made to the publishers about them. The publishers are well aware who does this borrowing, and that is one special reason why such persons are left out of the business part of the work. The publishers had an interview with John Lovell, Esq., the publisher of the Montreal Directory, and he says that the circulation of his book has increased in ten years from 1200 to 4200, while the St. John Directory has increased but very little in that time. The publishers of other Directories do not pretend to give gratuitously the Business Directory in connection with the alphabetical part of the work, but publish it separately and charge from fifty cents to one dollar extra for it. In future the St. John Book will be published in that style. In conclusion the publishers thank those who have supported the work so heartily, and those who in any way have given information to the work.
