Grand Circuit Yesterday

Direct C. Burnett Won Hartman Hotel 2.11 Pacing Event.

Columbus, Ohio, Sept. 17.—One of the most important stake races of the Grand Circuit meeting here this fall was decided today, when Direct C. Burnett won the Hartman Hotel 2.11 pacing event in a hard four-heat race, dropping the second heat in 2.03 to Eva Abbie, who came with a rush that Murphy could not meet. Eva's mile in 2.03 was the fastest of the race. Goldie Todd and Direct C. Burnett met today for the first time this season. Goldie was not up to her best, and she was unable to get her nose ahead.
The Horse Review Futurity for three-year-old pacers was won by Julius DeForest in straight heats from the favorite, Goldie King. Peter Thornhill won the 2.15 trot without any trouble. This was rather a cheap race. The 2.09 pace went to Peter Elliott.

Ladies Play Golf At Montreal

Championship Competition of the Royal Canadian Golf Association Was Resumed Tuesday.

Montreal, Sept. 17.—With a record entry the ladies' championship competition of the Royal Canadian Golf Association was resumed, when the qualifying round was played over the course of the Beaconsfield Golf Club yesterday, the play starting early in the morning, and continuing until darkness was falling as the last pair approached the final green. The outstanding feature of the day was the play of Miss Nesbitt and Mrs. Hope Gibson, both playing as representatives of the Hamilton Golf Club. Both turned the cards of 88 for the eighteen holes, which is eight above par for the course.
Miss David, of Halifax, with a total of 101.55 out, 46 in and 6 handicap is among the sixteen ladies who will compete for the championship. Miss David was in tenth place.
Mrs. McG. Mitchell, of Halifax, in sixty-third place, totalled 196.1 out, 58 in and 16 handicap.

FOURTEEN CLASSES JUDGED AT DOG SHOW YESTERDAY

Robert A. Ross Made a Host of Friends and His Judgment is Considered One of the Features of the Show.

Robert A. Ross, the judge, certainly won a host of friends and admirers for the good work done yesterday at the second day of the eleventh annual show of the New Brunswick Kennel Club.
Fourteen classes were judged yesterday and last night, and the proof of Judge Ross' ability was shown in the fact that every competitor was thoroughly satisfied with the decisions handed out. Not only did Mr. Ross judge the entries, but in many cases set them up himself, getting better results than the owners were able to obtain.
Visitors who have attended most of the Upper Canadian shows are of the opinion that the local one is even superior to that of Montreal, and that the class of entries cannot be excelled by any in Canada. One of the features of the show is the way the local dogs are battling for premier honors, for many cases winning the special prizes over the pick of the Montreal and Toronto kennels.
Today the judging of the remaining breeds will be concluded and probably motion pictures will be taken of the various winners. Tonight the cups and special prizes will be awarded the winners, terminating the show. All dogs will remain on the benches until the close of the evening show.
H. R. McNeil has donated a special cup, in addition to those already on the list, for the best provincial red dog in any class. This cup will be awarded tonight.
The winners of yesterday's competition are:

Fern Hal Won Free For All

Good Races at Fredericton Fair Yesterday—Large Attendance at Exhibition.

Fredericton, Sept. 17.—In spite of threatening weather following the rain last night and this morning, this has been the biggest day yet at the Fredericton exhibition, more than 4,000 having paid admissions this afternoon, while tonight the crowds were larger than ever.
The show was complete for the first time, and with fine weather tomorrow and Friday should be two banner days. The amusement attractions gave their best performances today, while the Midway did a tremendous business. Because of the delay in getting the show started it is now planned to make Saturday one of the best days of the fair, and the show will remain absolutely complete until the closing night.
There will be two more days' horse racing, with three races each day, the classes on Thursday being 2.15 trot, 2.15 trot and pace, and 2.25 trot and pace.
In sensational racing over a muddy track, Fern Hal won the free-for-all at the Fredericton exhibition meeting here this afternoon, after Peter Furey, an even money favorite against the field in the betting, had been distanced the first heat, which was won by John A. Hal.
Fera Hal is owned by Dr. D. H. McAllister, ex-M. P. of Sussex, N. B., and has lately been racing in Aroostook County. During the afternoon the owner of Peter Furey, 2.07, offered to race either John A. Hal, 2.03 1-4, or White Sox, 2.03 1-4, for from \$500 to \$1,000 a side. W. G. Fenwick, of Bathurst, N. B., owner of John A. Hal, accepted to race, best two in three heats, but D. O'Keefe, of St. John, N. B., owner of Peter Furey, said it must be best three in five heats or not at all. There have not yet agreed upon terms.
Peter Furey acted so badly in the scoring that Starter Frank J. Power, of St. John, N. B., finally told Driver A. Johnston that he would have to take care of himself the next time down. The St. John pacer was still acting badly when he was told Driver A. Johnston did not save him from being distanced and also being distanced with Forefather in the 2.06 trot. White Sox won the good heat, and John A. Hal was the free-for-all, but Peter Furey's masterly driving won for Fern Hal, a five-year-old trotter by John A. Hal, who won the first heat in straight heats with comparative ease.
The summary:
Free-For-All Pacing. Purses \$400.
Fern Hal, blk. m. by Gold Hal (Camaron) 2 1 1 2 1
White Sox, b. m. by Delcoronado (Fenwick) . . . 3 3 2 1 2
John A. Hal, b. g. by John A. (J. Boutiller) 1 2 3 3 3
Peter Furey, b. s. (Johnston) . . . 2 1 2
Time—2.12 1-4; 2.13; 2.15 3-4, and 2.15.
2.25 Stake, Trotting. Purses \$400.
Bavaria, gr. s. by Bingara (F. Boutiller) . . . 1 1 1
Sam McKinley, b. h. (Gerow) 3 2 4
Harvest Hope, b. h. (Camaron) 5 3 2
Addie B., b. m. (Carroll) . . . 4 4 3
Native Worthy, b. h. (Sharon) 6 6 5
Forefather, b. s. (Johnston) 2 5 d.
Time—2.21 1-2; 2.20 1-4, and 2.20 1-4.
The officials were the same as the previous day except that C. W. Bell, of St. John, who has never missed a race meeting here in more than half a century, was the starter and acted as one of the timers.

