An Excellent Remedy for the Children.

Mrs. Laura Jackson, Brantford, Ont., writes: "I have found Baby's Own Tablets such an excellent remedy for children that I have no hesitation in recommending them to all mothers." Thousands of mothers say the same thing concerning the Tablets. Once a mother has used them she would use nothing else. They are for sale at all druggists or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

5,000 Facts About Canada.

The public will welcome the new issue for 1916 of "5,000 Facts About Canada," the popular and valuable cyclopedia of Canadian dates, compiled by Frank Yeigh of Toronto, the well-known writer and lecturer on the Dominion. No up-to-date and intelligent Canadian can afford to be without this "hardy annual," which is a revelation in concrete form of the wonderful growth of our country in a single year, despite the war conditions; indeed, it circulates all over the world, and as such is a splendid advertisement. The chapter of "War Facts" is, by the way, both timely and illuminating. Fifty other chapters are devoted alphabetically to every phase of our national life, from Agriculture to the Yukon, while several sketch maps are of high value. Copies may be had from newsdealers or by sending 25c. to the Canadian Facts Pub. Co., 588 Huron Street, Toronto, Canada.

Children Cry FOR FLETCHER'S CASTORIA

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition. For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses its concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong and active. Scott & Bown, Toronto, Ont.

Our Soldiers Appreciate.

Mrs. Archibald is now receiving scores of letters from No. 2 Canadian Stationary Hospital, Boulogne, written by wounded soldiers who had eaten of the preserved fruits, etc., shipped in November.

Several of these letters were written by the officers on behalf of the soldiers too ill to write for themselves, representing the patients of the Manitoba Ward, the Sask. Ward, Alberta and Port Hope, etc. This means that some hundreds of our brave boys have thought appreciatively of those at home who remembered them.

The gratitude expressed to all those who assisted in the making of the gift was indeed touching. The following excerpts from some of the letters speak for themselves:

One lad writes: "It is with a grateful heart I write to thank you for your great kindness in sending us the preserves. The cherries which I had for my supper tonight reminded me of my old home in Canada. May the Lord prosper you in all your doings for your kindness to us, etc."

Another says: "I just came down from the trenches four days ago, and I surely appreciate the preserves I had for supper tonight. My home is in Alberta and there is not very much fruit out there. There are a few lemons in the ward from Nova Scotia, and from the way they describe it I gather that it is a very nice place. After the war I hope to get a chance to see it."

Still another from B. C.: "I have been one of the lucky recipients of some of your preserves, and can't tell you how much I enjoyed them. My mother was born in Nova Scotia. We have had a great many presents from Canada and they are greatly appreciated by all the boys. This from a Pictou county lad: "Just a line of thanks from the boys in 'Quebec Ward' for the fruit so kindly sent by you. There is nothing to compare with the homemade preserve, and the boys know it." From Alberta Ward: "Let us thank you for the fruit you sent. The boys in this ward say it is the best they ever tasted. We all think you very much for we are all a very hungry bunch when we come down either sick or wounded."

The following shows the stuff of which our Canadian heroes are made: "I am taking the liberty of writing a few lines of thanks to one of the many kind ladies who have been so thoughtful of the wounded boys who are in the hospital. I am one of the fortunate to have had only a piece of shrapnel cut through my sweater and two flannel shirts. It bruised my back badly but I am getting along nicely owing to the tender care of our doctors and nurses, who are very hard worked indeed, but we are all fighting for king and country and we will win sooner or later. Now I must close, trusting you will understand how we appreciate your generosity in sending us such luxuries."

On behalf of the patients in Manitoba Ward: "It is my pleasure and privilege to thank you for the treat you have given us in the shape of those delicious preserves—just like another used to make. We certainly all appreciate them. We wish you all health and happiness, etc."

From another Scot who has long been ill: "I have been a patient in this hospital for a long time. I would like you to know how much we all appreciate your kind gift of jam. Really I have not tasted anything so good since I left Canada."

From a Sergeant in Sask. Ward: "It is indeed a great pleasure to me to be able to write and express my sincere thanks to you, for the excellent preserves you so kindly sent for the boys here. We all consider ourselves very fortunate in being able to have such fine preserves at our meals. It is good to know how the people of Canada are interesting themselves in us."

From a homesick one: "I happened to be in the hospital and have had some of your delicious cherries. They were certainly lovely. We don't get a dainty like that every day, especially up at the front, where the weather is awful. I hope it will soon be all over, so that we can get back home."

From one who signs himself an unknown friend: "I am in Port Hope Ward, writing this lying in bed, so you will have to excuse the few lines that I write you to thank you for the great treat you sent us. There are quite a number of Canadians in the hospital and we couldn't be treated any better. They have dandy doctors and nurses."

This from a Toronto boy: "I want you to know how pleased we all are to receive your preserves. I think the women of Canada are doing a great work for us men."

Still another came written by a native of France in his own beautiful tongue, stating that he was glad they were not forgotten in this time of need by the women of Canada.

The N. B. Ward sent this word: "We wish to thank you for the pickles which made our dinner today a most sumptuous repast, especially as real homemade delicacies are very rare to us boys at the front."

From the matron of the hospital she quotes: "Dear Mrs. Archibald,—It gives me great pleasure to tell you of the safe arrival of your wonderful gift. When I tell you that we have between 80 and 90 per cent of our patients Canadian you will understand how much they appreciate the treat from home. Three of the men who were fortunate enough to be here at the time the boxes were opened are Nova Scotians who know Wolfville. Many are writing you notes of appreciation; the ones who needed the fruit juices are too sick to write you. But their appreciation is just as sincere."

The sisters too were just as glad to have such a treat for their men. Please accept my heartfelt thanks. I know the effort was great but it was worth while. You would feel amply repaid if you could see the men's appreciation. Yours truly, ANNIE C. STROGO, No. 2 Canadian Stationary Hospital, Boulogne, France.

MOTHER TELLS HOW VINOL Made Her Delicate Boy Strong

New York City.—"My little boy was in a very weak, delicate condition as a result of gastritis and the measles and there seemed no hope of saving his life. The doctor prescribed cod liver oil but he could not take it. I decided to try Vinol—and with splendid results. It seemed to agree with him so that now he is a strong healthy boy."—Mrs. THOMAS FITZGERALD, 1090 Park Ave., N. Y. City. We guarantee Vinol, our delicious cod liver and iron tonic, for run-down conditions, chronic coughs, colds and bronchitis. A. V. Rand, Druggist, Wolfville, N. S.

Style can't be pressed into your Clothes

A tailor's goose can put a veneer of style into your clothes—but the beauty that is more than skin deep requires careful, skillful mastery hand tailoring—the kind that goes into made to measure clothes.

There's more hand tailoring employed in a custom made suit than in any other kind—hand tailoring is a time-honored custom method—it gives the clothes their style permanency.

Hand tailoring is just one of the advantages that custom tailored clothes provide—their styles are more distinctive and their workmen of a really worth while individuality.
