OVER THE FALLS.

Another Victim of the Great Cataract— Sad Death of a Parisian Lady.

Niagara Falls, June 21.—This morning about half past ten o'clock a lady named Mrs. Pierre Rolland, a guest at the Park Hotel, fell into the Niagara river and was swept over the Horseshoe Falls. The details of the affair are as follows: This morning Mr. and Mrs. Rolland, who were recently married, left the hotel in apparent good spirits and took a walk around the village. They went to Goat Island about ten o'clock, and according to the husband's story, walked around it once, and when on the Canada side she went to the water's edge, with the intention of getting a drink, when her foot slipped and she fell into the river, the rapid torrent quickly carrying her away. What seems remarkable is that the husband made no outcry nor told anyone about the sad affair until he returned to his hotel. Neither he nor his wife could speak a word of English, so that it was some time before he made himself understood. Rolland and family were residents of Paris, France, and were consequently of French extraction. They were en route from Japan, and were to have left the Falls this afternoon for the East. Considerable excitement exists here over the affair. Rolland was perfectly frantic and had to be closely watched to prevent him from committing suicide.

STRATFORD.

A Mrs. John Carey, the other day went into the Grand Trunk yard to drive out some geese. As she was doing so, the yard engine and some cars came dashing along the track near which she was standing. Mrs. Carey is very stout and could not squeeze herself into the small space between the cars and the fence, and the consequence was she was caught by the passing train and rolled around for some distance. Several of her ribs were broken, and she was otherwise very badly bruised.

PALMERSTON.

The new Agricultural Park will be opened on the 1st of July. A committee of the leading men of the town have rented the park for the day, and have arranged a programme of sports which cannot fail to draw a large crowd. One part of the day will be devoted to horse racing, for which good purses will be offered, and as the track is half a mile in circumference it is expected there will be some good horses on the ground.

DAIRY MARKETS.

On Tuesday, Mr. Atcheson of Elma, shipped 250 boxes of cheese from the Bluevale factory, and 120 packages of butter from Goldstone, via G. W. R. for Glasgow 51c. was the figure paid for the cheese. Butter forwarded on consignment.

London.—The cheese market on Saturday last proved to be the largest, in point of attendance and offerings, of the season. The cable advices had further declined one shilling during the week, and stood at 37s. Sales were made as follows:—North Branch, 450 boxes, 51c.; West Nissouri, 40, 51c.; Pond Mills, 250, 51c.; Belmont, 30, 51c.; all the first half of June orders. Also the following of half-May and half-June together:—Elgin, 180 boxes, West Maadala, 350, each 51c. Total offerings, 2,250 boxes; total sales, 2,000 boxes. Some factories are shipping their cheese on consignment, preferring to take the chances of the market rather than the low prices current, which are, nevertheless, fully as high as are justified by trans-Atlantic reports.

Latest cable advices from England report a dull market. New York gives cheese market moderate, and business uncertain.

Utica, N. Y., June 23.—Ninety-eight hundred boxes of cheese sold at 5c to 5½c, the latter price being the average; fifty-eight hundred boxes consigned.

Coal oil, 20 cts.; 5 gallons 90 cts.; medium sized crimp top chimneys, 5 cents; good burners, 10 cts., at Hacking's drug store.

PAINTS, OILS AND COLORS.—For the largest stock, best material and lowest prices at Hacking's Drug Store —21
