The Struggle for Breath

IN ASTHMA AND BRONCHITIS IS PROMPTLY RELIEVED BY

DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE

The wonderful success of Dr. Chase's Syrup of Linseed and Turpentine in relieving the terrible paroxysms of asthma and the hard, dry cough of bronchitis, and in positively curing these ailments, is the best proof that it is far more than a mere "cough mixture."

This well-known medicine is composed of a number of simple yet powerful ingredients, which are of proven value in the cure of diseases of the throat, bronchial tubes and lungs. It is prepared by a long and tedious process, that cannot be carried out in filling a prescription at a drug store.

The ingredients are always fresh and of the best quality obtainable, for the reputation which Dr. Chase's Syrup of Linseed and Turpentine has built up in years of success must be maintained by every bottle that is sold.

Persons who have suffered from asthma for years tell us that they never found anything to bring such prompt and lasting relief. Sufferers from bronchitis have a similar experience, and, while this medicine is not recommended as a cure for consumption, it does bring wonderful relief from the dreadful cough that so tortures the weakened patient.

Dr. Chase's Syrup of Linseed and Turpentine, 25 cents a bottle, at all dealers.

Insist on seeing the portrait and signature of Dr. A. W. Chase, the famous recipe-book author, on the bottle you buy.

Donna Roma was by the noted sire, Woodend Garty (10663).

The Extended Popularity of

Diamond Dyes

Induces Speculators to Introduce Weak and Worthless Imitations.

DIAMOND DYES, true home helpers and money-savers for mothers and wives, are dear to every woman's heart.

Recently, speculators have gone into the package dye trade with the view of gaining a share of the immense and ever-increasing trade held by the manufacturers of the DIAMOND DYES, but all such efforts will, as in the past, result in failures.

The crude and worthless dyes brought out in opposition to the DIAMOND DYES, can never become popular, for the simple reason that they have not one good quality to boast of. The merchants of Canada who were induced to buy these adulterated package dyes now find them dead and worthless stock.

The progressive and busy druggists and dealers of Canada sell only the DIAMOND DYES, which have an established reputation of over twenty-five years. The modern merchant has not the time or inclination to encourage the sale of worthless and deceptive goods.

If our Canadian women desire full, brilliant and fast colors, they should at all times ask for the DIAMOND DYES, the only guaranteed package dyes in the world. When buying package dyes, see that the words DIAMOND PACKAGE DYES are on each packet handed out by your dealer. Wells & Richardson Co., Limited, Montreal, P. Q., will send free to any address their new Dye Book, Card of Dyed Samples, and new book in verse entitled "The Longjohns' Trip to the Klondike." This little book is interesting thousands.

GOSSIP.

EARLY SPRING BROILERS.

Hatched Almost Exclusively by Incubator

Prices for early spring broilers are usually highest during March and April, and it is in the fancy prices obtained for this class of poultry that the greatest poultry profit lies. Owing to the remarkable ease by which poultrymen can regulate the season of hatching by means of the incubator, it is not to be wondered at that ninety-five out of every one hundred broilers are incubator hatched. Leading poultrymen are profuse in their praise of the Wooden Hen, a 200-egg size incubator, made by George H. Stahl, of Quincy, Ill., which sells for the remarkably low price of \$12.80. The Wooden Hen is scientifically constructed, and it is claimed that it will hatch every fertile egg. Five minutes' time daily is all the attention required—easily operated by anyone. The new catalogue issued by the maker of the Wooden Hen is free to all. Address George H. Stahl, Quincy, Ill.

Mr. A. Edward Meyer, Guelph, Ont., writes: My Shorthorns are wintering well, and although I disposed of nineteen head at the joint sale held by Geo. Amos & Son and myself, at Guelph, on December 13th last, I still have at Sunny Slope Farm about thirty head of highly-bred Scotch Shorthorns. My chief stock bull, Scottish Hero (imp.), is developing into a very deep, heavy-fleshed bull, full of quality, and as smooth as an apple. His calves are coming thick, deep and mossy coated, and are such as will stamp him as one of the very best sires in the country. I have some young things from imported dams and sires about ready to wean, that I will sell at easy prices to get rid of them, before beginning to rebuild my barn and stables. Two of them are bulls, red-roses, of the right stamp and quality, sired by the Miss Ramsden bull, Prince Ramsden =40410=, imported by W. D. Flatt, and out of Rosabell (imp.), a Cruickshank Bellona, and Martha 11th (imp.), a Cruickshank Mysie. Both cows were imported by H. Cargill & Son.

OAKDALE BERKSHIRES.

