TOWN TOPICS.

Beautiful weather. New subscribers are rapidly rolling in. Our Fall Show will be held next Friday.

Currie Bros. hotel is having a new roof put on it.

THE SIGNAL is now a first class advertising medium.

The house painter has been touching up the walls of the British Exchange.

COUNTY TREAS.—We would like our readers to count the number of columns of town and county news in this week's SIGNAL.

RECOVERED.—We are pleased to observe that our friend, Judge Toms, has now fully recovered from his recent indisposition.

FOR THE MODEL SCHOOL.—Miss Sarah Dickson, daughter of Gaoler Dickson, left on Tuesday for a term at the Model School at Toronto.

A BROTHER QUILL.—Mr. James Somerville, of the Dundas Banner, was in town last week. He looked plump and hearty, and his 26 years of journalistic life lie lightly upon him.

FALL SHOW.—The West Riding of Huron Fall Show will be held in Goderich next Friday. Business men should send in their orders for printing at once. Use printer's ink! It pays!

OUR BAND.—Mr. E. Armstrong is at present in Toronto purchasing some new instruments for our band. A concert will soon be given to assist the boys in meeting this expense.

The Goderich SIGNAL comes to hand in altered shape and printed from new type, and is a model of typography. It is now under the control of the McGillicuddy Brothers, who are experienced journalists.—[London Advertiser.]

SENTENCED.—William Johnston, alias Philip Forestill, was brought up before Judge Squier, at the Interim Sessions, charged with breaking jail on the 17th of August last. He pleaded guilty, and was sentenced to six weeks imprisonment.

BEHIND TIME.—The "Ontario" arrived on Sunday morning, 24 hours late. She left in about an hour's time, and a number of intending passengers running, panting, gasping, and carrying their grip-sacks, had the misery of seeing the steamer start off without them.

RETURNING FROM BUSINESS.—Our lady readers will perceive by advertisement this week, that the Misses Mitchell have decided to give up business in Goderich. They have marked down prices of all their goods very low, and are bound to clear their stock off in a month.

STEAM YACHT.—We noticed at the wharf, on Tuesday evening, the steam pleasure yacht, J. J. Morley, of Detroit, which arrived from Southampton. Mr. Morley has been up the shore duck shooting, but met with poor success. He left here on the following morning for St. Clair flats.

A BEAUTIFUL BOUQUET.—On Monday morning our sanctum was adorned by a exceedingly handsome bouquet, presented to us by Mr. Alex. Watson, florist, South St. The selection of flowers and plants did credit to Mr. Watson's taste, and the donation of the bouquet to the editor did credit to his heart.

The *Crosser* is the title of a new claimant to literary honors, published in the interests of temperance and prohibition, by Mr. Samuel Ranton of Stratford. In addition to special articles on temperance, the *Crosser* deals with other equally interesting subjects. We trust it may be prosperous in its mission.

W. H. T. A.—The semi-annual meeting of the West Huron Teacher's Association will be held in the High School, Goderich, on Friday and Saturday, October 8th and 9th, 1880, commencing each day at 9 o'clock a. m. An excellent programme has been prepared, and Mr. G. W. Ross, M. P., will take part in the proceedings. Further particulars will be given in a future issue.

ARRIVED.—The schooner William Wallace arrived on Tuesday from Kincardine with 20,000 bricks for the New Episcopal Church. Also the schooner Ontario from Blind River, with 100,000 feet of lumber for Williams & Murray. On Wednesday the schooner Admiral arrived from Sarnia with hoops for P. McEwen; also the schooner Caledonia, from Sarnia, light.

CLEARED.—The schooner Lilly Hamilton left for Chicago on Wednesday with about 500 tons of salt.

A large number of our business men availed themselves of the cheap trip to Toronto on Thursday.

PROPERTY BOUGHT.—Mr. Hutchison last week bought the house lately occupied by Mr. Wm. Seymour, on Cobourg street. The sum of \$2,000 was paid for the property.

THE HARBOR CUP.—The Goderich Rowing Club purpose closing the season by a competition for the Harbor Cup, some time before this month closes. Further particulars will be given before the event takes place.

Messrs McGillicuddy, late of the Brussels Post, have assumed control of the Goderich SIGNAL. They were the recipients of a complimentary banquet on leaving Brussels, a mark of esteem they well merited.—[Winton Echo.]

SELECTING JURORS.—The County Selectors—the Warden, C. Clerk, C. Treasurer, Sheriff and the Senior and Junior Judges—met at the office of the Clerk of the Peace, on Wednesday last and struck the list of grand and petit jurors for the current year.

THE SIGNAL ABROAD.—The Lucknow Caledonian Society last week ordered 200 copies of THE HURON SIGNAL containing a report of their annual games. These papers will be distributed in Canada, the United States and Scotland, and will advertise both the town and ourselves.

