J. BOAG & SON'S 1910 IMPORTATION

The 1910 importation of Clydesdale stallions and fillies made by John A. Boag & Son, of Queensville, Ont., have arrived. There are four stallions and six fillies. In the selection of this lot, Mr. Boag, who is recognized as one of the best and most conscientious horse judges in Canada, used his best endeavor and certainly brought over a most select lot. Cawdor's Laird is a bay three-year-old, by that noted sire of prizewinners, Baron Hood, by Baron's Pride, dam by the Cawdor Cup champion, Prince of Kyle. This is a colt that will take some beating next December; he is big, remarkably smooth, is flashy at the ground, and his action is faultless. Lord Morvan is a bay two-year-old, by the great breeding son of Sir Everard, Sir Hugo, dam by the renowned champion, Hiawatha. He is a colt of great scale from top to bottom, exceptionally smooth, and his underpinning has quality enough to please Canadians; he is a show colt of high order. Golden Favorite is a black two-year-old, and one of the best two-year-olds ever imported to Canada. His whole contour shows a flashiness of quality seldom seen; he is a show colt of high order, and his breeding is all along show lines, sired by Golden Pride, who was first at the Highland, and is full brother to Baron Charm, Baron Fergus and Benedict, three Highland first-prize winners, the latter a champion, and the four of them sired by the world renowned Baron's Pride. The dam of this colt was by Darnley's Last, also a Highland first-prize winner, and he by the great Darnley (222). Look out for this colt at Guelph. Prince Lonsdale is a bay yearling, by Baron Sensation, a full brother to the Cawdor Cup champion mare, Cedric Princess, dam by Lord Lonsdale, granddam by Darnley's Hero, by Darnley; this is an exceptionally well-bred colt, and will be heard from later. On hand, also, is the big, very smooth and thick bay four-year-old, Homestake, by the \$5,000 Royal and Highland first-prize horse, Silver Cup, by Baron's Pride, dam by the noted Prince Sturdy, who was so good a sire that he was exported back to Scotland; this horse was second at Guelph last winter in the three-year-old class, and it will take a good one to beat him this year. Angelo is a bay two-year-old, by the champion, Benedict, by Baron's Pride, dam by Knight of Drumlanrig. At Guelph last winter in a very strong yearling class, he was first, and his development since is all along show lines; he is smooth to a turn, and has quality to spare. Last is that grand sire Ardna-hoe, a brown six-year-old, by the four-times winner of first prize at the Highland, Pride of Blacon, dam by Mountain King. This horse has travelled in his home section for three years, and increased in popularity every year, as his colts showed so well; he is a grand horse, and a grander sire. Prominent among the fillies is the immensely big bay two-year-old, Zuelka, by the unbeaten champion, Everlasting, dam by the H. & A. S. champion, Prince Thomas, granddam by Darnley. There is no better bred mare alive, and she should develop into a tonner; she has the best of underpinning, and is an all-around, big, drafty, top-notch. Another very big, drafty two-year-old is the brown Silloth Chief-tiness, by Douglas Chief, dam by Mont-trave Matchless; she is of draft character all over, on a powerful good bottom; she will make a right good one. Rosie of East Grange is an exceedingly nice two-year-old black, a filly of quality, that will make a high-class show proposition, sired by Dunedin Marmion, dam by Prince of the Glen. Jean Lamont is a bay two-year-old, by Sir Ronald, dam by County Fashion; she is a very sweet filly, one that will please anybody; a right good kind. Then there are a well-matched pair of bay yearlings, that have size and character and the best of underpinning, and their breeding cannot be beaten. Hilda Thomas is by Everlasting, and her dam is by the great Prince Thomas. Miss Cocker is by the noted Pride of Blacon, and her dam is by Prince Thomas. All these horses are for sale, and the Messrs. Boag are among Canada's most reliable importers.

A man is nothing short of a fool who is not also a very honest.

Quick Fattening or Slow Growth

A hog doesn't—of necessity—fat quickly because he eats a great deal of corn. Quick fattening comes from an economical use of corn; from a way or system of feeding which enables the hog to take the food elements out of corn—by good digestion—and put them on his bones as flesh and fat. Good digestion is the great secret of quick fattening; and "good digestion" is a strong and permanent characteristic of hogs and other domestic animals which receive daily small doses of

DR HESS STOCK FOOD

This preparation is not a ration, but, when added to the ration given, acts as a tonic to aid and strengthen the digestive apparatus. This is "the Dr. Hess Idea" of feeding which teaches that "a poor ration, well digested, is better than the best ration, poorly digested." In actual practice, Dr. Hess Stock Food shortens the time necessary to fatten a hog, steer or sheep and saves many times its cost in decreased food-loss. It increases milk flow for the dairyman; cuts 3 or 4 weeks off the fattening period for a steer; keeps horses in prime condition; makes sheep husbandry pay and relieves minor stock ailments.
