## LEAFS BREAK LOOSE WITH BASE HIT BATS

Toronto, July 7-For those who like their ball games full of runs and base hits, the 9 to 4 defeat of Richmond at the Island Stadium yesterday was a festival. Apparently, the Leafs have devised some means of extracting the safeties from their bludgeons. In the fifth innings they drove big McKenery to the seclusion of the shower baths. This feature of of the shower baths. This feature of the battle was particularly satisfact-ory, as McKenery had already beaten the Islanders twice. A new-comer Mahafery went to the hummock and pitched good ball, but the Leafs nick-

McTigue had shut out the Virginians up to the fifth, but the first three batters to face him in that three batters to lace film in that round hit hard, clean singles, and Manager Birmingham called Manning in from the bull pen. The veteran stopped the slaughter in short order. To-day the Leafs will tackle the Vingings again and as it is Ladies' Virginians again, and as it is Ladies' Day, a big delegation of the fair sex is expected to attend. To-morrow the teams will play a double-header, the first game at 2 and the second at 4

Hurling.

Two no-hit games, a one-hit game and a two-hit game or so within the span of a week in one of the major leagues indicates that in spite of weather handicaps the season has progressed to the point where the pitchers are beginning to assert themselves, and from now on we may expect a shrinking of scores and batting averages, with the twirling department claiming the 80 per cent. Alibis will be offered for weak batting, of course. Whether the fan public would prefer free hitting to tight pitching is another question and one that others must answer. The point of it is that pitching we have with us and will lave in midsummer of any season until the game is revised in some essentials.
