

Coughs

Mr. W. O. Kidder, R.R. No. 1, Noyan, Que., writes:—

"I think Dr. Chase's Syrup of Linseed and Turpentine is just wonderful for coughs and colds. Two bottles entirely relieved my cough after I had tried every other cough medicine I knew of. I feel sure it saved me from having pneumonia, and I cannot recommend it too highly."

AN UNDESIRABLE. NEW YORK, Jan. 29. Ignatius Tribosch Lincoln, International spy, who was taken into custody by Federal agents Friday, has been released under bonds, pending action by the immigration authorities. Lincoln's deportation was sought on the grounds that he was an undesirable alien and that he surreptitiously entered the States last November.

SUPPORT FOR SHIP CANAL. WASHINGTON, Jan. 29. Advocates of the St. Lawrence Ship Canal to the Great Lakes expressed satisfaction over the endorsement of that project by the National Agricultural Conference Saturday evening. They predicted this meant the support of a majority of both Houses of Congress.

HAIG CHANCELLOR OF ST. ANDREW'S. LONDON, Jan. 29. Field Marshal Haig has been elected Chancellor of St. Andrew's University of Scotland in succession to Lord Balfour of Burleigh.

HELPING THE FARMERS. WINNIPEG, Jan. 29. In an effort to protect the farmers who because of financial stringency are unable to meet interest payments on mortgages, the Manitoba Government has made formal representation to several companies handling large business in the Province with a view to preventing foreclosures. Individual cases were not dealt with, but it was pointed out that foreclosures at this time would not be in the best interests of all concerned. Co-operation between Government and Companies would be arranged, Cabinet Ministers said.

FIXING ITALIAN BANK'S AFFAIRS. ROME, Jan. 29. Immediate settlement of the affairs of the Banca Italia Di Sconto, says the Messaggero, will be made on the following basis: First, payment of seventy per cent of deposits, forty of which is to be paid in 1922 and thirty per cent in 1923; Second, investment of ten per cent of total deposits in shares to reconstruct the Bank's finance; Third, investment of five per cent of deposits in reserve; Fourth, subscription of 150 million lire by former directors to reorganize the

ON HIS LAST QUEST. MONTE VIDEO, Jan. 29. Ernest Shackleton, Antarctic explorer, died aboard the Quest off Broken Station, January 5, from pneumonia. The body arrived yesterday on a Norwegian steamer accompanied by Captain Peter Professor Gruvel will conduct the expedition. Ernest Shackleton set sail on the Quest a little over two years ago, on a little 200 ton ship, from which he set out on his last quest to reach the South Pole in 1906 and 1914. The second expedition he commanded got within 100 miles of the South Pole.

Rink Carnival.

CHILDREN'S PRETTY COSTUMES.

The Prince's Rink presented a very pretty appearance on Saturday afternoon when the first Children's Carnival for the season was held. The ice was a riot of colour, and a more pleasing spectacle than these gaily costumed children, would be difficult to imagine. Originality of design was not so much in evidence as in former years; but the well-known and gaudy costumes of pierrots and pierrettes, gypsies, pirates and sailors were everywhere to be seen. Nor was the "kid" forgotten for a small replica of the famous Jackie Coogan was among the masqueraders. At 4 p.m. the children were lined up at one end of the rink while Lady Crobie, who acted as judge, assisted by Mrs. T. B. Clift and Mrs. George Marshall, examined their costumes. The prizes were finally awarded as follows:—

Girls. (1st Prize)—Miss Marguerite Martin, whose costume represented "The Humber Proposition." 2nd Prize.—Miss Catherine Collins as "Princess Mary's Gift Fund." Boys. (1st Prize)—Master Paddy Hayne, "The Humber Proposition." 2nd Prize.—Master Howard F. Norman, "The Inter-Club Billiard Tournament."

This first carnival has been a great success and it is hoped that others will be held later on. During the evening a large number of spectators visited the rink.

Bank Fleet is Smaller.

Forty-One Vessels Prosecuted Bank Fishery in 1921, as Compared with Fifty in 1920--Catch Was Greater. Following are the returns of the Bank fishery for 1920 and 1921. In 1920 there were engaged in this branch of the Nfld. fisheries 50 vessels of an aggregate of 3,154 tons, manned by 793 men. They landed a total of 35,484 quintals of codfish, showing an average of 1,229 quintals per vessel and 120 quintals per man.

In 1921 the number of vessels declined to 41 of 2,574 tonnage aggregate and with crews of 697 men. The total catch in spite of the fleet being nine vessels short of the previous year, came up to 34,461 quintals. The average per vessel was 2,304 quintals and per man 135 quintals.

Preparations are now going on for the 1922 fishery, and we are informed that there is likely to be about the same number of vessels engaged as last year.—Trade Review.

