# ROYCROFT HOLSTEINS

"The herd that sets world's records." We have a fine bunch of bull calves, our last crop. These are from some of our best cows. Any breeder who wants to get a real classy calf, to raise in the way he wishes, will never have a better chance than with one of these.

They are sired either by Pontiac Korndyke Het Loo or by King Segis Al-cartra Spofford,—bulls whose breeding needs no apology.

W. L. SHAW, ROYCROFT. NEWMARKET, ONT.

# Blackleg Tissue

Cutter's

Germ Free Blackleg Filtrate

The New, Safe and Efficient Agents for Protecting Calves from Blackleg.

Cutter's Blackleg Filtrate post-tively protects against Black-leg.

teg.

Cutter's Bisekieg Aggressin made directly from animal tissues, afferds even greater protection and is recommended for Pure Breds.

Neither the Flitrate nor the Ag-gressin can peasibly produce Blackieg in even the most sus-ceptible animals since both are germ free.

Both bave given 100% protection wherever used.
