THE SEAL.

An important question has arisen in Nova Scotia as to the legality of various acts of the Government in not using the Great Seal of the Province. It appears that in 1868 on the passing of the British North American Act, the Colonial secretary sent a despatch to the Governor-General informing him that Her Majesty had been pleased to order new Provincial Seals for the different Provinces, and in 1869, new Seals were sent out to Canada to be used in place of the old seals, which were to be returned to London for the purpose of being broken. The seal for the Province of Nova Scotia was received by the Provincial secretary Mr. Vail and by him locked up in his safe where it is now. This took place at the time of the anti-confederation excitement, and it is alleged that the reason for the Government not using it, was that by doing so they would be giving assent to confederation. The new seal directed by Her Majesty to be used instead of the old one has never been used. Appointments of public officers, grants of land, etc., which require the Great Seal, granted since 1869 it is contended are void, as not being under the Great Seal of the Province. The matter is now before the Supreme Court in Halifax and if the account given in the Opposition papers be reliable, their decision is already determined upon, and will be fatal to all acts of the Government requiring the use of such Seal. It is claimed that not only will it make void the grants of land and other documents issued out of the Provincial secretary's office, but also the Government officers themselves, the Legislative Councilors, the House of Assembly, and all Acts of Legislation passed since 1869. The position taken is that the Queen being the source of Honor, has the prerogative right of directing what the Great Seal shall be, and none other will answer in its stead. This, if correct law, will create immense confusion in Nova Scotia, and the only remedy will be for the Governor to reappoint under the proper Great Seal, the different departmental officers, then dissolve the Assembly, call for a new House, and pass an ex post facto law to legalize all that has been done. With next week, however, we will have fuller developments of this exciting subject.

The Todd Scandal and the "Times."

Since Mrs. Sears' first attempt to regain her property from Messrs. Todd and Cahill to the present time, we have never expressed any opinion editorially as to the merits of the alleged frauds, nor have we from first to last acted otherwise than in a most courteous spirit to Mr. Todd giving him the same privilege to use our columns as we accorded to Mrs. Sears. So great was our desire to keep this matter out of our columns, that during last summer we refused to admit any communication from Mrs. Sears' behalf, until August last, when Mr. Todd appearing in print over his own name, gave her the right to reply, which we accorded her. Since then our columns have been as much at the service of Mr. Todd as of Mrs. Sears. The Editor of the Moncton Times ignoring these facts makes in his last issue an attack on this paper in which the following appears: "THE LOWEST DEPTH.—Somebody says that 'to every depth there is a lower depth' which we are of the opinion that the Sackville Post will find it difficult to sink lower in the mire of exaggeration than it has now reached in its efforts to blacken the character of the Rev. Mr. Todd. After referring to the letter 'Honor' in our previous week's issue it concludes: 'When Mr. Chris. Milner announced in his five column letter that he was about to sling dirt, he evidently did not intend to use only his individual efforts, but resolved to make a sort of cess-pool mortar of the newspaper he controls, and gather there the vilest filth from the feeblest sources with a view to its discharge against a Minister whose high character he can no more appreciate than any other imp of darkness could appreciate the angel Gabriel. We assert that Mr. Chris. Milner did not write the letter signed 'Honor'; that he had nothing whatever to do with it. He never read it until it was in print. To impute to him the authorship of this letter in question is a LIE. It is a LIE, because it is made without a title of evidence or a shadow of reason. We denounce it as a LIE without excuse or justification. It is a BARE LIE because it imputes unworthy motives in a professional man's professional conduct. It is a MALICIOUS LIE because it was published with deliberate intent to stir up hatred against and injure the reputation of Mrs. Sears' lawyer.

MARITIME UNION.—In the House of Assembly, Nova Scotia on Friday, Hon. P. C. Hill gave notice that he would move to authorize the Government in Council to confer with the Governments of New Brunswick and P. E. Island on the subject of Maritime Union, the conference to report at the next session of the Legislature.

