A BRIDE'S CONFESSION

"Yes, dear, I am married now, and George and I are keeping house in the loveliest flat on 64th St. Well, yes, we did get married somewhat suddenly. My health, you know, had for some time been very delicate, and Dr. Heavy-tee told mamma that he feared I would follow poor, dear sister Belle, who died three years ago from a wasting disease. Dear George was almost nearly cried my eyes out, but one day I overheard that George Blauvelt is just too lovely for anything, and when the girl he's engaged to dies, she is dying of a galloping consumption. By some chance she is to her shoes and become Mrs. George Blauvelt; now just you wait and see." This spring I thought George seemed to be almost resigned to the idea that he should never be married, and the thought that that despicable busybody might get him after all nearly drove me crazy. One day I read the testimony of Lawyers Howe and Hummel as to the wonderfully invigorating effect of DR. CAMPBELL'S ARSENIC WAFERS, and I resolved to try what they would do for me. I commenced their use on the 4th of July. George had just sailed for Europe on business for his firm. On Sept. 18 he returned. I was, from the use of the Wafers, by that time again a well woman, and so entrusted with me with my healthy and robust appearance that he insisted we get married the very next day. I could not say him nay, and, as you will see by my card, I am now Mrs. George Blauvelt. Do call soon and let me introduce George to you; I am sure you will like him, he is so handsome, and as good as he is handsome. Good-by; be sure not to forget."

THE DEY OF ALGIERS!
 THE SHAH OF PERSIA and the SULTANS of TURKEY and MOROCCO now PATTERNS and BEAUTIFY their harem exclusively on DR. CAMPBELL'S ARSENIC COMPLEXION WAFERS. So great is the demand for these marvellous Wafers that their manufacture is continued day and night. ILLUSTRATIVE of the desirability of a certain amount of Plumage, rumour has it that the above distinguished Oriental Potentates make it a practice to WEIGH their wives regularly once a month, precedence in rank and imperial favour being accorded to the wife possessed of the greatest number of pounds avoirdupois.  action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs. ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balsam, call for a 25-cent bottle to test it.

ONLY A COUGH!
 has brought many untimely graves. What is a cough? The lungs, throat or bronchial tubes have been attacked by a cold; nature sounds an alarm-bell telling where the disease lies. Wisdom suggests "TRY Wistar's Balsam of Wild Cherry;" it has cured thousands of persons. As long as you cough there is danger, for the cough is a Danger Signal. Use "Wistar" and be cured. None genuine unless signed "I. BUTTS" on wrapper.

CATARRH.
 A New Home Treatment for the Cure of Catarrh, Catarrhal Deafness, and Hay Fever.

The microscope has proved that these diseases are contagious, and that they are due to the presence of living parasites in the lining membrane of the upper air passages and eustachian tubes. The eminent scientists—Tyndall, Huxley and Beale—endorse this, and these authorities cannot be disputed. The regular method of treating these diseases is to apply an irritant remedy weekly and even daily, thus keeping the delicate membrane in a constant state of irritation, accompanied by violent sneezing, allowing it no chance to heal and as a natural consequence of such treatment not one permanent cure has ever been recorded. It is an absolute fact that these diseases cannot be cured by an application made oftener than once in two weeks, for the membrane must get a chance to heal before any application is repeated. It is now seven years since Mr. Dixon discovered the parasite in catarrh and formulated his new treatment, and since then his remedy has become a household word in every country where the English language is spoken. Cures effected by him even years ago are cures still, there having been no return of the disease. So high are these remedies valued, and so great is the demand for them, that ignorant imitators have started up everywhere, pretending to destroy a parasite of which they know nothing—by remedies the results of the application of which they are equally ignorant. Mr. Dixon's remedy is applied only once in two weeks, and from one to three applications effect a permanent cure in the most aggravated cases. N.B.—For catarrhal troubles peculiar to females this remedy is a specific. Mr. Dixon sends a pamphlet describing his new treatment on the receipt of ten cents in stamps. The address is A. H. Dixon & Son, 308 King Street West, Toronto, Canada.—Scientific American.

Sufferers from catarrhal troubles should carefully read the above.

Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. Excites expectoration and causes the Lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs. ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balsam, call for a 25-cent bottle to test it.