THE HEART OF A DOG.

Where did they learn
The miracle of love,
These dogs that turn
From foes to sleep at our light
Whistled call.
Eager to fling
Their all
Of sacred and grace into glad following?
Not the wolf pack
Taught, savage instinct love,
For there to lack
The power to slay was to be hunger
slain:
Once down, a prey,
A stain
Of crimson on the snow, a tuft of
gray.
Was it from us
They learned such loyal love
Magnanimous,
Meeting our injuries with trustful
eyes?
Are we so true,
So wise,
So broken-hearted when love's
day is through?
Where did they learn
The miracle of love?
Though beauty burn
In rainbow, foam and flame, these
have not heard,
Nor tres nor flowers,
That word,
Only our dogs would give their
lives for ours.
—Katherine Lee Bates, in Life.

Not a Loan.
Short—I say, old man, can you lend me a five?
Long—Impossible. I've tried to lend you money several times, but you always seem to look upon it as a gift.

Schroeder Ascends 28,500 Feet, Record For A 2 Man Flight

Major Rudolph W. Schroeder, U. S. A., holder of the American one-man altitude record of 28,300 feet, made a new world's record of 28,500 feet for pilot and one passenger in a flight at Dayton, Ohio, on September 6, according to an announcement made last night by the American Flying Club.

The announcement from the club followed the homologation of data and barograph charts received from Colonel Thurman H. Bane, chief of the Army Airplane Engineering Division at McCosh Field, Dayton, where the record was made.
Captain Lang, of the Royal Air Force, ascended to an altitude of 27,800 feet with one passenger in a British airplane on January 2, last. Adjutant Casale, of France, is reported to have surpassed Major Schroeder's mark, and Roland Robby reached 31,000 feet recently in a Curtiss triplane, but neither record has been officially confirmed.
Major Schroeder, at Dayton, used a Le Pere airplane equipped with an airplane supercharger, or supercompressor, originated during the war, but never perfected until recently. The supercharger, according to Chance M. Vought, of the Flying Club, is a device to utilize waste exhaust gases to operate a small airblow which forces air into the engine at a pressure about equal to the normal suction of the motor at sea level pressure, thus keeping the engine functioning approximately the same as at sea level. The Le Pere machine, equipped with a Liberty motor, has a horizontal speed at sea level of 135 miles an hour. Equipped with the supercharger device, the horizontal speed of Major Schroeder's machine at 28,500 feet was maintained at more than 100 miles.
"In the future," said Mr. Vought, "airplanes equipped with these supercompressors will be able to attain heights hitherto regarded as impracticable—levels at which are found constant trade winds. These winds can be utilized to tremendous advantage in aerial commerce."
It is understood at the American Flying Club that Major Schroeder is preparing to break the world's one-man record with a machine equipped with the supercharger.

GAMES ARRANGED.

The Alerts and St. Peter's have arranged for a series of baseball games. The first game will take place on Saturday afternoon on the East End grounds.

MABEL NORMAND

The Comedienne in "Mickey"
IN HER LATEST LAUGH-TRIUMPH

"UPSTAIRS"

MABEL NORMAND IS PERHAPS THE LEADING COMEDIENNE OF THE SCREEN TODAY. In "Mickey" she clinched the title. The Imperial has never shown a more successful picture than "Mickey," which is the record of the story everywhere. So when we present Miss Normand in her latest hit today and tomorrow we are certain of greatly pleased patrons. "Upstairs" is the wistful tale of a hotel slavery who cringed and dredged "downstairs" but whose ambition was always to dance and flip around "upstairs" like the well-to-do patrons of the house. Her adventures in this uplift picture are ludicrous in the extreme.

RUMANIA MUCH BENEFITED BY AID OF ALLIES

Rather Slow in Arriving Has Resulted in Restoring Measure of Prosperity to Country.

BOLSHEVISTS DO NOT ALARM

Army of Greatly Harassed Kingdom Able to Confront With the Common Enemy

The Rumanian successes in Transylvania, the junction of the Czech Slovak and Rumanian forces and receipt of the first stores promised the Allies for the Rumanian army have enormously improved conditions in Rumania, says the Bucharest correspondent of The London Times.

