### HARBORVILLE.

Their was a bul lot evicment her the other mornin. The old feller on the hill was shovelin snow, when he noticed that their was sun trouble over the Bloom Morrises, so he kept an eye peeled, and seen that his flue was a fire, and Bloom skinnin up on the roof with pails uv water, and lye and by he seed that Blum was pullin off shingles with his hands and a socken water down inter the house, so he thot it was time to be doin somethin, and terlerphoned down ter Ben Bezanson shop, to hev him send up all the boys that was restin from their wery labors at the flat, and they certinly did hump themselves up that hill to Blooms and even the old feller himself went over, and took his persition at the well, and bauled up the water, and so with the help uv the negbors, the fire was finally put out and a grate catasrophephy averted. Bloom was a plesed man, thet his huse was saved, especilly as ther wusent a dern cent uv insurance, es Bloom hed put all his money inter War Bonds, and hed run to buy insurance with.

Thes war times air strenus times, Howard, but once inter a while their is a bright ray uv sunshine comes along like a letter what I seen the other day thet was writ by a kid uv ours thet hes been "Over the top" in every crany they hev hed fur the last year or more, over ther in France, hers what he says in a letter to his mother thet he write from old Edin-buro, wher he is heven a little rest from fightin the germans" Edinburg, Dec, 17th 1917. Dear Mother: Just a line to let you know how I am gettin along. Well, Im sure enjoyin myself. I wuld sure like to stay here in Bonnie Scotland the rest uv the war. I left the Base, three days ago, was on the road one day and in London two days waiting for my turn at the Pay Of-fice and I hev been here two days if I hed know what a lovely place this was, I wuld hev hurried away from London quicker. All the people here not only the girls think the world uv a "Canadian soldier. We was out this afternoon, on the Tram cars, fur a ride over the city, and hed a lovely Scotch girl for a guide, to show us everything. I wuld like to stay here fur twice fourteen days. I suppose you will smile when I tell you I hev a little scotch lassie that I met last night at dinner. She is a real nice little girl, and full uv fun as all the scotch girls air, and they dont want you to spend money on them as the London Girls do. The scotch girls dont want you to, and if you hed no money they wuld get you sum. They want to show you all the sights To-morrow we air goin to see the largest bridge in the world, and the Castle. Thers so much to see I dont know wher to start, and I have got to be back to London on the 26th, so theres only Nine days to do it all in, and then back to h—.

Do not think even for a minute that I am forgettin good old Nova Scotia, and you for I am not and I am longin for the day to cum when I can come home to you again and help you. God has been real good to me and has spared me through it all so far, and I hope and pray he will continu to do so till this old war is over. I am sendin you a little Christmas present from old Edinburg. Thats sum Kid, and it ought to do sum of the fellers that air still lyin around to hum sum good. Maybe it will make them think what kind uv fellers they be.

I was redin in the paper the other day, wher Harry Lauder said, that he wuld give every dollar he hed—and thats some few—and every dollar he hopes to get, to hev his boy back again, what the germans killed, and yet we hev hundreds uv people here in Nova Scotia thet wuldnt giv a potater to save the life uv a kid over in France what is fighin fun em. What we want to do down here, is to set off a-bout half uv Nova Scotia, in which to

herd up the fellers that wont doa dern thing to help save ther counry.

We hev a wider and her datter, livin over here on a little farm, and those two women work like blazes to make a livin, without any men folks to help, so I was most tickled to death last Saturday, ter find that all uv our young fellers hed went up there and hed put in the best part uv the day cutin wood fur them two weemoth, so they could keep warm through the cold winter. The boys aint goin to lose nothin by it, fur the good Lord hes a way uv makin thos things out right.

Our peacher wasent over last Sunday, es he was over to Aylesford, helpen them to break in their new church so we hed a gentlemen from Over the mounatin to preach to us benighted hethen. I was some surprised to see him comin along ridin behind a horse, for I was always led to believe that the Sect what he belonged to didnt believe in workin on the Lords holy day, so I was wonderin hew he com to make the poor old horse work haulin him over the mounatin and back, but the old women told me to mind my own business, and stop sawin wood on Sunday, so from now on I'm goin to quit and see how she likes sitten round Sunday without no fire, fur I cant get a days wood ahead. I found out afterwords, it wusent his horse. It wus Fred Fishers, ad thet old sinner drivn his own, just the same, the peacher gav as good sermon, if we wuld only do es he sed.

Private Bernard Morris, who was in Hospital at Halifax, tryin to get his arm fixed up, what was shot to peec over in France, and wus sent home when Halifax, was blowed up, went back saturday to the Hospital, es the doctors down ther want to do a few more things to his arm. Commodore perry, is busy thes days seain that the fellers he hes wurkin on the wort keep reasonably busy. Our enterprisen country councillor Ben Bezanson hes went to your city to tend the council meetin, I hope he will hev a talk with wever about them alders.

One uv our women, what belongs to the Knitten circel hed a letter from a soider over to France, what hed found her name in a pair uv socks he hed received. He thanked her fur them, and was prond to know that the canadian women wus knitten so meny socks for the boys. Its dern lucky thet let-

ter cum, cus ther was a story goin round thet the socks the women wus knitten was bein sold to anyone what had the price, and sum uv the women sed they wusent goin to knitt no mere, but when they seed thet letter they sed they wuld keep on knitten. Also, if they ken raise enugh beans they air goin to give a bean supper or somethin like that to raise money for the Red Cross. I wish sum one wuld get up a bean supper or somethin ter help me out.
