

There are many Separators, each represented to be just as good as the De Laval; they are not, but like all counterfeits, they lack the remarkable qualities of the genuine.

Buy the De Laval and make the Dairy profitable.

Ideal Milk Ticket

THE old-fashioned pass book has been discarded by every up-to-date factory.

The Ideal Monthly Statement Card has taken its place. It is made of stout Manilla, and can either be delivered by the milk hauler or sent to the patron in an ordinary envelope. On back of card rules are given for "The Care of Milk." The Cards are now ready; order early.

Price: 25c. for 100; or a package of 1,000 for \$2.00, post-paid.

A factory of 100 patrons will require from 800 to 1,000 tickets during the season.