THE FRAUD IS COMPLETE.—WASHINGTON, Feb. 23.—The Election Commission has reported to the Oregon Gov. for Hayes and Wheeler. The members of the Commission stood the same as in the case of Florida and Louisiana.

NORTHERN LIGHTS.—ARRIVED AT Georgetown this morning after a two days passage from Plover.

LEGISLATIVE.

On 22nd, Mr. Crawford's bill to continue the Grand Central Railway Act was discussed. Mr. Austin moved a three months' adjournment on the ground that he felt that by the encouragement already given by the policy of the Legislature and the material facilities which are now offered for railway construction, the Province was having its resources unduly crippled and the title of railway expenditure ought to be checked. Mr. Davidson supported the motion. Mr. Covert opposed it, denouncing the conduct of the Government in not coming down on these Railway schemes before. Messrs. Butler and Pickard opposed it. Mr. Burns said the Government had inspired the motion, they had not the courage to oppose the bill. The Motion was supported. Mr. Covert's speech.

THE BUDGET SPEECH.

Hon. Mr. Fraser referring to the misapprehensions prevailing as to the Finance of the country, stated the balance at the end of the fiscal year 1876, was \$81,355.87, but to get at the net balance you must deduct the amount of expenditures of Public Works Department accounts \$7,981.37, and on Immigration accounts \$1,036.54, leaving on warrant account at the bank after the settlement of the accounts of the year 1876, the sum of \$72,339.16. In the same way take the warrant accounts for 1876. The balance shown in the accounts before the House is \$128,876.71, and deduct for over expenditure on Public Works, Mining and Immigration accounts amounting to \$15,828.07, and we have a true balance for 1876, of \$115,048.64. All these liabilities were paid. Now what is the net gain of the year? It is the difference between the above net balance of 1876 and that of 1875 of \$40,709.48. By the additional system laid out in the table pursuant to the Speech, it is shown that between the close of the fiscal year, and the opening of the session on the 8th inst., \$264,159.39 were received making the total amount in hand the day of opening of the Legislature, including the balance at the end of the fiscal year was \$398,036.10. Now the natural question is, where is that balance, and of what does it consist? The papers laid on the table show that the warrants drawn between 31st October 1876, to the day of opening was \$195,885.87. The details of which are shown. After going into the details of these expenditures which he thought referred the slanders against the Government he proceeded to show the debt owing by the Province: Provincial Debtors at \$333,000, issued prior to the 31st of October last, and \$66,000 since, or a total of \$399,000 on debentures account. Then there was the estimated cost of the Normal School, \$50,000. He proposed when the latter item came up for a vote to give the House full information as to what had been done under that head. He would also deal with the loans to the St. John and St. Stephen School Boards. The amount required to meet the existing railway obligations, a statement of which was on the table, was \$387,000, made up by \$900 as balance in fall on the Petrolinae and Elgin Branch Railway, \$76,000 on account of the St. Martins and Upland Railway, and \$311,000 on the Grand Southern. The Albert Railway subsidy was to be paid out of monies lying at the credit of the Province with the Dominion, and did not, therefore, become a Provincial liability. On 26th Mr. Humphrey introduced a bill to incorporate the Moncton Driving Park Association, with petition in favor of same. In supply, Great Roads \$86,000 passed. A lengthy debate took place on the \$70,000 for by roads. Mr. Covert said the same amount had been asked for last year and yet \$15,000 more had been expended. Mr. Davidson asked the Chief Commissioner to state how much of the great road appropriation was already expended. The Chief Commissioner said the return was on the table. Mr. David son complained that the answer was not courteous. Mr. Pickard said there was an impression abroad that liabilities were kept back until after the great was made, so that very little of the appropriation was left. Mr. Smith addressed the House on the subject of the Dorchester bridge, and asked the Chief Commissioner if he intended to go on with that. Hon. Mr. Kelly replied that that was one of the bridges contemplated for the present year. Mr. Smith said he saw large amounts charged to wharf erection, while a very necessary wharf had not yet been erected in Shediac. He wanted \$1,000 for the wharf at Shediac. If the Chief Commissioner would spend so much money in his own Country and neglect Westmorland then it would be better to have a change and get the Chief Commissioner for Westmorland. Mr. O'Leary introduced a bill to provide for the establishment of a almshouse in Kent, with petition in favor of the same.

