

received for it. These are the same charges brought by Mr. Hutchinson two years ago, and which Mitchell effectually demolished in the Senate. His explanation were so satisfactory to the Committee that Mr. Leod did not go on with the matter.

The Insolvency Law was postponed, and the present one with some amendment made by the Senate, remains in force. Two of the Hon. Mr. Smith's measures—one extending provisions of "Seamen's Act" to inland waters of Canada the other providing for improvement of harbors by tonnage dues were also dropped.

SPECIAL NOTICES.

Have you a cough or any Lung complaint? Have you a weakness of the chest or a tendency to consumption? If you have, you will find in Dr. Wilson's Pulmonary Cherry Balsam a preparation that will perfectly and permanently eradicate all such complaints. This Balsam has never been administered for any of the above disorders without producing the desired result. In short, the uniform success of Dr. Wilson's preparation in overcoming all such disorders is how so universally admitted that any further proof is needless from us.

HEARTBURN.—When overflow of bile occurs, and the functions of the stomach become deranged, a burning sensation is felt in the region of the stomach, and is popularly termed Heartburn. Dr. Wilson's Family Anti-Bilious and Preserving Pills, by their immediate action on the Liver, purify its secretions, cleanse the solvent fluids, and expel all acid, irritating matter from the stomach.

Dr. Dow's Sturgeon Oil Liniment, as soon as it is applied, almost miraculously cures all such ailments, and is the result of long experience, derived from a large medical practice, and is only submitted to the public after testing its wonderful medical capacity in thousands of cases.

Extensive experience has confirmed the high character awarded by all who have used it. It is a powerful remedy for all ailments of the chest, and we have no hesitation in recommending these as perfectly safe. Cold and changeable weather is very apt to cause your horse to be troubled with a slight cough, which if left to the careless and inattentive groom will end in heaves. Many a valuable animal has been rendered worthless when a few doses of these Powders would have prevented all such evil.

To the Electors of the County of Northumberland.

GENTLEMEN.—The House of Assembly being dissolved, you are again called to elect Representatives for another term, and I once more offer myself as a Candidate for your suffrages.

My record for the past four years is before you, and what has been my behavior in the past shall be my course in the future, I again repeat.

Believing that the general policy of the present Government is not such as to merit the approval of the people, I have in the past offered it a steady opposition, and shall continue to do so, resolutely myself a right of independent thought and action.

The notice for the Election being so short, renders it impossible for me to make a personal canvass, but I shall endeavor to make it as complete as possible, and to fully explain my views on the questions likely to arise in the future, and to give the fullest information concerning my votes and conduct in the past.

Respectfully, that my course as your Representative has been such as to merit a continuance of your confidence.

I remain, Sir, your obedient servant,

TO THE ELECTORS OF THE County of Northumberland.

GENTLEMEN.—As the Election is to be held on the 12th day of June next, I shall seek the renewal of your confidence as one of the Representatives for this County in the General Assembly of this Province.

I have opposed the present Government, as I do, against all measures which they have managed the public affairs of this Province and their reckless expenditure of the public funds during the past four years.

In the performance of my Legislative duties it could not be expected that I should please everyone, but I sincerely state that I have performed those duties to the best of my judgment, and for the best interests of this County, and I am, I trust, independently and disinterestedly.

I have voted against the present School Law, as being too complicated, the Taxes under it not being equitably distributed, a large tax paid by the people not being properly under their control; for its expensive management, and that it has not been satisfactory to the people of this Province—and is the cause of interminable taxation upon the people without securing corresponding advantages to the Educational System of the country.

I am in favor of Free Schools on a better system than the present. One that will secure a general system of education without imposing unnecessary burdens upon the people of this Province.

The Lumber Trade being one of the great staples upon which the business of this County depends, having been seriously injured by the granting of large tracts of the best lumber lands in the Province to monopolists and to a Railway Corporation on the other side of the Province (the measures leading to those grants being strenuously opposed by me both in the Legislature and in the County), I will do my best if re-elected to establish such a system of licensing for our remaining Public Lands as will, while checking the operations of selfish speculators, encourage and promote legitimate business in this our main industry.

It will be impossible for me to meet all the electors personally, but I will hold meetings in every Parish that I can possibly reach, and on the public platform there express my views.

I respectfully solicit your support, and if re-elected shall use my best endeavors for the general good of the County. I shall not independently and honestly seek for my own personal benefit but for a common interest with you all in the economical administration of the public affairs of the Province.