The Oakdale herd of Large English Berkshires, owned by Mr. L. E. Morgan, Milliken, Ont., when seen by "The Farmer's Advocate" representative a few days ago, were in splendid condition, and presented a type that could not fail to be appreciated by the most exacting Canadian packer, for after all that has been said and written about the "ideal bacon type," this old, tried and reliable breed are more popular to-day than ever before; their strong, robust constitutions, their easy-feeding qualities, and their fitness for the production of the highest grade of bacon, all tend to make them immensely popular wherever tried, and among the many crack Canadian importers and breeders, none can show a choicer lot of breeding sows or a better class of stock boars than Mr. Morgan. At present there are about 75 head on hand, about a dozen brood sows, imported and bred from imported stock; a big, smooth, even, lengthy lot, with a grand quality of bone. The stock boars are Royal Kingston (imp.), and Lord Dawn (imp. in dam). They are a pair of great scale; long, even and up-to-date in type, and stand well on their legs, and their get leave nothing to be desired. Mr. Morgan is doing a straight, legitimate business. He does exactly as he says, and that is the keynote to the phenomenal success that has attended his Berkshire breeding venture. During the short time he has been in the business, very little over a year, he has shipped pigs all over Ontario, a number to Quebec, and orders are now coming in from the Maritime Provinces, and where one of his pigs goes other orders are sure to follow. He has now on hand for sale both sexes and all ages—boars ready for service and sows ready to breed; pairs and tries can be supplied not akin. Write him and make known your wants; he will use your right. Milliken is his P. O., and the farm is only a few miles north-east of Toronto.

WEAK TIRED WOMEN

How many women there are that get no refreshment from sleep. They wake in the morning and feel tired than when they went to bed. They have a dizzy sensation in the head, the heart palpitates; they are irritable and nervous, weak and worn out, and the lightest household duties during the day seem to be a drag and a burden.

MILBURN'S HEART AND NERVE PILLS

are the very remedy that weak, nervous, tired out, sickly women need to restore them the blessings of good health.

They give sound, restful sleep, tone up the nerves, strengthen the heart, and make rich blood. Mrs. C. McDonald, Portage la Prairie, Man., writes: "I was troubled with shortness of breath, palpitation of the heart and weak spells. I got four boxes of Milburn's Heart and Nerve Pills, and after taking them I was completely cured."

Price 50 cents per box or three boxes for \$1.25, all dealers or the The T. Milburn Co., Limited, Toronto, Ont.

A. J. MORGAN, London.

Attention is directed to the auction sale, on March 6th, advertised in this issue, of the entire herd of 50 head of Holstein cattle, imported Shire and Coach horses, and the 300-acre farm of Mr. Joseph Fletcher, Oxford Mills, Ont., near Kemptville Junction Station, O. P. R. Dairy stock and horses are in great demand, and this sale will afford a rare opportunity for securing good stock of either class.

THE WINTER FAIR.

The next Eastern Ontario Live-stock and Poultry Show will be held in Ottawa on March 5th to 9th. Prize money of the following amounts is given for competition in the different departments: Beef cattle, \$774; dairy cattle, \$700; sheep, \$760; swine, \$690; live and dressed poultry, \$1,750; seeds, \$121. Entries must be made with A. P. Westervelt, Secretary, Parliament Buildings, Toronto, on or before February 24th. Exhibition buildings will be light, warm and comfortable, and all exhibits will be carefully housed. The programme of lectures will be ready for distribution shortly.

HAS BEEN ALL RIGHT EVER SINCE

T. H. Belyea, P. M., Proves That Dodd's Kidney Pills Cure Permanently.

Some Years Since He Used Them Now and He Has Had Good Health Ever Since. Story of Well-known New Brunswick Man.

Lower Windsor, Carleton Co., N. B., Feb. 19.—(Special).—"Yes, I have good health ever since I used Dodd's Kidney Pills." The speaker was Mr. T. H. Belyea, postmaster here, and one of the most highly-respected men in this part of the country. Asked to give his experience with the great Canadian Kidney Remedy, Mr. Belyea continued:

"I had been troubled with my kidneys for a number of years. I tried several kinds of plasters and other kinds of medicines, but did not seem to get any lasting benefit. Hearing Dodd's Kidney Pills so highly recommended, I decided to try them, and they made a complete cure of me. That is two years ago now, and, as I said before, I have had good health ever since I used Dodd's Kidney Pills."

Dodd's Kidney Pills cure once and for all. There is no stage or form of Kidney Disease that they do not cure completely and permanently.