Cape Tormentine Railway.

A deputation, consisting of Senators and member, specially interested, waited on the Premier on Saturday morning in support of a memorial which had been addressed to him, setting forth the desirability of changing the route of the "Northern Light" from between Georgetown and Plover to between Tormentine and Cape Traverse. The deputation discussed the matter fully, and the Premier promised to give due consideration to their representations.

HEAVY FAILURES.—LORD, PORTER & Co., of Yarmouth, N. S., ship-owners, are reported insolvent; liabilities \$150,000, assets \$20,000. John Coyne & Sons, of Halifax, West India merchants, have also failed.

THE BRITISH COLUMBIA HOUSE.

The British Columbia House opened on Saturday. The Government is engaged by Camarons wishes in regard to the Railway.

PARLIAMENTARY.

Mr. EATON.—The usual waiting and playing at the beginning of a session is passed and the members are very hard at work. This session will be remembered as that in which an invocation of the Divine Blessing was first introduced in the House. It being ordered that Mr. Spenser should read the prayers at the opening of the House each day, in his own language. A discussion did arise over the question of reading them in French and English, but the Hon. Mr. Mills settled it by remarking that as the prayer was addressed to the Almighty, he would not be troubled by the language used to the House, he thought it entirely unnecessary; so the prayers were translated, printed, and laid on the desk of each member.

Mr. Diamond one of the most inveterate personal enemies of Sir John, thought he had got the "old fellow" at last when he let open the notable refund of \$25,000 of secret service money, but as usual when he went to lay his hand on him he was gone. The Right Hon. gentleman had received a lecture upon honesty from the Kingston Times, which said: "If he were honest why did he not keep the money in the bank at his call." In explaining the matter Sir John said: "I kept the sum of \$30,000 secret service money in the Montreal bank until certain claims growing out of the Fenian raid, chargeable to that fund should be settled, which claims amounted to \$6,600 for which I drew one check to my order and for the balance I drew a check payable to the Receiver-General, I never touched the money."

Last Thursday the Minister of Finance made his budget speech. The speech was most exhaustive, complete and able defence of the Government. The Hon. gentleman admitted there was a deficit of \$1,300,000, and was very glad it was the first time he had to announce a deficit. He finished a speech of over 3 hours by moving a resolution changing the tariff in a few particulars, the most noticeable being a reduction of the duty on coal oil of 10 to 5 cents on the gallon, and an increase of 2 cents on tea. The Hon. Dr. Tupper followed in one of the most able speeches that has ever been delivered from the floor of the Commons. He defended the policy of his Government, showed that they had protected the home manufactures, decreased the public debt by \$18,000,000, reduced the taxation, and at the end of 7 years left the country prosperous, happy, united, and a surplus in the treasury, after being denounced as "the most extravagant government under the Heavens" but after 3 years of the present rule the country is crushed; disorder and anarchy prevail, \$3,000,000 of fresh taxation has been added, and a deficit of \$2,000,000 is thrown into the bargain. Mr. MacKenzie followed but was reported as having been yoked at the Hon. Member from Cumberland to make a speech, and after beating the air for a while, he resumed his seat. Sir John then took the floor and condemned the "unofficial, unparliamentary speech" of the Premier. He defended Dr. Tupper and said, "When the financial policy of the government goes to the country a great wall of desolation will be heard over the whole land from North and South Ontario even unto Kamouraska. The plan of the Legislature in the fact that during vacation the quiet members of North and South Ontario died and Mr. Gibbs ———, were returned, while the news of the election of Mr. Roy for Kamouraska over the nominee of the Minister of Agriculture had just that day been received. Mr. Roy arrived in town on Monday and will be received with a torchlight procession and escorted to the Commons. I believe that the opposition in order to make the new duty on tea a test question, replied very largely upon the strength of the following of Sir John, but there is doubtless a very strong feeling even among the following of the Ministry that unless they change their tune the electors will request them to remain at home. Mr. Palmer arrived in town on Thursday. Mr. Botsford appeared to be well he gave a short speech in the Senate the other day upon the Washington and Ashburton treaties. Mr. McLean, an old student of Mr. Allison, has been elected to the Senate with one of the most brilliant efforts recorded there, he contended the policy of the Government, one sentence will tell the whole, "Every word and every line of their financial history is rocking and dripping with extravagance."