THE HURON SIGNAL.—The Messrs McGillicuddy recently purchased the HURON SIGNAL, and have made great improvements in its appearance. With its new dress and altered make-up it certainly is one of the handsomest weeklies in the country. The McGillicuddys are enterprising newspaper men and deserve to succeed.—[Hamilton Times.]

A SPRINT.—A sprint of 100 yards took place on Elgin street, between two of our local speedy ones—Messrs D. Macdonald and F. Robinson—on Monday last, at noon. The former gave his opponent five yards of a start, but, nevertheless, succeeded in winning the race, being apparently in better "fit" than his heavier antagonist. By request the official time is not given, but we understand from Captain Dancy that it was something out of the common.

REMEMY.—We are to be favored on Monday, Sept. 27th, with a visit from the famous violinist, Remenyi, accompanied by a company of stars. He is the greatest living violinist, and those of our townspeople who have heard him are rejoicing at the thought of hearing him again. The Toledo Blade says:—"He came, he saw, he conquered. He played, the audience listened with eagerness at first; then with agitation; then with the wildest enthusiasm. They leaned forward in their seats; they hung upon his every movement; breathless, spellbound. HERR REMENYI'S success was absolute and overwhelming."

HARNESS.—We notice that Mr. C. F. Straube is busily engaged in preparing some beautiful suits for Mr. Attrill's thoroughbred cattle, which he intends to exhibit at the Provincial exhibition at Hamilton next week. Mr. Straube informs us that he will not be able to exhibit any of his manufactures at our Fall Show, as he is engaged at present preparing to move to his new premises three doors east of his present stand, but he will place on the Show Ground for inspection the harness for which he received the first prize at the Provincial Exhibition and the Western Fair last fall, and which he will dispose of this fall by tickets.

SUPPORT YOUR LOCAL PAPER. Week after week we come across men who don't take a local paper—because it is so small; because they know all the news in town; because they have no time to read it; because they take some city weekly; or for some other equally satisfactory reason. Some of these very men, too, are the ones who asks favors of us—the insertion of a marriage notice, or a long obituary, or some other item of interest chiefly to themselves or to their immediate locality. Now, why should people support their local papers? Because it is their local paper, that writes their local history, that advocates their local interests, that promotes their local industries, that educates the people in the politics of the country. What interest have the city papers in the interior towns that a man should take one of them in preference to his home journal? There are no two ways about it. Every citizen in the country should feel it his duty to support at least, one of the local papers.—[Ex.]

PERSONAL.—Mr. Harry Armstrong, Montreal Telegraph Agent, is taking a run through several of the States. He will return in a week or ten days, and will take in some of the principal cities of the Union during the trip. Mr. J. R. Kirkup, of Stratford, is in charge of the office during his absence.

A POPULAR JUDGE.—Mr. A. McD. Allan, of Goderich, is in good demand as a judge at the fall exhibitions. During the week he has been acting as expert on fruit in the professional list at Toronto Fair, and on Thursday he was booked as judge of fruits at Seaford Show. He will be in charge of the agricultural department of the Provincial Exhibition at Hamilton, and will also judge the fruits.

PIC-NIC.—A very successful picnic was held by the pupils of S. S. No. 1, Goderich Township, under the direction of their teacher, Mr. Rich. Miller. The Goderich band, under the able leadership of Mr. Bel. Armstrong, attended throughout the afternoon on the grounds, a short distance from the school. After the gathering had disposed of the delicacies provided by the good ladies of the vicinity, and the various games customary on such occasions had a fine share of attention, the proceedings wound up with speeches by Mr. Inspector Miller, Rev. Mr. Francis and Rev. Dr. Williams.—[Conn.]

A HANDSOME HEADSTONE.—A grand piece of workmanship in the shape of a headstone, has recently been executed by Mr. W. D. Weeks, of this town. It is beautifully carved, having clusters of roses on either side, and adorned with a handsome basket of roses on the top. Two hands, holding three buds, made to represent one giving and the other receiving, with the inscription, "Given Back," just above, are neatly carved. Three names are cut on the stone, being the beloved ones of Mr. Samuel P. Halls, of Goderich. The manner in which the work is executed, reflects great credit on the skill of Mr. Weeks, and we think it cannot be surpassed in some of our large cities.—[Exeter Times.]

AN UNCOMMON RECORD.—Mr. Daniel Holmes, of Goderich, has been a passenger conductor on the railroad between Goderich and Buffalo ever since the line was built. He was on the Toronto line for a short time previous. He has never had an accident, although he has travelled 1,275,000 miles. He has never been out of Paris, nor east of Toronto. During his long public career he has never been off duty on account of sickness, and has only been from his post twice on pleasure—to Rochester in 1861, and to Chicago in 1870. He has had in his possession three snow shovels belonging to the G. T. Co. for thirteen years, and two lamps for twenty years. He was never treated by a passenger while on duty, and has only been twice inside a hotel in Goderich.

