EX-10

Ottawa , 16th May, 1907.

Sir,

I am in receipt of your letter of the 10th instant, with which you forwarded ,among other things,an interim receipt from the British America Assurance Company for a risk of \$15,000. on the new church on the Tyendinaga Reserve;and in reply I may say that as it is not usual to place such a large amount of insurance on a building on a reserve you should bring the matter before the Council of the band with a view of ascertaining their wishes in the matter. Copy of the resolution passed should be forwarded. No time should be lost in attending to the matter.