THE DEED GIVEN TO A PROTEGE OF MR. TODD.

The deed given to a protege of Mr. Todd was reported as having been cancelled by the Registrar of the County of Westmorland at Dorchester, on 24th July, 1869, Folio 167, Libro B. S. No. 28, 029, and on 24th July, 1869, Folio 168, Libro B. S. No. 28, 027.

ANOTHER STATEMENT WAS THAT.

He obtained a conveyance of property from a man who was reported as having been yoked at the Hon. Member from Cumberland to make a speech, and after beating the air for a while, he resumed his seat. Sir John then took the floor and condemned the "unofficial, unparliamentary speech" of the Premier. Honor to Whom Honor is Due.

DEAR SIR.—The Moncton Times of last week contained the following:— "Last week, finding the Sears estate scandal a sort of insult to gentlemen (Mr. Todd), had been placed on, exhausted and exploded, it resorted to the publication of anonymous correspondence which contained charges so vile, so unfounded, so base and baseless that the devil himself must have been alarmed to think he had so clever a rival in connection with the office of the Post. We have heard of efforts at blackmailing—attempts to destroy good men's reputation, and the like, but anything so disgraceful, so utterly disgraceful to journalism, under all the circumstances, as the publication of the letter of 'Honor' we have never known and for the credit of the profession, sincerely hope we shall never know again. I need not remark on the readiness with which the Times stamps all my statements as vile, base, etc., without the slightest enquiry or investigation; it appears to be the style in Moncton to receive the order of things by pronouncing judgment before the trial had. Others might be deterred by such coarse and violent attacks, and frigh end from telling; the plain truth. I have no fear of either the committee or the Times. I am a Baptist, the Baptist people are honest enough to stand by him who deals in the truth. The Times denials my statements and now for the proofs. On one occasion took a deed from a dying man to the property. The creditors were so delighted at the very ingenious and honorable way in which they were 'done' that they refused to take any more. The deeds in question to and from Mr. Todd himself may be registered at the Registry office for the County of Westmorland at Dorchester, on 24th July, 1869, Folio 167, Libro B. S. No. 28, 029, and on 24th July, 1869, Folio 168, Libro B. S. No. 28, 027. The surrounding circumstances connected with the deed in question, course would not appear on Record can be learned of almost any resident of Sackville where the circumstances took place and the creditors live. If the Church committee really desire to get at the truth, the proper way to proceed will not be to call 'Honor' a devil, and the Post degraded and disreputable, but to come to Sackville and hold an open investigation where the witnesses live, the events took place and seek for the truth as it may be found. My statements are then shown to be unfounded it will be time enough to heap abuse on the head of 'Honor.' Will the committee do this? Will they not rather (judging by their past judicial efforts) most, pass a resolution of censure on the Post and the Post are liars and assassins, and call upon Heaven and Earth to witness that their Pastor is a persecuted man! Another statement was that, He obtained a conveyance of property from a man who was reported as having been yoked at the Hon. Member from Cumberland to make a speech, and after beating the air for a while, he resumed his seat. Sir John then took the floor and condemned the "unofficial, unparliamentary speech" of the Premier. Mount Allison.

