BROUGHT THE BEAR.

The schooner New Dominion arrived at port this morning with a cargo of lumber for the Hadley Co. from the Georgian Bay district. Capt. Waggoner brought with him his fine-looking bear cub, which he captured by force of muscle. Mr. Bruno shows great distinction in selecting his friends, but seems to have considerable respect for the doughty captain.

A GREAT CHANCE.

It is, perhaps, unnecessary to say that R. R. Reid is establishing a reputation for turning out fashionable clothes. Mr. Reid has been so long in business that his ability in that line is unquestioned. Yet this year he is making a special effort. He is not only giving the latest styles and the best cuts, but he is offering remarkably low prices. No better chances to get a good fall suit can be obtained. The regular theeting of the W. C. T. U. will be held on Thursday. Nov. 3rd, at the home of Mrs. Tristem, Wellington street. Being the day for the monthly prayer service, a good program is being prepared. The Bible reading will be given by Mrs. Cruickshapks. Everybody is welcome.

THE FACTS REGARDING THE RAPID INCREASE OF HEART TROUBLE.

Heart troubles, at least among Americans, are certainly increasing and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stemachs, of poor diges

Dr. J. P. Rutherford received a letter yesterday from his son Reginald, who is attending the Toronto Medical school. Reg. says that the Dean of Faculty, Dr. Reeve, is setting up the refreshments at the annual supper in lieu of a hustle. The dean, says the ex-C. C. I. boy, may yet be fooled on on that hustle.

Yesterday afternoon Judge Bell enlarged the case against George Mints, of Ridgetown, alleged to have carried on a lottery, until Nov. 14. During the interval the judge will look into the citations presented by Walter Mills for the defendant, who argued that the case did not come within the statute.

The wheat market is strong at 700, The law of supply and demand regulaction for the defendant, who argued that the case did not come within the statute. The wheat market is strong at 700, The law of supply and demand regulaction of a story that was going the rounds at the time of the repeal of the corn laws in England. One farmer who was not in favor of it was talking with a farmer who was. Said farmer No. 1, the repeal of the corn laws will make no difference in the price. It's the law of supply and demand charaction of the corn laws will make no difference in the price. It's the law of supply and demand charactions. sult of weak stomachs, of poor digestion.

Real, organic heart disease is incurable; but not one case in a hundred of heart trouble is organic.

The close relation between heart trouble and poor digestion is because both organs are confolled by branches of the same great nerves, the Sympathetic and Pneumogastric.

In another way, also the heart is affected by that form of poor digestion, which causes, gas and fermentation from half digested food; there is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomfach on the beart and lungs, interfering with their action; hence arises palpitation and short breath.

Poor digestion also poisons the blood, makes it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

This can best be done by the regular was first meals of some safe pleasant.

Should not be worn without intelligent advice. Whenever an eye finds reliefain a shaded or colored glass SOMETHING is going wrong with the interior of that eye that, needs attention. If it were not so the light would not irritate. Seek advice—the kind that I can give you—the kind that only can be given after a thorough and intelligent examination. Glasses if you need them—none if you don't. E. J. MacIntyre, leading opticia.

Places And it Elected Him.

Whithy Nov. 2.—The latest returns obtainable here to-day indicate that Hon. John Dryden has been elected for South Ontario by a majority of 79, with one polling place named Greggs, in the township Reach, to be heard from, which will probably reduce the majority somewhat.

This victory for the Minister of Agriculture has been gained mainly through the vote at Oshawa, where a complete turnover took place, a Calder majority of 63 at the election in March last being converted into a Dryden majority of 51 in the present contest, or a difference of 85 votes. East Whithy also helped Mr. Dryden considerably, by increasing his majority from 75 to 124. In Whitby township a Calder majority of 27, or a difference of 53 votes. "The same change took place in the village of Brooklyn, where the majority of 20 received by Mr. Calder at the general election was wiped out. In Reach township last March Mr. Calder had a majority has been reduced by at least 30.

Wei-Hai-Wei, Nov. 2.—All the British warships here, have cleared for action and are ready for sea at an hour's
notice. The first class battle-ship Victorious and the first-class cruiser Undaunted, at Che-Foo, are conling to
their full capacity. The greatest secrecy is maintained as to the meaning
of these war-like preparations; but
there is no doubt important instructions are expected at any moment. A
