

## AT NORMAL SCHOOL.

Continued from page 2

will not forget the beautiful little city, with its genial people and its many pleasant associations.

Entered Principal and Members of the Faculty. The time has arrived when we must say adieu. The days which we have spent under your direction have had much to do with the moulding of our future lives. You have made all allowances for our failures and shortcomings, and though at times we may have appeared careless and indifferent, yet we will always have a warm feeling—a feeling which mere words would fail to express towards you, who have always been so kind and considerate, guiding our feet in the true path of knowledge. And one thing which will cause us regret as we depart will be the thoughts of parting with you, who have made upon our lives and memories an impression which no time will erase. In a few minutes we will take our place in your Institution. We will never meet again as we meet today, so with not a little hesitation we speak the word adieu.

Class mates, the time has come when we must say farewell, "a word that through all time has seemed so hard to say—yet farewell." In a few days we shall separate, perhaps forever, and with this thought comes "a feeling of sadness which our souls cannot resist." We shall never forget these happy days—so long yet so short, so filled with labor and anxiety yet infused with the sunny rays of pleasure. And who shall chide if in after years as we sing the sad strains of Home Sweet Home a vision of Normal School shall flit across our gaze, and we shall see again, with not a little loneliness, the class of 1901, and as we think of days gone by, in Byron's words, we each shall say "of the happiest moments that were woven in the web of my existence come from thee, fair Normal, have their colors caught."

## A Proper Treatment for Catarrh.

reaches every affected part. Such a remedy is Catarrhone, which is inhaled into all portions of the throat, lungs and nasal passages, where it kills the germs and cures the disease. Catarrhone is pleasant, safe, and absolutely sure to cure. It relieves the distressed feeling in the head, clears the throat and nostrils in one breath. Positive proof of cure is found in the words of Mr. Kirk of Kingston, Ont., who says: "I suffered for fifteen years from Catarrh of the nose and throat, used hundreds of remedies, consulted specialists, but was not permanently benefited. Having personally witnessed a cure of thirty years' standing, effected by Catarrhone, I bought an outfit and used it for a month. It cured me, and I am now no more liable to Catarrh than if I never had it." This is most convincing testimony from one of Kingston's best known and most highly respected business men. It proves beyond question that Catarrhone absolutely cures Catarrh. It never fails; never harms; guaranteed to cure. Price, \$1.00; small size, 25 cents. Druggists or "Poison & Co., Hartford, Conn., U.S.A."

The bride looked charming in a dress of white organdie, with veil and orange blossoms, and she carried a shower bouquet of lilies of the valley. She entered the room on the arm of her father, and was preceded by her bridesmaids, her sister, Miss Ethel Young, and Miss Winnifred Johnston of Fredericton.

## HOPEWELL HILL.

HOPEWELL HILL, June 4.—On Saturday evening June 1st, an entertainment was held in Curryville school house under the auspices of the local lodge of Good Templars, to raise funds for the projected public hall. The affair was under the management of Miss Margaret Palmer, the teacher. Rev. Mr. Fisher, now of Moncton, but formerly stationed in Curryville, lectured on "Faith." After the lecture, which occupied one hour and was listened to with eager attention, there was a sale of baskets and other refreshments. About one hundred people were present, and the net proceeds exceeded \$30. A lot of land has already been given for the hall, and a quantity of lumber has been donated. Last winter by an entertainment the committee cleared \$25. Much of the success of the enterprise is due to Miss Palmer.

Last Sunday afternoon Miss Eva Lois Peck and Mrs. Clare Robinson were baptized by immersion by Rev. Mr. Davidson here.

The will of the late Capt. McAlmon is to be probated at Albert on the 8th inst.

"I used Dodd's Kidney Pills—three boxes altogether—and I am well. They did more for me than anything else in the world, and I recommend them to every suffering woman. Dodd's Kidney Pills have wrought some miraculous cures in and around Ottawa, but none more satisfactory than in the case of Mrs. Rousseau."