THE LATE FATHER SCHNEIDER.—On Wednesday, the 15th inst., a solemn Requiem High Mass was sung by the choir of St. Peter's, Rev. B. J. Waters officiating, and the Rev. Father O'Connor, of Wawanosh, in the Sanctuary, for the repose of the soul of the late Rev. P. J. Schneider, who died in his beloved France, on the 30th July, at the advanced age of 73 years. The Church was well filled; and all testified a most profound devotion to the obsequies, in remembrance of their beloved old pastor. Rev. Father Schneider was the first parish priest stationed in the County of Huron, Goderich being his place of residence, and nobly did he fulfil his duties, as a zealous priest, beloved by Protestants as well as Catholics, whole souled and generous, and not only did he minister to the soul, but being skilled in medicine, and a scientific botanist he rendered invaluable aid to the afflicted. The hardships and vicissitudes he had to encounter in the Huron Tract, are now without parallel. His knowledge, too, of the German and French languages, was an inestimable boon to many. His whole soul was filled with the grandeur of God's creation, and music was with him a grand passion. He possessed a magnificent voice, which age never impaired, and those who heard him celebrate the Holy Sacrifice of the Mass, will never forget it. His bearing was martial, with a frank, open countenance, and when time in its onward flight, silvered his brow, he looked like a patriarch of old. Full of humor and anecdote, his memory will never be forgotten. And may his soul in God's Glory rejoice. For ever before the Throne; And sing God's praise with his glorious voice, While his work on earth is done. Requiescant in pace. [Com. cow]

THE HURON SIGNAL, under the management of the Messrs. McGillicuddy Bros., appears in a new dress and the eight-page form. It looks well.—[Globe.]

HORSES SHIPPED.—Mr. A. M. Polley left yesterday evening for Michigan lumber woods with a car load of heavy horses. The animals averaged about 1,400 lbs. in weight. He will return in a few days.

IN TOWN.—Mr. Aitchey MacKidd, of the Canadian Bank of Commerce, Brantford, is in town visiting old, familiar scenes. He is looking well, and the air of the "Big Injin" city appears to agree with him.

GODERICH TO THE FRONT AGAIN.—We are pleased to learn that R. Hawley, Esq., of Goderich has taken the first prize this week at the Detroit Show, with his famous short-horn bull, "Beaconsfield," whose sire is 3rd Earl of Goodness, and grand sire the Great prize taker "British Baron," bred by Col. Townley.

AS OTHERS SEE US.

What an American Visitor observed about Goderich.

An esteemed lady correspondent sends us the following extracts from a letter received from an American friend who recently visited Goderich:

DEAR FRIEND.—You may expect me home shortly, my health is much improved, thanks to the pure air of Goderich. It is a dear little town, beautifully situated. If I could but transport it to the States and put a little more life into it. There is only one railroad; and I did not see a manufactory in the place. The interest of the town consists, I suppose, in the lake, which I think is beyond compare, and draws a considerable number of visitors from our side chiefly. I did not walk much in the town, for they have a dirty habit of allowing cows to roam at will—indeed they have a sort of "fetish worship" for that most unclean animal—you meet it everywhere, on the roads, on the side-walks, on the square, on the so-called park. It has unlimited liberty really it is a most comical frenzy. They allow it to desolate their beautiful gardens 5, 15 and 20 in a night. Well it passes comprehension. From high to low—rich and poor—magistrates, lawyers, council men are all imbued with the same mania. The cow is infallible—no compensation. This very unclean animal, is it not? and of course makes it very unpleasant walking. If I were going to remain here I would endeavor to put the nuisance down. I would promise them a moulted cow, life size, either brass or iron, and place it on its pedestal in the Square. I wonder if we would see them all, like Israel of old, worshipping their calf.

If I could but transport it to the States and put a little more life into it. There is only one railroad; and I did not see a manufactory in the place. The interest of the town consists, I suppose, in the lake, which I think is beyond compare, and draws a considerable number of visitors from our side chiefly. I did not walk much in the town, for they have a dirty habit of allowing cows to roam at will—indeed they have a sort of "fetish worship" for that most unclean animal—you meet it everywhere, on the roads, on the side-walks, on the square, on the so-called park. It has unlimited liberty really it is a most comical frenzy. They allow it to desolate their beautiful gardens 5, 15 and 20 in a night. Well it passes comprehension. From high to low—rich and poor—magistrates, lawyers, council men are all imbued with the same mania. The cow is infallible—no compensation. This very unclean animal, is it not? and of course makes it very unpleasant walking. If I were going to remain here I would endeavor to put the nuisance down. I would promise them a moulted cow, life size, either brass or iron, and place it on its pedestal in the Square. I wonder if we would see them all, like Israel of old, worshipping their calf.
