

had was on the 4th instant.
but was very slight in the
vicinity of the agency, up to
date we have only had 2% of
frost this season; but our
Black Bears and Peckwees
there appears to have been more,
on the whole very little damage
was done by the frost.

We will have the greater portion
of our grain stacked this week;
the Indians have about 1400 loads
of hay in stock at present.

I sent Mr. Great Grant 4
trap skins last month, and
will send him 8 more tomorrow
which will I think fill our
contract with that agency.

Our stock are all in
excellent condition.

The general health of the
Indians has been good during
the past month, there has
been 4 births, and one death
from old age. I have the honor to be

your obedient servant
Wm. J. Smith
Agent for the Agency
