RESULT OF DERBY RECRUITING CAMPAIGN NEXT SATURDAY. LONDON, To-Day. In an appeal addressed to all men of military age in the United Kingdom, Lord Derby, director of recruiting, lies, neutrals and enemies alike, that her citizens who are ready to fight for ganization for service as comprehensive and intelligent as that of concripts. It relieved the army of what men'eligible for military service with heir degrees of eligibility, with equally definition of statistics of those engaged in indispensable civilian pursuits. It has separated them into classes as men of continental nations are grouped, so that the War Office statement which the Premier endorsmay call up class after class when ed as correct that married men are they are required. Informal but effithey are required. Informal but effi-cient local courts being evolved in men have been. If these young men which men consider themselves ex-empt from service or think they have been wrongly classified may appeal their pledges or introduce a bill into even to a court of appeal from the Parliament to compel young men to decision of these local tribunals. All the machinery of conscription has

hem. It will be for a drill sergeant All individuals have been given an opportunity to fill the cards. Voluneering is under two classes, these eady for immediate service and those to be placed in reserved groups and continue their occupations, subect all for service with their groups. The committee will have accurate information regarding the status of the great majority of men who fail to respond to the invitation and place themselves at the disposal of the ar my. There are 46 groups, 23 for single men including widowers without children dependent upon them, each year of age constituting separate groups, 23 similar groups for married men, the first group consisting of sin-gle men of age 18 years to 46, of says the recruiting campaign is coming to an end and by December 11 we shall know whether the men of the United Kingdom between the ages of that men of 18 years will not be call-19 and 40 are prepared to give the army the forces it requires. The appeal concludes by urging every eligible man to join the army and show the control of the army a his country he puts her interests be-fore his own, to show the world, Al-lies, neutrals and enemies alike, that there are hundreds of thousands of her citizens who are ready to fight for those whose employers her. The joint labor committee also can prove them indispensable; local issued an appeal to the free men of tribunals may pass upon any disputed Britain to justify the confidence in the voluntary system and enroll themselves at once in the great volunteer army, which stands have a substitute of the local government board by selection committees from the town councils. army, which stands between us and the loss of our rights and liberty. No ough councils, urban rural district figures concerning recruits thus far councils. The principal duty of these collisted under Lord Derby's plan are tribunals is the decision of claims of obtainable, but a member of the Re-cruiting Committee is quoted as sayground that they are indispensable in a trade or for personal business or far than had ever been anticipated. The only pressure put upon Britons thus far has been the pressure of public opinion. The remarkable scheme which Lord Derby is directing will place the country on a basis of organization for service as comprehen. ing the results pointed to undoubted ground that they are indispensable in miles an hour over the bleak heights ly the question of conscription have ently are hoping to break through the dropped the conflict till the result of whole line of Austrian defence here Lord Derby calls "the hand to mouth" be made known. There was uncermethod of recruiting by campaign posters, speech making and personal exhortation. It gives the Government definite knowledge of the numbers of men aligible for military service with statement made by the fallen have been found lying in heaps. The sufferings of the campaign have been intensified by the violence on unmarried men before any married of the bora, which have been more
