employment director sought

The Students' Union Employment Office has a job opening for a new employment director.

This year the office will begin operating during the winter, in order that summer work programs may be firmly established by summer. Last year the program did not begin until early in April.

Janice Pelletier and Ken Chapman were in charge of the Students' Union employment program which operated on a \$4000 provincial government grant. The program was run in cooperation with Canada Manpower, the Department of Youth, the Chamber of Commerce, and the student employment office at NAIT.

Pelletier said that the office worked mainly as an advertising and referral agency for the promarily "self-help" projects. Groups of students would form their own companies and the

employment agency would refer employers to them. They did, though, find 300 full time summer jobs for students. Canada Manpower undertook most of this task, however, Pelletier emphasized. About 5500 jobs were found for U of A, NAIT, and High School Students.

Students interested in the operation of the employment office may contact Janice Pelletier at 432-4236. Anyone wishing to apply for the position may see the receptionist, in the Students' council offices by December 7.

**University
of
Oregon**

College of Business
Administration
representative will interview
students interested in
graduate studies in Business
on December 7, 1971. For
further details contact the