The examinations for the second term were concluded on Monday night, and on Tuesday evening the Public Exhibition took place at Lingley Hall, before a large audience. The following was the programme: I. Devotional Exercises, Rev. C. Stewart, D.D. Music—Oh, by Rivers by whose Falls. II. Declaration by Students, Male Academy, 1. "Regulus before the Roman Senate," Edgar Wilson. 2. "Bevy and I are out," Wm. Humphrey. 3. "Austere Influence of Christianity," Newton Bell. 4. "The web of Life," - - - M. Lodge. Music—Piano Trio, H. H. Brewster, Verdi. Misses Crothers, Carrizt and Vorrall. III. Reading Essay, &c., by young Ladies. 1. The Grammar of Life, (reading) Miss A. Smith. 2. Woman's Mission, (reading), Miss A. Robertson. 3. Retrospect and Prospect, (essay), Miss A. French. 4. French Dialogue. Music—Praise the Lord, - - Chorus Class. Declamations of College Students. 1. Incident of Fire of Hamburg, S. B. Grigg. 2. The Farmer, - - - W. Arthur Black. 3. Pollocks Description of Byron, - - - L. R. Smith. 4. Oath of the Highlanders, W. L. Goodwin. Music—Laughing Song; Trio, Misses F. Smith, Crothers and Prof. Sterne. Reports, &c. Music—Spring Delights are now returning, Chorus. The declamation by college students was as usual good. "The Farmer" was an original production by Mr. W. Arthur Black and exhibited a good deal of literary merit. Mr. Black took a highly original and successful production. The French Dialogue was one of the most agreeable features of the evening. It was from Racine's "Esther." The music was composed for it by Prof. Sterne, and was admirably conceived not only in the spirit of the play, but was also most successful in displaying the voices of his pupils. The leading chorists, Miss Florence Smith and Miss Hibbard, are noticeable for the admirable manner in which they executed their parts. We have so often of late noted in eulogistic terms the high character of the music furnished by Prof. Sterne and his pupils, it is only necessary to say the other music on the programme fully sustained the standard of excellence attained at Mount Allison. Principal Inch in his report stated that the attendance during the past term was 71. Of 58, of whom standing first were kept, 49 obtained the first rank in department, and in literary standings, 23 were in the first rank and 23 the second. The term had been a very successful one in every way. Vice-Principal Kennedy reported an attendance of 72 at the Male Academy last term, of these, 64 attained the first rank in department—a most marked and gratifying improvement. In literary standings 12 were in the 1st rank, 13 second and 13 third. The Vice-Principal hoped he would be able to confer a diploma on those who had attended from two to four years, similar to that, that is issued by the Commercial College. He would suggest it be adorned with a picture attractive to every Academician. He did not refer to the dining hall—(chers) but to the Ladies Academy, (prolonged applause) not of the interior; of the highly organized beauties of the drawing rooms, but of the exterior, of the Academy in her rejuvenated state. The Doctor referred to an erroneous impression prevailing respecting the Commercial College. He did not profess to say it was an institution to learn people how to become rich; it did not lead to infallible issues of business success, but he did believe that young men attending it could obtain ideas of great and permanent value to carry into the active business of life. A number, he was happy to say had already realized the benefits of this institution. ATTEMPTED SUICIDE.—The Telegraph says that a young man named Winter, stopping at the Barker House, Fredericton, attempted self destruction on Wednesday night, by shooting himself in the head. The wound is a serious one, and may prove fatal. The young man was presented himself at the hotel, said that an attempt had been made to murder him, and denied that he tried to kill himself. INauguration.—The New York World says Hayes will take the oath of office next Sunday, at noon, in presence of General Grant and the Cabinet, at the Executive Mansion. The Chief Justice will officiate. The inauguration will take place on Monday.
