife of a manufacturer of building material, the charge of homicide was lodged against Samuel Mann, 38 years old, who is alleged to have shot her. When police notified Raymond street jail, where Mann had been confined, of this fact, they were met by the unexpected news that Mann had been released on bail of \$50, a magistrate having accepted bail when told the man was held only on a charge of attempted suicide.

The charge of felonious assault was dismissed, the magistrate said he was informed. A general alarm was sent out for Mann, but no trace of him has yet been found. Mrs. McCabe was shot in her father's home on August 29 last. She was married, and the police charge that Mann, during her husband's absence, annoyed her with his attentions and finally shot her when she refused to sleep with him. For a time it was thought the woman would recover. The release of Mann on bail has caused somewhat of a commotion in Brooklyn official circles, and it is said that a thorough investigation of all the circumstances will be made.

WAS MARRIED IN JAIL; HE MAY NOW BE SINGLE

Prisoner, Supposed Insane, is Declared Sound and Now Does Not Know if He Has a Wife.

CRIPPLE CREEK, Colo., Sept. 22.—Hans Albert, a violinist, of international fame, who has been held for several months within the jurisdiction of the county court on the charge of lunacy, was yesterday pronounced of sound mind and set at liberty. This decision, according to several attorneys, may cause the question to arise as to whether Albert is married or single, and if he was in sound mind when he, as a prisoner on July 28th, extended his hand through the bars of Grace Gadsel of Ottumwa, Iowa, while a minister on the outside pronounced the pair man and wife. The marriage was pronounced void as Albert had not received a certificate of the effect that he had been restored to reason and Miss Gadsel returned to her home.

MILLIONAIRE'S SON CONFESSES MANY CRIMES

Charles Boyle Admits Having Robbed Fifteen Men, and Attacked Several Women.

SAN FRANCISCO, Sept. 22.—Charles Boyle, a former student of Stanford University, son of Henry Boyle, a millionaire property holder of Seattle and Oakland, and of a family conspicuous in the most exclusive society circles of San Raphael, is alleged to have made confession to a number of crimes committed in Merion County last spring. According to Sheriff Taylor, who interviewed young Boyle in jail at Salinas, the prisoner admitted that he had held up fifteen men in the national hotel bar at San Raphael and seriously wounded a constable, that he had attacked a young woman with a club and other offenses which for a time alarmed a quiet community. The sheriff knows of no motives for the young man's conduct.

At five o'clock this afternoon the annual convention of the St. John City and County Sunday School Association will commence in St. Stephen's church. At eight o'clock there will be a platform meeting when Rev. Dr. C. H. Flannery and Rev. A. B. Cohe will make addresses. A. H. Chapman, president of the association, will preside. At six o'clock luncheon will be served and from seven until eight o'clock a conference on various topics will be held.
