HIGH PERFORMANCE GOVERNMENT

Canada has had a Progressive Conservative government since 1984. A lot has changed for the better since then, but there is still more to be done.

Examine the record carefully. Look at the past and compare it to the present. Brian Mulroney has listened carefully to Canadian students. The PC government has acted decisively on behalf of young people all across the country.

▶ The national youth unemployment rate has fallen from 18.3% in September 1984 to 12%.

▶ Since 1984, federal spending on education has increased by \$300 million.

▶ The PC government has introduced a \$210 million action plan to curb drug abuse in Canada.

▶ The PC government has taken a firm and constructive stand against the Apartheid regime in South Africa.

▶ With the signing of the Montreal Protocol, Canada and some twenty other nations have agreed to reduce sulphur oxide emissions by 30 percent over ten years.

▶ The PC government has committed:

-\$80 million for the Canada Scholarships Program;

-\$240 million for the establishment of national centres of excellence;

-\$200 million to increase the base budgets of the university research granting councils;

-\$315 million to Natural Sciences, Social Sciences, and Medical Research granting councils.

▶ The PC government has committed up to \$369 million to match private sector contributions to university research.
