Values Extraordinary in White Quilts

Spotless Snow White Marcella Quilts, down to prices easy to pay. Quilts of exceptional goodness, ample in size, beautifully patterned and a range of prices to suit every purse. For instance;

\$2.28, **2.98**, **3.38**, **3.78**, 3.98, 4.38, 5.28, 5.98.

New interest heightened by the augmentation of immense New Stocks for

Of course clean-up and clearaway lines contribute many notable values, and for many of these there is still a long season of usefulness ahead. Conspicuous among the week's offerings are some rare and handsome White Quilts, Straw Rugs, Runners and other household needs. Associated with these will be seen new apparelling for Ladies', Misses' and Children, in fact the Showroom is gay with Autumn attire.

The Men's and Boys' Section is well to the fore, and the entire list one of the best we have ever

TIPS FOR THE AMATEUR CAR

Many a man feels a hankering

icrease the comfort of his home the work of his hands-with a bit of

Mostly, the drawback is a lack d

tools. But there is really no reason

why there should not be a good se

of carpenter's tools in every man's

When the price of a complete rig

out is considered, it is rather stagger

ing. But those tools can be purchase

singly, one just when there is the

money to spare, and, before long,

fine well-filled tool chest is the result

tools and get them in the order

Hammer, bradawl, screwdrives

gimlet, handsaw, chisel, oil stone

pincers, pliers, planes, square, spoke shave, brace and bits, compass, saws You can, of course, add to this list but these will enable you to make

quite useful articles in the way of

Once with good tools in your pose

session, you can think about what to

make. Now, anything worth making

is worth making well, so do, please,

use the right type of wood for the job

soft white-wood won't last any time

The following list of articles of furnic

ture, and the best woods for their

For table tops, drawing boards

and so on, use yellow pine; for table

legs, birch; for floors, windows, doors,

partitions, and so on, yellow deal; for

cabinet work, yellow pine (interior)4

American whitewood, satin walnut

mild mahogany (baywood), black wal-

Cutting blocks, bread platters, mangle rollers should be made from

sycamore; artistic furniture from

satin wood, mahogany, or oak; chairs,

handles, mallets, planes, from beech

and gates, posts, fencing and so on

If you are in need of some sort of

hardwood for a special job, you will

probably find some difficulty in buying

The best way is to go to some cab-

inet maker's workshop and enquire if

"Cuttings" are pieces left over after

parts of big articles of furniture have

been sawn out of boards. This is the

best way for the home carpenter to

buy timber. A reasonable price is ask-

ed for the "cuttings." Thus the

amateur is glad to buy-and the cab-

inet maker is always glad to sell odd

pieces which are too small for his own

THE DAY.

A little bit of laughter and a little bit

of song, A hand in friendship waving to the

Perhaps a little nearer to the goal so

long the mirth or woe, But unto each the sorrows and pleas-

A little care to try us, a little laught-

er gay, And what shall come to-morrow no

A little bit of friendship is all a man

shall reap, And wisely is that ordered—too much

would make it cheap; And whether mirth or sadness, or

skies be blue or gray, Perhaps the soul grows richer with

Sailors Dread Sugar.

Dynamite is not the worst cargo to

sailor; sugar is. Put hundreds of

tons of cane sugar is casks in the hold

of a vessel and let the ship steam

odor is sickening. The sailors cannot

through a spell of hot weather. The

get the sweet taste out of their

mouths and crave vinegar or lemon

juice-anything sour. They lose their

appetites and are always glad when a

voyage on which the cargo was sugar

is over. Coffee is as disagreeable as

sugar. in addition to being dangerous.

Cotton is a really dangerous cargo. If a little oil happens to touch raw cotton the resut may be spontaneous

combustion. A single bale of cotton saturated with such an oil as bolled

inseed and lying at the bottom of the

hold can be compared only to a slow

match attached to a bomb. Acids and other chemicas form dangerous carroes. Carbide of calcium, for example,

Acetylene gas is made from this

hemical and the gas is constanty, tiven off if the product is exposed to noist air.—Science and Invention.