Household Hints.
 ROAST SPARE RIBS.—Trim off the rough ends; crack across the middle; rub with salt and pepper, fold over, stuff with turkey dressing; sew up the open side, place in dripping pan with a pint of water, baste frequently and turn once so as to get both sides a rich brown. A nice brown gravy can be made in the dripping pan after removing roast.
 BAKED POTATOES.—Have a hot baking oven, select and wash potatoes of uniform size, and put them moist into a clean oven. Do not open the oven if you can avoid it for half an hour; try if they are done with a towel. Eat them hot. Baked potatoes are preferable to all others, because the starch in them is partly converted into dextrine and easily digested.

As a Remedy for Coughs, Hoarseness and Sore Throat, BROWN'S BRONCHIAL TROCHISCS give the best possible effect with safety.
 "They have suited my case exactly, relieving my throat and clearing the voice so that I could sing with ease."
 T. DUCHARME,
 Chorister French Parish Church, Montreal.

SYRUP.—Excellent syrup that will pass for maple can be made by taking one pound maple sugar, three pounds granulated sugar; add one quart of water and boil gently till it thickens. The time of boiling is uncertain, but test by setting off the fire; if a crust of sugar does not form on the top it is about right.

PHYSICIANS having Consumptive patients, and having failed to cure them by their own prescriptions, should not hesitate to prescribe Allen's Lung Balsam. It has cured cases where all other remedies have failed. It is harmless to the most delicate child.

FOR A HARD COUGH.—For a hard cough, a home-made syrup from the following recipe is very good: Equal parts of thoroughwort, slippery elm, flaxseed and licorice. After steeping, add equal parts of sugar and molasses, and boil to a thin syrup. Dose, one or two teaspoonsful.

Hersford's Acid Phosphate Relieves Indigestion, Dyspepsia, etc.

TO PICKLE PORK.—Cut the sides into strips crosswise of the hog; cover the bottom of the barrel with salt, a coarse, clear, not white-looking salt is best, and pack in the pork closely, packing pieces on edge with skin side toward the barrel; cover each layer with salt and proceed in this way until all the meat has been put in. Make a strong brine with soft water, boil, skim and turn it into the barrel of packed meat while boiling hot. Weight the meat, so as always to keep it under the brine. If at any time the brine looks red or froths, pour it off, boil it, skim and return it while hot. Never put cold brine on old pork.

I HAVE SOLD WISTAR'S BALSAM OF WILD CHERRY many years, have received great benefit from its use, and can recommend it to all who suffer from coughs, colds of pulmonary complaints. CHARLES H. LEROY, Putnam, Conn.

MUFFINS.—Three eggs, beaten separately, one pin of salt, one tablespoonful melted butter, a little salt and three teaspoonsful Cleveland's Superior Baking Powder mixed with enough flour to stiffen.

TO MAKE SAUSAGE.—To forty pounds of meat use one pound salt, a half pound of sage, rubbed fine, and a quarter pound pepper. The salt, sage and pepper should be mixed before applying to meat. Some people sprinkle seasoning on meat before grinding. Never dip the meat in water before grinding or even wash it, as water will cause the sausage to sour. Sausage is the best when cut with the "Enterprise" meat chopper, as this machine does the work perfectly. Do not buy one of the smallest sized choppers; a larger size will be the cheapest in the long run.

TAKE ONE—a box of Esterbrook's popular steel pens when at the stationer's. The price will be found very reasonable.

PLUM PUDDING.—Heaping cup of bread crumbs, two cups of flour, one of suet chopped fine, one of raisins, one of molasses, one of sweet milk, tablespoonful of soda, teaspoonful of salt, one of cloves and one of cinnamon; boil two and a half hours in a pan set in boiling water, or steam for the same time. For sauce, take one cup of white sugar, butter size of an egg, juice and grated rind of one lemon, two teaspoonful of grated nutmeg, and white of one egg; beat these well together, putting them in a bowl within a basin of hot water and stirring until smooth.

DR. HARVEY'S SOUTHERN RED PINE for coughs and colds is the most reliable and perfect cough medicine in the market. For sale everywhere.

"Purity—Strength—Perfection."
CLEVELAND'S SUPERIOR Baking Powder.
 ABSOLUTELY THE BEST.
 All the ingredients used in making this Powder are published on every lab l. The purity of the ingredients and the scientific accuracy with which they are combined, render Cleveland's superior in strength and efficiency to any other baking powder manufactured.
 Food raised with this Powder does not dry up, as when made with baking powder containing ammonia, but keeps moist and sweet, and is palatable and wholesome. Hot biscuit and griddle cakes made with it can be eaten by dyspeptics with impunity.
 It does not contain ammonia, alum, lime or other adulterant. These are facts, vouched for by Government and State Chemists, Boards of Health, and eminent scientists.
