

Special Announcement! We have been appointed GENERAL AGENTS

GOLDEN GROVE WOOLEN MILLS.

The above named Mills are fitted up with the latest improved Machinery for the manufacture of

Tweeds, Homespun, Blankets, Flannels, Yarns, Etc

Custom Carding by the Latest Improved Method

of Willis' Patent Continuous Roll Card, which is a great improvement over the old way of Custom Carding being instead of a short roll a continuous roll of two or three hundred yards.

THE MOST PERFECT ROLL MADE.

We are now in a position to handle any amount of WOOL that may be sent to us. We will give in exchange for wool, not only the products of the Mills, but anything in our store in General Dry Goods, Gentlemen's Furnishings and House Furnishings at the Regular Cash Prices.

We Have But One Price On Our Goods.

CUSTOM CARDING AND WEAVING A SPECIALTY.

We can assure our Customers and the Farmers in general that they will achieve the best results by sending their wool to us.

SHARP & McMACKIN,

335 MAIN STREET, St. John, N. B., North End.

Correspondence.

Splay News Items Gathered by Gazette Correspondents

Cambridge.

Feb. 23.—Rev. John Bennett Anderson is still conducting meetings at McDonald's Corner. Services on Sunday morning followed by lectures.

Hibernia.

Snow has come at last and as a consequence there are lots of teams on the roads. Eight teams well loaded with logs can be seen hustling every day from this place to the river.

Cody's Station.

On Wednesday, Jan. 17th in the Public Hall at Cody's Station, a very successful entertainment was given which far

surpassed anything of the kind ever witnessed in this locality. It was held in connection with a basket social, the proceeds to go towards procuring blinds and lamps for the Hall.

After the sale of baskets which realized the handsome sum of \$33.65 the following programme was carried out: Opening chorus—The Old home ain't what it used to be.

Feb. 14.—The rain has ceased and has brought us skating again, which will be greatly enjoyed by the young people. Mr. and Mrs. John O'Leary spent Friday the guests of Mr. Andrew Crawford.

To EDITOR QUEENS COUNTY GAZETTE.

I wish to announce that I will be at home after the 28th inst., and will be pleased to receive my friends after that date—especially "those" who have taken such an interest in my welfare since my absence from them.

Thanking you for space in your paper, I remain, Yours truly, NELLIE M. PURDY, Jemseg, Feb. 26th, 1900.

To EDITOR QUEENS COUNTY GAZETTE.

As a parent and teacher I wish the youths of our country health, wealth and prosperity. How can we obtain these, much coveted, results? How can we best raise the standard of civilization? Have these to be obtained by force of arms? I pause and look round me for an answer, for the task is hard and far beyond my ability to solve, nevertheless I shall venture a few remarks.

The teacher may be inefficient or careless as to the fruits of his labors, and only thoughtful of the day when he shall receive his salary; but, such teachers usefulness has passed away, and as a consequence, he is forced to abandon his position and mayhap his occupation. While a teacher is thus neglecting his golden moments, and losing his reputation as a teacher of ability, may not I ask are the parents doing their duty by the "suffering" God has given them?

I am sorry to say that in very, very many instances they are not. Some keep a child at home on the most trivial excuse, such as Jane or Jack (whatever the case may be) had to go to such a house to borrow a hoe, a quart of salt or a cup of tea, while some children seem to be boss of the Master or Mistress and as a result they stay home whenever they want to.

Some people seem to think their child "The Good Apple that Never was Found" and if the teacher should punish that child "The Darling Dear" is allowed to remain at home, and never so much as look at a book from one week's end to another. There is often a sufficient reason for keeping a child at home. Some parents take a pride in the school, and they do all in their power to make the teacher's task both pleasant and profitable. May their number speedily increase, and may the teacher prove worthy of the confidence they place in him.

Now for the ignorant few. How can we induce them to educate their little ones? I have often heard it said "Where ignorance is bliss, 'tis folly to be wise." This may be true, but when a man's bliss hinders the onward march of progress his ignorance should be held in check. His mental powers should be stirred. He should be awakened to a sense of his duty. But how can he be aroused from his lethargy? The answer is by the force

of arms, (not the implements of war) but the arms of a compulsory law which shall provide for the education of all children between certain ages.

