

Ottawa, 17th July, 1902.

Dear Sirs,

I have your letter of the 14th instant, and in reply beg to say that I will see what steps we can take to introduce your deflectors. As I pointed out to you, however, it is impossible to compel these Schools to use this fuel saver if they do not wish to do so, but I hope, as no doubt the deflectors are a great saving of fuel, that we will be able to introduce some of them where a saving of fuel means a great deal to the Department.

Yours very truly,

Chas. F. Rees & Co.,

138 Victoria Street,

Toronto, Ont.