Obituary.

WILLIAM POWER.

There passed peacefully away at his home in Regina on January 18th, a well known and respected resident in the person of William Power. Deceased, who was 72 years of age, was well known and liked by all who had the honor of his acquaintance as he was kind, generous and hospitable to all. He had been ailing for the past few years, so his death was not unexpected. He leaves to mourn him a sorrowful wife, three brothers and a large circle of friends and relatives to whom we extend sympathy. May he rest in peace.—Regina, Jan. 20th, 1922.

CASCARETS 10¢

For Constipated Bowels—Bilious Liver

The nicest cathartic-laxative to physic your bowels when you have Headache Biliousness Colds Indigestion Dizziness Sour Stomach is candy-like Cascarets. One or two

to-night will empty your bowels completely by morning and you will feel splendid. They work while you sleep. Cascarets never stir you up or give you a headache. Pills, Calomel, or Oil and they cost only ten cents a box. Children love Cascarets too.

Heed the Danger Signals!

If we are not "fit as a fiddle" in the morning; if we don't feel better than when we went to bed; if our breath is offensive and we have that bad taste in the mouth, Nature has set the danger signals for us and we cannot afford to neglect the warning she gives.

Probably eighty per cent. of all diseases originate in the digestive organs, so it is evident that if we have stomach trouble, however slight, we are foolish indeed if we do not take prompt steps to correct it.

Stomach trouble is almost always followed by a complication of diseases. One of the first being an overworked liver, with all the symptoms of biliousness, followed in turn by headaches, coated tongue, dizzy spells, pain in the back, palpitation of the heart and other distressing symptoms.

Sooner or later the kidneys will become involved and that is just why these danger signals should be heeded in time. A wise man puts out the fire before there is too much destruction. The same theory should apply to stomach trouble.

The American people have learned that Tanlac probably provides the surest, safest and quickest remedy for all such troubles, and millions upon millions have taken it with the most astonishing and gratifying results.

That is the reason for the phenomenal success of Tanlac and that is why it is proclaimed the world's Greatest Tonic.

Tanlac is sold by leading druggist everywhere.

BUSINESS AND MARRIAGE.

"Half the battle is, choosing the right place to work, getting at least near to the sort of thing we want to do. But a great many men seem to forget that even after they have found a good place to work, they are still not going to be entirely satisfied with everything connected with it. That is what all the men who have gone ahead have seemed able to remember. They have kept a sense of proportion about really minor things which didn't please them—especially those things which weren't in a position to correct—and have gone serenely on with the main business."

The above passage occurs in an article on business success by one of the biggest business successes in this country.

Applies to Marriage, Too. It seemed to me an excellent thought, not only in its application to business, but in its application to another institution as common and as important as business itself.

Have you guessed to what I refer? Yes, you are right. To marriage, of course.

I think nine out of ten people need to be reminded that, while half the battle is in choosing the right mate, even when they have chosen him or her, they are still not going to be entirely satisfied with everything connected with either the mate or the institution.

Great Expectations Cause Trouble. The thing that puts the greatest strain on marriage is the great expectations with which it is usually entered into.

At the Nickel.

A FEAST OF SONG AND PHOTO-PLAY.

For those who attend the Nickel tonight, a feast of song and pictures is in store. Miss Ruth Chase, Soprano who is already recognized as one of the greatest singers ever heard here will sing to-night "As thou' the Street" and "The Song of Songs". Both operatic numbers. Mr. George Dale, the renowned velvet-toned tenor will render "La Donna Mobile" and "You'll Come Back to Me".

Constance Talmadge as Mary Blake in the latest First National Attraction, "THE PERFECT WOMAN," written by John Emerson and Annie Loos, has for a starring vehicle one of the most humorous and entertaining stories ever written for this inimitable comedienne.

The development of the plot, in which Mary finds herself in the home of Jim Stanhope, the man she was determined to marry, and a thrilling little episode in which four Bolsheviks have a prominent part, combine to blend the humor with the most pleasing kind of suspense. This picture which will be shown at the Nickel Theatre, to-night indicates that the popular taste in motion picture comedy is constantly demanding something light and refreshing without burlesque or slapstick to win laughter and approval.

Address and Presentation.

Purse of Gold for Fellow Worker. On Saturday night Mr. W. F. Collins of Bowring Bros. Ltd., firm was the recipient of a purse of gold and an address, from the members of the various departments, and the chief engineers of the firm's fleet of steamers, as a mark of respect and esteem on the occasion of his serving his connection with the firm. The address was read and the purse presented by Mr. John Kelly. Mr. Collins was taken by surprise but made a very happy speech, thanking the donors for their gift and words of appreciation. He wished them all a prosperous future. Cheers were then given for Mr. Collins after which light refreshments were served.