Irregular attendance at school, the ignorant rascally opposition to the teacher, the untrained home child, and the almost sacred rights of some children are a sad hindrance to the welfare of the community, and I would be much pleased to know that the rights of the States should be respected if that should be by the force of law. Compulsory attendance is a necessity and the government of today would do well in placing such a law, however mild, upon the statute book.

Yours truly, WILSON D. HETHERINGTON, Round Hill, P. O., Kings County, Feb. 16th, 1900.

The Ills of Women

Are usually the result of an exhausted nervous system which can be fully restored by the use of Dr. A. W. Chase's Nerve Food. Women made nervous and irritable by the wasting diseases which drain their system find new life, new vigor, new energy, in Dr. A. W. Chase's Nerve Food, the world's greatest blood and nerve builder.

Maugerville.

Feb. 21.—The school children assisted by others, under the supervision of Mr. Sewell, gave a very successful entertainment and basket social, in the hall here, on the evening of Feb. 14th.

A large number were in attendance, the results financially being about \$31.50 which will go towards painting the school house.

The program, which was enjoyed by all, as each one performed their part exceedingly well, was as follows: Opening chorus—Jolly boys.

Dialogues—"Marriage," Josephine Foster, Albert McCleary. Recitation—"Only a Pin," Sterling Harrison.

Duet, "Juanita," Miss Bent, Mr. Chase. Dialogue—"Bridget's Investment," Recitation, "Stolen Custard," Jack McFadden.

Chorus—"Queen, Flag and Country." Recitation, "Eli Child," Josie Easter. Dialogue—"Economic Glory," Quinton.

Chorus—"Once I was a Boy," by Misses Miles, Clarke, McCleary and Harrison. Recitation—"When teacher turned her back," Holly Burns.

Dialogue—"Playing doctor." Chorus—"Marching through Georgia." Recitation—"Women's Rights." Duet, "No Sir," Miss Bent, Mr. Chase. Recitation, "This queer old world," Willie Clark.

Recitation, "Just before Xmas," Willie Burns. Instrumental Duet, violin and organ, Mrs. Bent and Mr. Chase. Chorus—"My own Canadian Home." Special mention may be made of Miss Nellie Harrison, who so effectively sang the solo of the chorus "Marching through Georgia."

Miss Hattie Earle is visiting Mrs. Fred Perley. The many friends of Deacon George Miles will be pleased to learn that he is slowly recovering from his recent illness.

A goodly number gathered in the hall on Friday evening last, anticipating a literary treat from H. B. Hetherington, but were disappointed!

Babies Tortured

By flanning, itching excruciating and painful torment given to Dr. Chase's Ointment, a preparation which has a record of cures unparalleled in the history of medicine. Eczema, salt rheum, tettes, scald head, old people's rash, and all itching skin diseases, are absolutely cured by Dr. Chase's Ointment.

Lower Cambridge.

Feb. 15.—As I was in close proximity to this place on Feb. 12th and was informed that there was to be the annual meeting of the W. B. M. A. S. I thought that I would make an effort to attend the meeting. Upon entering the house I was forcibly struck by the fine appearance of the congregation and how tastefully and neat the church was kept. I could not help noticing how few there were to turn round and gaze at the stranger as he entered the door.

The meeting opened with the usual preliminaries. When the meeting opened the principal part of the congregation was present, but not unlike other congregations, the tardy ones even in this quiet neighborhood, may be found. The meeting was one of the finest I ever attended. It might be said that although the Rev. A. B. Macdonald has whitened with his hair he has lost none of the energy that he had forty years ago for the foreign mission cause.

But there is a question I would like to ask. Why is it that in a meeting like this that there have to be those who disturb people who would listen? This limited in this meeting, but after seeing several parties I was informed that they were not residents of this locality, but it was the mother and some resident at the Mouth of Jemseg. What can a mother expect of her children when the mother sets the example by turning around and whispering to some one sitting in the seat behind her and then laughing so loud that it may be heard all over the house. At intervals all through the meeting this lady apparently greatly to the annoyance of the one sitting beside her, could be seen laughing and nudging the one near her. Why is it that some people cannot learn

wisdom? If anyone does not wish to hear what is said in a meeting, why do they not stay at home and not destroy the meeting for those who wish to hear?