In speaking about the Bolshevik dangers six weeks ago, General Averescu, who is moderate in his judgments, stated to me that he did for a moment contemplate that the Bolsheviks could break through the Rumanian line once the soldier reached the gravity of the peril.

"We passed through such awful moments in 1916-17," said the general, "that nothing that can happen to us now can approach those trials."

On the other hand, several fled officers, just returning from Transylvania, state that the Rumanian soldier "clothed in rags and in courage," is nothing but a heartened man as the arrival of the promised Allied equipment and rations.

Up to the present six food trucks for the army have arrived from France, each composed of twenty wagons, and containing a certain amount of equipment; from Italy 600 outfits have been received, another ship is arriving now from Italy, and the Rumanian soldier is not only better equipped but is better fed.

The newly clad and equipped Rumanian army will resemble what really is, a sort of international force against the Bolsheviks. This time, however, clothing means one race, with here and there a form of the old German uniform, and the Rumanian soldier is better clothed to resist the great war.

Of course, we rely on the Rumanian soldier to hold the Ukraine, as the French and British troops are only guarding its borders.

For the moment the greatest calamities of the Allied Kingdoms, has passed through so many trials in so brief a space of time, that it is the transport question. The impossibility of settling down normal financial and commercial conditions with the money standard, precluded to almost one-third of normal value.

It should certainly not be lost the Allies that, just as in Odessa, the end of the German occupation, rubble was worth one franc, and at the end of the Allied occupation, the rubble was sold for one franc, so in Rumania the rubble was worth one franc at the end of the German occupation, while today the rubble is quoted in Paris for 35 centimes.

Grain Production.
There seems to be considerable variety of opinion as to the amount of grain which will be produced in Rumania this year. Even after getting into the matter carefully, the most disorganized state of things cannot be exact about any of its figures, but I believe it to be safe to state that 530,000 hectares (1,310,000 acres) of arable and land worked this year out of one-half million. This amount of sown to even grain except wheat can never produce 1,000,000 tons, this amount is absolutely needed for the internal consumption of the country, the quota being 600,000 for nourishment and 400,000 tons seed.

Of course, while there has been great difficulty in obtaining sufficient seed, especially maize for corn, even greater difficulty has been found in obtaining machinery, horses and men for planting. Extraordinary demands on depleted man power occasioned by renewed mobilization on three fronts came just at the wrong moment for any extra effort.

Labor Men Tell Wilson Sympathy Strike Oct. 8 For Mooney Is Looming

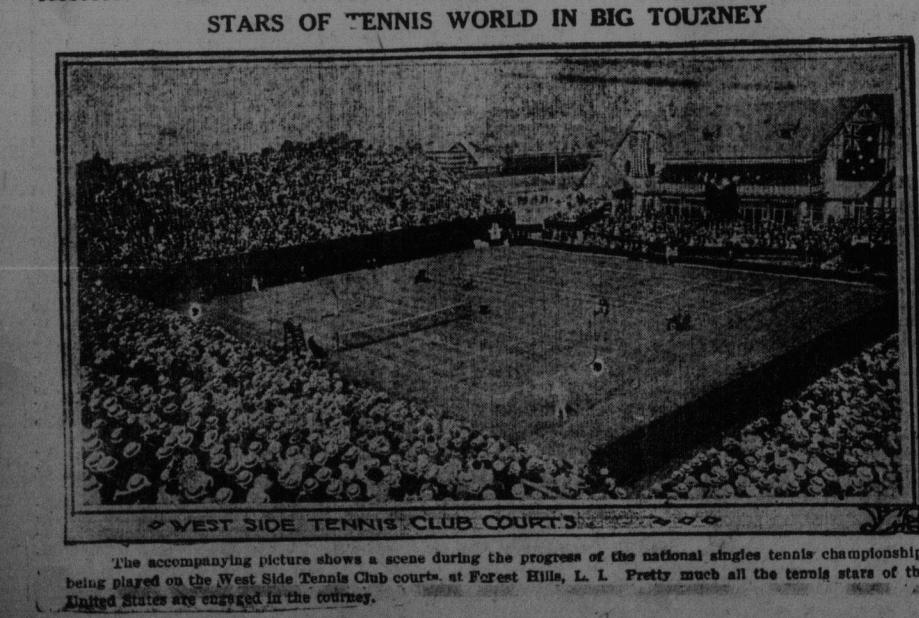

Seattle, Wash., Sept. 16.—Representatives of the Washington Federation of Labor here today before President Wilson labor union picture to him existing labor union which they said would make difficult if not impossible the prevention of nation wide strike October 8 in sympathy for Thomas J. Mooney, sentenced to life imprisonment for San Francisco bomb outrages in 1916.

Specifically the delegation for an appointment to see the president to present the case of "cal prisoners," notably those of M. Wells, Sam Sadler and Morris Joe Pass, the latter two being laborers, all serving terms of two years' edictious conspiracy.

Neither the President nor members of the delegation would discuss the conference.
