PHOTO SUPPLIES

A large stock, and for the convenience of
our customers a free photograph
dark room.

Latest Canadian and American Papers,
Novels and Magazines.

Mitchell's Bookstore

Queen Street, opposite Prowse's.

The Prince Edward Island Magazine

is making very satisfactory progress. The subscription list is steadily increasing. But there is still plenty of room for it to grow. Any assistance which present subscribers may give in recommending the Magazine to their friends will be greatly appreciated. Subscribing is the most satisfactory way of getting the Magazine. Subscribers get the first copies each month, and they have them sent right to their post office address. And the more subscribers the Magazine has, the better a magazine it will be possible for the publishers to put out. Give the Magazine a good word whenever and wherever you can. If, although a reader, you are not now a subscriber, send in a year's or a six months' subscription at once. Articles on any subject likely to prove interesting are always thankfully received. All correspondence, subscriptions, etc., should be addressed to The P. E. I. Magazine, P. O. Box 698, Charlottetown, P. E. Island.