(Signed) STANZEL, Highfield.

Feb. 23.—The weather of late has been favorable for lumbermen. Twenty-four teams are hauling into Long Creek every day. The lumber will be sawn at the mills of West Bros., and Leonard & Sons.

Mr. D. M. Pearson, government scaler, has just returned from surveying at the head of Cansau River.

The Sewing Circle in connection with the Episcopal Church here was held at Mr. Theo. Pearson's, on the 18th inst. The donation gotten up for Rev. Mr. Campbell on the 19th inst. was very successful. Mrs. Campbell was the recipient of a sewing machine. The many friends of Mr. and Mrs. Campbell spent a pleasant evening at the Manse.

The school here is progressing finely under the skillful management of Miss Clara Robinson.

Mr. Wetmore of Cambridge was the guest of Mr. A. H. Vandenburg last week.

Mrs. Albert Cowan of St. John and Mrs. Jas. Bovins of Hatfield Point were the guests of Mrs. D. M. Pearson, who we regret to say, is not improving from the effects of her fall.

RATEYER.

Hampstead.

Feb. 23.—Court Woodville, No. 1842. I. O. F., voted the sum of \$5 towards the Episcopal Church in meeting, Saturday night, and closed the meeting by singing "God save the Queen."

Mr. and Mrs. Haffer, of Sussex, were here last week visiting their friends, Mr. John Dollar is moving on the farm of John R. Woodson.

Mr. R. W. Ferguson and family intend to move to St. John this week. There is quite a lot of logs being hauled out to Little River Ridge.

Yesterday we had a very heavy wind and rain storm. Mayes Case, of Wickham, has two teams to work hauling out hardwood.

Mouth of Jemseg.

Feb. 23.—The meeting held in the church hall on Wednesday night last was largely attended. It is easily seen the farmers in this parish are becoming awakened and that much interest is taken for the erection of a cheese factory which will be built near the La Tour mineral spring. The site on which the supposed building is to be placed is complete with good drainage. Such a factory is what we have been anxiously looking for and we hope each and every person will take part therein and make it a grand success.

There was between six and seven hundred dollars signed for said factory, this with one hundred and fifty from the government, will make the whole complete. The work will commence as soon as convenient for the erection of building as everything will be in readiness by the first of June next. The officers elected were C. L. Slipp, president, Capt. James Wasson, vice president, J. B. Novers, Treasurer, E. P. Dykeman, Sec., Capt. Alastair Camp and A. E. McAlpine, directors.

The La Tour mineral water is still on the move as a New York company is about taking an interest and will no doubt soon issue water as far in the center of Africa as possible. As soon as navigation opens large quantities will be shipped to our Canadian boys who are fighting for queen and country. Also they purchase building a hotel which will accommodate about one hundred people. Jemseg is not going to be behind the times. Many old vessels are being rebuilt and new schooners and wood boats are now on the blocks giving employment to many men.

The rain yesterday has taken the snow nearly all off, leaving the roads a gleam of ice, making it very dangerous in many places.

Dr. Petty's Pills never fail to give relief, and they cure if given an honest trial.

Upper Gazette.

Feb. 24.—Mr. Warren R. Coy had the misfortune this afternoon to get his leg broken. He was helping his brother unload a load of long saw lumber, when one piece fell off unexpectedly, breaking his leg in two places.

The remains of the family of Lawrence consisting of five, Mr. and Mrs. E. Lawrence and three children, who were buried to death in their house at Macquait Lake, were buried in the Chase burying ground here yesterday afternoon.

Mr. Albert Brock who cut his foot quite badly a few days ago, while working in the woods is slowly getting better.

There are quite a number of cases of measles in this town and prospects of many more cases.

Work in the yards has commenced in earnest, Mr. Bradford Currier being the first to begin. There are to be about as many saws built here this season as last.

O'Leary Bros. expect to start sawing soon, some time the first of March. There are a good many cases of lagrippe here.

Mr. Henry Estalrooks who got kicked

by a horse a few days ago is able to be around.

