DEATH WAS SUSPICIOUS

Girl's Body Found in Water
Bruised And Cut

Went Out With A Young Man For A Row In The Lake

Bridgeport, N. J., June 20.—Miss Mary Vennel of this city lost her life in Sunset Lake Tuesday night, under such peculiar circumstances as to cause the police to start a thorough investigation.

Shortly before 10 o'clock Tuesday night the girl started with George Evans of this place for a row on the lake in a steel non-sinkable boat. Shortly afterward the boat was found filled with water, while nearby was floating a hat. A policeman was sent to Evans' home, where he was found in bed. His wet clothing was hanging over a chair.

He was taken to the lake, and when asked for an explanation of the affair, said that he hired a boat and started for a row with Miss Vennel. When near a place called Piney Point the girl wanted to row, and, in changing their positions, the boat sank under them. Evans said he had great difficulty in freeing himself from his companion, who, he said, was screaming for help while she held him tightly around the neck. They had gone down twice, Evans said, when he freed himself and swam ashore. He ran all the way home and did not tell anyone of the drowning of the girl. Her body was found yesterday in four feet of water. The body showed several bruises, and there are cuts on the face.

The police say they have been unable to find anyone who heard the girl's cries, if she made any. The shore of the lake was lined with people at the time of the drowning, and there were many boats on the lake in the vicinity.

Ideal Weather Prevails During McKeough School Picnic Yesterday Afternoon—List Of Those Who Won The Various Events

The annual McKeough school picnic was held yesterday afternoon and evening on the school grounds. This is one of the long-looked-for events of the children of the school and that vicinity.

The weather was ideal and a very large attendance was present. In the afternoon a game of baseball between a picked team from the C. C. 1, known as High Flyers and the McKeough school team was played off, and resulted in a victory for the visiting team. The playing was fast and exciting all through.

At four o'clock supper was served to the students of the school. Each teacher summoned her class to their class room and served them their supper in their respective seats. At six o'clock the races began, and were the best that have yet been held on the grounds. The 24th Regiment Band was in attendance and a promenade and dance concert was held in the open play shed. The fireworks were the best yet, and were very much enjoyed.

The first race was known as the Race of the Nations, at six o'clock. The competitors started from McKeough school, crossed over the Abner bridge, up King street to the Victoria street, and across the river down Victoria avenue to the school. Each nation was represented by nine boys, and resulted in favor of: 1st Scotch, 2nd English, and 3rd Irish. The winners in the races were decided upon by the points made, each winner getting so many points, as will be seen in the schedule underneath. The following is the result of all the races:

WOULD LIKE TO STOP CASE

But Editor Crockett Pleads Justification And Wants Evidence.

Sir Wilfrid Laurier Intervenes In The Emmerson Libel Case

Frederickton, N. B., June 20.—If on Tuesday the Crockett forces seemed to waver, yesterday Mr. Emmerson and his supporters were in headlong flight. They fairly begged in the morning for delay, and it is doubtful if they can be forced to trial to-day.

It is known that Sir Wilfrid Laurier is calling a peremptory command to stop the case and that the call is received by a third party in Montreal, who repeats it to Frederickton. The plea filed yesterday morning by the defendant to the indictment, in addition to a general denial set up in justification that the charges made by The Gleaner were true and that Mr. Emmerson was in fact ejected from the St. Lawrence Hall in company with two women of ill-repute.

"And," reads the plea, "the said James H. Crockett further says that before and at the time of the publication in the said indictment mentioned, the said Henry R. Emmerson was Minister of Railways and Canals in the Government of Canada, and that the personal morals and conduct of members of the Government of Canada were and are matters of public interest, and had been discussed in Parliament and in the press, and it was desirable and proper in the public interest, and for the benefit of the public, that facts of a disgraceful and degrading character in the lives of Ministers of the Government should be made known and published, so that the Government of Canada might be purged of men whose personal character rendered them undesirable and unfit Ministers of the crown, by reason whereof it was for the public benefit that the said matters charged in the said indictment should be published, and this the said James H. Crockett is ready to verify, whereof he prays judgment, and that by the court here he may be dismissed and discharged from the said premises in the said indictment above specified."

Fugley For Delay.
Mr. Hasen then asked that the case be proceeded with, but Dr. Pugsley objected on the ground that he had not had time to prepare a demurrer.

"The defence had no right to assume that the case would proceed on any particular day. Until we know what the issue is, we cannot know what witnesses are necessary," he said. "If the plea should be sustained on the demurrer the crown will require witnesses. The plea is so broad, and opens up such an opportunity for evidence, that it would have been impossible to have anticipated what witnesses the crown would require. It is of great importance, because of the principle involved."

Delay was then granted and the crown will file a demurrer stating that the facts contained in the plea do not constitute a defence to the indictment. This demurrer will be overruled, but it is not likely that the trial can go on, as Judge Landry has empaneled a jury and is hearing civil cases.

Mr. Crockett is demanding immediate trial. He will make no retraction and he will agree to no compromise. The crown must absolutely back down or try the case. One very sensational bit of testimony to be provided by the defendant is to the effect that there was another man in the party ejected from the St. Lawrence Hall, and that the four went to the Albion hotel, where they registered as William Harding, the Misses Harding and Jack Harding of Peterboro, Ont.

HALTED BY DEATH SIGN.
Terrified Witness' Lips Seized by Black Hand Signal.

New York, June 20.—In the shadow of the ermine itself the Black Hand sign of death proved potent. Ignazio de Leonardo, convicted of kidnapping Little Salvatore Siatto, offered to testify against his accomplice, Pietro Pampinella, to get a lighter sentence. As he was about to speak, Pampinella leaped forward and brought his hands, one on each side, down from his temples until they met under his chin. De Leonardo's eyes bulged out in terror and he was unable to speak, the muscles of his throat working convulsively.

"What is the trouble?" cried Judge O'Sullivan. "Are you ill?"

"Yes, I'm sick," mumbled De Leonardo with a slack jaw. "I cannot testify."

"Why not?" demanded Judge O'Sullivan.

"I have seen the sign of death," De Leonardo answered, jerking his words out as though in pain. "Pampinella has just given me the sign of death. It is 'Il Mano Nero' the Black Hand." I will not testify."

It took the jury only two minutes to convict both men.