Miss Annie Currier of Oromocto, is visiting Miss Sophie Currier.

Mr. Kirkpatrick preaches in the F. B. church tomorrow afternoon at 3 o'clock. Mrs. Ganoue preaches in the Baptist church next Sabbath at 11 a. m. and 7 p. m., March 4th.

A BIG NAME.

Given to Kidney Disease by a Doctor Who Failed Where DODD'S KIDNEY PILLS SUCCEEDED.

Case of Thomas Harrison of St. Mary's—Actually Urinated Blood—Three Boxes of Dodd's Kidney Pills Worked a Radical Cure.

St. Mary's N. B., Feb. 26.—Mr. Thomas Harrison of this place is a living testimony to the power of that famous remedy Dodd's Kidney Pills. He is in perfect health and strength and says himself that he owes his present state to Dodd's Kidney Pills.

Sixty years ago Mr. Harrison was taken ill. He began to suffer with pain in the back accompanied by a lethargy impossible to overcome. These are the invariable symptoms of kidney disease and Mr. Harrison grew alarmed. He consulted a physician of Fredericton who gave the trouble a very learned name but utterly failed to give Mr. Harrison any relief. In spite of the treatment the patient grew worse. At last the most serious stage possible was reached. Mr. Harrison began to urinate bloody urine.

It was at this time Mr. Harrison was told of Dodd's Kidney Pills. An anxious friend who had heard of this remedy and knew personally of cures made by it, advised him to try Dodd's Kidney Pills.

Mr. Harrison was sceptical of patent medicines, but he was, however, finally prevailed upon to take Dodd's Kidney Pills. Dodd's Kidney Pills have the reputation of curing all diseases of, and resulting from, the kidneys: Bright's Disease, Diabetes, Rheumatism, Heart Disease, Dropsy, Bladder and urinary complaints, Women's Weakness and Impurities of the Blood all come under the head of Kidney Disease and Dodd's Kidney Pills cure each and all of these complaints infallibly.

Mr. Harrison had only used one box when he passed an immense stone which had formed in the bladder. This stone is at present in the possession of a doctor who had interested himself in observing the working of Dodd's Kidney Pills. Mr. Harrison felt relief at once after passing the stone. The blood ceased to come with the urine and the pain in the back grew less severe. After three boxes of the pills Mr. Harrison was completely cured.

"Judge of my gratitude for my escape thus promptly and safely," he writes. "Having taken only three boxes of Dodd's Kidney Pills I am most happy to say I am completely cured with no sign of any return of the trouble."

Red Bank.

Feb. 14.—A very heavy snow storm, accompanied by wind, raged all day Sunday, here and the roads are pretty well blocked.

Miss Maggie Fraser, daughter of Councilor Fraser, entertained a number of her school mates at her home, on Saturday. A very pleasant time was spent.

We are glad to state, through the good work of society and Sunday school teachings, that unity has at last reached this ever troublesome place.

A number of ladies were invited to a party at the home of the Sisters one evening last week. The tables were tastefully decorated and when ample justice was done to the good things prepared for the occasion the party retired to the beautifully furnished parlour, where the evening was spent in singing, and playing various games. The evening was brought to a close by Miss F.—singing, in her best style, "Here is a handsome set of nice old maidens."

One in Seven Dies... of Consumption

And Consumption Begins with a Cold that Could Be Cured by Dr. Chase's Syrup of Limes and Turpentine.

That one in every seven persons dies of consumption is proved by government statistics, and when it is remembered that it is usually the young man and young woman who succumb to the effects of this terribly fatal disease, the ravages of consumption are more fully realized.

Consumption always begins with a neglected cold, and how dreadful must be the misery of every mother whose dear ones fall prey to this monster as a result of mother's neglect to cure the cold.

It is rarely that consumption is ever cured, but it can always be prevented by a timely use of Dr. Chase's Syrup of Limes and Turpentine, the most popular and fact-fused remedy for throat and lung diseases.

Dr. Chase's Syrup of Limes and Turpentine is composed of the best ingredients ever used for coughs and colds. It is pleasant to take, prompt in its action, and a positive cure for croup, bronchitis, whooping cough, sore throat, hoarseness, asthma and coughs and colds of every description.
